The Best on the Market

ST. REGIS LUMBAGO CURE

AN INDIAN REMEDY.

Guaranteed to Cure Lame Back or money refunded!

An excellent remedy for Rheumatism, Lame Back, Etc., Etc.

Read the following testimonial from a man you all know:

Forfar, Feb. 6, 1907

Mr. W. A. Singleton, Crosby, Ont.

Dear Sir, - Being laid up with lame back, I thought I would drop you a line to tell you that your St. Regis Lumbago Cure will do all you claim for it, as I have only used part of the bottle and I feel no returning symptoms of the disease.

I may say I have been troubled with lame back for the last ten years, and tried several other patent medicines but without result. I can heartily recommend it to any troubled with lame back, and I feel safe in saying that it's the cheapest medicine on the market.

Yours Truly,

JAMES McCUE

Kindly ask him to order same for you as any sized order will be filled promptly.

First order, right prepaid

Yours truly,

W. A. SINGLETON

The Canada Carriage Works

The Brockville Carriage Works is a great institution. It is holiday time there just now, and when the editor of the Reporter was piloted through the various departments on Saturday morning last, very few men were at work and these chiefly at making necessary repairs. The annual output of the works must be immense. We were privileged to view the exhibits being finished up for Toronto and Victoria exhibitions and the beauty of workmanship and perfection of detail were such as to delight the eye. There is no room for scamp work in that shop—every article is produced under the critical eye of a competent foreman, and the result must be satisfactory to the buyer. In our circuit we were permitted through the kindness of Mr. Ferris to inspect the power system, both steam and electric, and thoroughly enjoyed his lucid explanations. Mr. W. H. Storey has reason to be proud of the fine shops that have been erected since the first of the quality and quantity of the work that is being turned out under his superintendency, and most of all, of the loyal, contented feeling that prevails among the great number of workmen employed.

HYMENEAL

The home of Mr. and Mrs. Geo. White, near Lyndhurst was the scene of a very happy event on Monday, the 12th inst., when their daughter Ada was united in marriage with Mr. J. M. Somerville of Beamsville. The ceremony was performed by Rev. I. N. Beckstedt of Athens, assisted by Rev. Archibald Henderson of London, Ireland. The marriage took place at high noon in the presence of a numerous company of guests, and was followed by an abundant wedding feast.

The happy couple left Lyndhurst on the afternoon train for a trip comprising points of interest, after which they will settle in their new home in Beamsville.

Miss White, or as her friends must now call her, Mrs. Somerville, is well and favorably known in Leeds county. A graduate of Toronto Conservatory of Music, she is an accomplished musician, and was always willing to use her gifts in connection with the church or to give pleasure to her friends.

Mr. Somerville, who is principal of the Beamsville public school, was at one time a student of the Athens high school. His work in the teaching profession has been of a very high order, and his friends may expect to hear good reports of him in the future. In addition to his training for public school work, Mr. Somerville possesses a good business education, and for a year filled the position of teacher in the Walworth Business Institute of New York.

The many friends of Mr. and Mrs. Somerville unite in wishing them a long, happy and prosperous life together.

RAILWAY PROSPECTS

The Canadian Northern and G.T.R. are in a sense rivals for preferred position in respect to their proposed lines connecting Kingston and Ottawa. Mr. Kerry, the government engineer appointed to report on the routes, was in Merrierville a few days ago, and the Mirror in speaking of his visit says:—

It is not desired that the two railway systems parallel one another except at a distance apart and should the Northern secure an entrance into Smith's Falls the G.T.R. will probably be required to be built either northerly or southerly touching Lyndhurst, Frankville, Merrierville or North Gower. The object of the Government in separating the systems as far as possible is for the development of the country.

INDUSTRIAL ALCOHOL

It is claimed that denatured alcohol promises to be one of the most valuable aids to the housekeepers who are so situated that they can not avail themselves of gas or electricity, as the alcohol can be used not only as fuel and lighting, but as a motive power for performing much of the hard work of the house. The inventions called for in order to render its use available are rapidly developing, and much of what is now the veriest drudgery will be done away with. The deadly gasoline can, which works so disastrously in the hands of the careless, will be superseded by the safer fluid, and the alcohol should be hailed with rapture by the boy who must now spend his spare moments belaboring the wood pile. Several bulletins on the subject are issued by the United States Department of Agriculture. These inventions will do much toward solving the problems for the housekeeper, and of rendering the farm home attractive to the youth of both sexes.

Diminished Vitality

Some people talk very flippantly about diminished vitality.

They don't stop to think vitality is the principle of life—that it is that little understood something on which every function of their bodies depends.

Diminished vitality is early indicated by loss of appetite, strength and endurance, and Hood's Sarsaparilla is the greatest vitalizer.

On Wednesday, August 28, Messrs. Mathew and M. L. Dunham, Frankville, hold a great auction sale of real estate, saw mill, traction engine, threshing machine, cheese box machinery, horses, cattle, farm implements, household furniture, etc. Sale to commence at 12 noon. Frank Eaton, Auctioneer.

Official Board Meeting

At the last meeting of the Quarterly Board of the Athens Methodist church the pastor was granted a month's leave of absence.

In accepting the resignation of Mr. A. W. Blanchard, after 15 years as Recording Steward, the Board passed unanimously a vote of appreciation of his services.

Mr. Milton Mansell was appointed lay representative to the Financial district meeting and Mr. T. S. Kendrick elected Recording Steward.

Mr. R. M. Stafford of Lyn will preach in the Methodist Church, Athens, next Sunday, both morning and evening, and also at Lake Elvida in the afternoon.

Business For Sale

THE subscriber begs to inform the people of this section of country that he is, through failing health, obliged to retire from the carriage business and offers his shops and business for sale at a bargain. He has also a number of finished carriages that he will dispose of at lowest possible prices, including two handsome cushion tire jobs, open and top, thoroughly up to date. Come early and get your choice. Bellows, Avila, and tools in out prices.

Only a Mask

Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

FARM GATE SIGNS

Mr. A. A. Wright, M.P. favors farmers putting their names, the names of their farms (if any) and their addresses on signs to be displayed at the farm gates. To encourage this idea he offers four signs as prizes for bread at Rensford Fair.

The Annapolis Chronicle says: If reasons exist for sign boards in towns and cities—and who can say nay!—there is ample justification for their use in the rural districts, where they might fittingly be implemented with mile posts and concession numbers. Not only would they prove of service to the farmers themselves, for every husbandman on occasions takes drives on country roads with which he is not altogether familiar, but they would be very helpful to the stranger from town and city, who is hampered by frequent stops to ask directions and oftentimes feels that he is an annoyance to the ones interrogated, particularly when the questioning is done after nightfall. To the individual the purchasing of signboards and placing them in position can entail but a small outlay of expense and trouble; therefore no one should hesitate to give the idea a trial.

Millions for Cars

Montreal, July 24.—With the daily delivery of engines, passenger coaches and freight cars, the Grand Trunk Railway is rapidly approaching the day when the last of nearly \$7,000,000 worth of rolling stock will have been received by them during the present year. There were in all sixty passenger coaches ordered, costing about \$12,000 each, laid down in Montreal, which makes a total of \$720,000. Thirty of these have already been delivered.

There were 100 engines ordered, and of these sixty have been received. The average cost is \$15,000 each, or an aggregate of \$1,500,000.

The tremendous increase in freight traffic may be imagined by the delivery of 4,500 up to date cars. The order was for 5,200, and the average cost is \$850 each, so that the great sum of \$4,420,000 is being spent for freight cars alone. With the daily delivery of many of these the G.T.R. people are hoping to get well on the way to lift the present congestion.—Toronto News, July 24, 1907.
