

Leadbury.

Mr. Chas. Davis and Mr. Huron Hamish shipped from here on the 30th ult., for Manitoba, 112 sheep, 18 head of horses, and 10 sets of harness manufactured in Seaford by Mr. Ward. Mr. Davis went with the stock.

Killett.

Left.—Mr. W. T. Grieve has removed his family to Dakota, where he has taken up land. He says that Uncle Sam gave him 100 acres for taking the oath of allegiance. He takes a quantity of stock with him.

Dungannon.

DUNGANNON SHOW.—The Ashfield and Wawanosh Branch Agricultural Society have decided to hold their annual Fall Show on the 30th of Sept. and their bills are now issued. An attractive prize list is presented. Dungannon is a nice little village, surrounded by a fine farming country, and in the Show line has always been successful. We wish the Society increased success in this year's Show.

Kintail.

SUCCESSFUL.—Mr. D. D. Yule, who has been attending the St. Catharines Collegiate Institute, passed very creditably at the last examination for first class certificates at Toronto. Notwithstanding very keen competition he came out about first. It is gratifying that the County of Huron was so ably represented at this last examination for first class teachers.

Morris.

ANNIVERSARY SERVICES.—The officers of Ebenezer Sabbath School, con. 2, Morris, intend holding their anniversary services on Sunday and Monday, Sept. 19 and 20. Rev. J. Markham will preach in the morning, Rev. A. Knapp in the afternoon, and Rev. J. A. Bove in the evening. A tea party will be held on Monday, when speeches will be delivered by several gentlemen and others.

Stanley.

CHANGE OF DATE.—At a meeting of the Directors of the Stanley Branch Agricultural Show held on Tuesday, it was determined to change the days for the holding of the show on account of the Blyth Show being fixed for the same days as those selected for Bayfield. The show will now be held on Tuesday and Wednesday, the 11th and 12th of October, instead of on Thursday and Friday, the two days following. All interested should bear this change in mind.

Roderiville.

CHURCH MATTERS.—On Monday last a deputation from Huron Presbytery met the people of the Roderiville Presbyterian congregation in their church, to ascertain the opinion of the people upon a proposition to separate from the Exeter congregation. The meeting was very fairly attended, and after a full discussion of the matter, it was decided almost unanimously not to sever the existing union, only seven voting for separation. The deputation then proceeded to Exeter and met with the congregation there, and a similar decision was given. So the question of dividing these charges has been settled in the meantime at this rate.

Wroxeter.

Miss Mary Brock has left here to reside in London. A number of her friends in the Methodist Sunday School had a surprise last Monday evening and presented her with a beautiful gift from the teachers and scholars. Rev. D. Auld made the presentation speech in a neat manner. Miss Brock was one of the first scholars in the school and for a number of years a teacher, and latterly held the office of Treasurer. This lady has the well-wishes of old Sabbath schoolmates in her departure from home.

Mr. Watts of Gorrie, has purchased the cabinet factory from the village and is to take possession shortly. He will do a good business.

Tuckersmith.

THE BEST YET.—We have recently recorded the sale of several high priced horses. Mrs. Henry Chesney, of the 4th con, a few days ago sold to an American buyer a six year old heavy draught horse, sired by Lord Haddock, for the very large sum of \$250. This fine horse weighed about 1,600 pounds and was in every respect a model of his class. He was shipped from Seaford on Monday last. Tuckersmith is deservedly famed for its good stock and more especially horses, but this one about the best that has gone out of it.

Good Stock.—Mr. George Sprouat, of Tuckersmith, last week sold four yearling thoroughbred heifers for the sum of \$180, or an average of \$45 each. Grade heifers of this age would bring from \$12 to \$16 each. This shows pretty conclusively the advantages and profits of breeding good stock. It costs just about as much in labor and feed to raise the common runts as the good thoroughbreds, and the latter bring about three times the price of the former in the market.

Winham.

PIGEON SHOOTING.—A pigeon shooting tournament was held at Bluevale, on Tuesday. The following gentlemen entered: M. A. Johnston, Strathroy; Dr. Garner, Lucknow; and Messrs J. Evans, J. Dinsley, Martin and W. Rockey, of Winham. The first match resulted in a tie between Johnson and Evans in the shoot off, Evans won. The second match was won by Johnston. Evans, 2nd, and Martin, 3rd.

ELECTION OF A COUNCILLOR.—At the Council meeting on Monday evening, Mr. Lemmer's seat at the Board, as representative of No. 2 Ward was declared vacant, he having been absent from Council for three successive months. A new election was, according to law, ordered to be held. The nomination took place in the afternoon. Mr. George McKay being the only person nominated was declared elected by acclamation. [Times.]

Colborne.

A STRANGE VISITOR.—The latest sensation in the neighborhood between Sheppardton and the Point Farm is the appearance of a bear of considerable proportions. Bruin has been making said havoc with the oats in the vicinity, and a number of local Nimrods have stated out to curtail his depredations, if possible.

QUICK WORK.—210 bushels of oats were threshed on the farm of Mr. Clinton, Leeburn, inside of an hour, with a horse power one day lately.

Brussels.

OBITUARY.—A promising youth has been taken from our midst. Andrew Wilson has been cut off at the early age of 16 years and 5 months. He was a very intelligent lad, and had many fine qualities, which rendered him popular with all who knew him. His sudden death is a painful blow to his parents and relatives. He had just left for London to pursue his studies, when a sudden sickness prostrated him, and he succumbed on Saturday. His remains were brought home, and his funeral on Tuesday was attended by a large throng of sorrowing friends.

Clinton.

Apples are offered in town at 25 cents per bag.

The growing of sorghum, tried as an experiment by several in this neighborhood, appears to have been a success, judging by the standing crop. The season has fortunately been a favorable one for it.

LOSS BY FIRE.—A Manitoba correspondent sends us the information that a short time ago the house and effects of Mr. A. Cardin, (late of Seaford), were entirely consumed by fire. Mr. Cardin being severely burnt while trying to save some of the contents, and Mr. A. Cockerline (late of Lonsdale) also sustaining injuries therefrom, which rendered him unfit for work for some time.

Urbana.

ENGAGED.—Mr. R. Murray, of Roderiville, has been engaged as teacher in the preparatory form in connection with the Galt High School, at a salary of \$800.

PROPERTY SOLD.—Mr. David Miller, of the Thames Road, Urbana, has sold 50 acres of land, the south half of lot 23, 5th con., to Mr. Horney, for the sum of \$3,250. Mr. Miller has also rented his homestead, known as the Fanson Homestead, to Mr. Peter McDougal for \$350 per annum.

FIRE.—On Friday of last week, the barns of Mr. Wm. Dew, Urbana, caught fire and before the flames could be mastered, the structures, with their contents, the whole of this year's crop, were entirely destroyed. Mr. Dew's loss will be considerable. Insurance, \$1,800 on the barn and house. The house was saved. Cause of the fire unknown.

Sunshine.

A SERIOUS SCALDING AFFAIR.—One day last week as Sarah Jane Conery, who is employed at Mr. Francis Clegg's, near Sunshine, was in the act of removing a tin boiler full of boiling water from the stove, one of the handles gave way and the contents of the boiler came dashing upon the feet of the unfortunate girl scalding them from the knees to the soles of the feet in a most shocking manner. Miss Conery being all alone in the house, screamed in a loud voice, which caught the ear of Mrs. Mellons, a neighbor, who came in haste to her assistance, but only in time to behold the painful condition of the unfortunate one, who, but for her unparalleled presence of mind, would have fallen a victim to the boiling water. Miss Conery was immediately removed to her home, and, though unable to bend a toe or put a foot to the ground, and suffering the most intense pain, there are good hopes of her speedy recovery.

Brucefield.

PROPOSED RAILWAY.—The following letter appeared in last week's *Expositor*: Sir: In the last issue of the *Expositor*, I read some practical remarks in respect to a railway from Seaford to Brucefield. The idea is good but if it is not too late would it not be better for the interests of the people of Bayfield to go hand in hand with Brucefield and Seaford, and touch or tap the Grand Trunk there, and even extend it to Brussels and Wroxeter, and ultimately to some point on the Georgian Bay. Before many years large quantities of lumber will be wanted in this country, and in other counties contiguous, and it appears to me that is the most likely place to supply our wants. We could get coal at Bayfield, and lumber and shingles at Bay. I believe that the ratepayers of Stanley would give a larger bonus to a railway running almost through the centre of the township, than through hills and hollows the Clinton way. Tuckersmith would not doubt give a handsome bonus, especially those residing near the railroad, and we in Brucefield, although in former times a little too slack in railway matters, would in that case do our duty manfully. We ought to receive at least 150,000 bushels of wheat for export, exclusive of coarse grains. Without going into the details of the scheme, keep the ball moving. Yours truly, BRUCEFIELD.

Exeter.

CREDITABLE.—We have much pleasure in clipping the following from the *Irish Canadian* of Toronto, of the 27th ult. We have much pleasure in recording the success of Mr. P. McPhillips, son of Mr. P. McPhillips, of Exeter, at the recent examinations for call to the Bar at Osgoode Hall. The young gentleman succeeded in passing without an oral on the merits and demerits of the head of the list. Mr. McPhillips studied under the late Thomas Scatcherd, Q. C. M. P. P., and afterwards with W. R. Meredith, Q. C. M. P. P., leader of the Conservative party in the Local House, and completed his legal studies in the office of Messrs. Cameron & Appleton here. We understand it is probable he will accept a partnership with a prominent Toronto firm.

A BAD SELL.—A couple of weeks since, a party who was said to hail from St. Thomas, came here and represented that

he had made arrangements with cattle and horse buyers to establish fairs for the sale of these animals in the various villages throughout this section and that they would be on hand to purchase. He succeeded in getting a few of our business men, who are anxious to see a fair established, to contract with him for a small space each on a large poster, two hundred of which were to be put up in every direction extending five miles out, and some one or two thousand dodgers were also to be distributed. The day fixed for the show was Friday last, 3rd inst., but we failed to see either cattle or buyers. It is now commonly reported that he had no such arrangements made with buyers as he professed, that very few of the posters and bills found their way out of Exeter, and that the only one benefited was the originator of the scheme, who secured quite a nice little sum from those whose cards occupied a small space on the large posters.

President Hayes. The validity of Mr. Hayes' title may always be questioned, and his administration criticised, but the payment of one dollar gives a valid title to one bottle of Dr. Pierce's Golden Medical Discovery, and its administration can never be criticised in cases of coughs, colds, incipient consumption, and general debility, for leading physicians of all schools endorse the Discovery and prescribe it in their practice. Sold by druggists.

Be Ye Like Foolish. "For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago I saw a U. S. flag with Hop Bitters on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her, she is now as well and strong as any man's wife, and it cost me only two dollars. Be ye likewise foolish."—H. W., Detroit, Mich.

Cured of Drinking. "A young friend of mine was cured of an insatiable thirst for liquor, that had so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; made his nerves steady, and he has remained a sober and steady man for more than two years, and has no desire to return to his cups, and I know of a number of others that have been cured of drinking by it."—From a leading R. R. Official, Chicago, Illinois.

Believe Women. Cases of female weakness, delicate and enfeebled constitutions, and those suffering with Stomach, Liver and Kidney complaints, will find Electric Bitters a speedy and certain cure. The sick and prostrated should rejoice that such a reliable remedy is placed within their reach. Health and happiness will surely follow where Electric Bitters are used. For sale by F. Jordan, price only fifty cents.

DEATHS. ATKEEN.—In Godrich, on Monday morning, Sept. 15, Scott Atkeen, aged 20 years and 6 months.

WILSON.—In London, on the 11th instant, Andrew, sixth son of Mr. W. R. Wilson, Brucefield, aged 16 years and 6 months.

Pond's Extract

Subdues Inflammation, Controls all Hemorrhages, Acute and Chronic, Venous and Mucous.

The Wonder of Healing.

HEYWOOD SMITH, M. D., M. R. C. P., &c., &c., of the Hospital for Women in Soho Square, London, writing to "The Lancet" under August 22, 1879, says: "POND'S EXTRACT is a good preparation. I have used it for some time (ten to fifteen minutes) with marked benefit in cases of passive uterine hemorrhage."

POND'S EXTRACT.

THE VEGETABLE PAIN DESTROYER.

DR. ARTHUR GUINNESS, F. R. C. S., of England, says: "I have prescribed POND'S EXTRACT for Hemorrhages of different kinds, for Hemorrhoids, and for affections of the eyes, and also Rheumatic inflammation, swelling of the joints, with great success."

Also supported by the following able physicians:

POND'S EXTRACT.
