### A Big Temperance Rally.

Two monster temperance demonstrations were held here on Sunday, April 17th, at St. James' Methodist Church and the Monument National. Excellent addresses were delivered at both meetings. At St. James' Methodist Church His Grace Archbishop Bruchesi had forbidden Hon. Judge Lemieux and Dr. Dube to take part in the proceedings. Both had prepared good speeches but they followed the Archbishop's wish, and while it caused very little sensation here, still the Toronto papers, notably the Globe and the Orange Sentinel, made some severe comments on the action of Archbishop Bruchesi. The Sentinel had a very insulting editorial on it. On Wednesday evening, April 20th, a delegation of 200 members of the different temperance bodies, both Catholic and Protestant, including a representative of the Archbishop, parish priests, Franciscan Fathers, Protestant ministers, Judges, Aldermen, secretaries of temperance bodies, and special delegates, both men and women, left on one of the Richelieu steamers for Quebec with a petition containing 15,000 signatures. At Quebec they were joined by several others from the Ancient Capital, including Judges, Aldermen and clergymen. The delegation was well received by Premier Gouin and his Cabinet. Judge Lafontaine explained first who the delegation were and what they asked for. They represented the Anti-Alcoholic League, the Dominion Alliance and affiliated bodies, who were

united in the question of reform in the liquor law. The league had 15,000 signatures to support its request, and the approval of 80 municipalities of the province. Judge Lafontaine then gave in detail what was proposed in the way of reform. First of all came early closing, namely, the closing of restaurants from 10 p.m. to 7 a.m. on ordinary week-day nights, and on Saturdays at 6 p.m. The president of the Anti-Alcoholic League argued at length the need of amending the present law. Other provinces had instituted a reform, and why should Quebec be more liberal than Ontario and New Brunswick on that point? Replying to a question by Premier Gouin, Judge Lafontaine said they had the pledge of 19 out of 22 Aldermen of the Montreal Council in favour of the programme. The Premier asked about the delay in passing a by-law in Montreal on early closing, to which Judge Lafontaine replied that the project had been dropped temporarily on account of the election of a new council, but the majority, as he had stated, were for the proposed by-law. The present liquor law, it was true, gave to towns the right of passing legislation on early closing, but the difficulty was that the league had to fight every individual council, which would not be the case if there were a general law on the whole question.

Judge Lafontaine took up other reforms, including the abuse on the part of special clubs which sell liquor, as well as several other matters which are mentioned in detail in the request submitted by the delegation to the Premier. The leading feature of the petition was, however, the early closing movement.

Ald. Carter, president of the Dominion Alliance, addressed the Premier in English. Ald. Carter said Catholic and Protestant societies were united in the question of temperance reform.

When speaking on the feeling of the present council of Montreal of the need of a temperance law, Ald. Carter was asked by Premier Gouin why the council had not carried out its pledge and put into force an early closing by-law. Ald. Carter said it was their intention to do so, but that the delay could not be altered, in view of the amount of work to be done by the new council.

Rev. Canon Roy, of Montreal, representing Archbishop Bruchesi, also spoke. He said the temperance movement in Quebec needed the support of the Government and of the ministry to enact legislation. The Government might feel assured that the mass of the people were behind the movement.

The remarks of Canon Roy were brief but to the point, especially when he said that not one but any number of delegations could be sent to Quebec, if the Government desired it.

Secretary Roberts, of the Dominion Alliance, also spoke, in English, in support of the request of the delegation. He took up several clauses of the requisition, insisting on one in particular, that of the separation of the grocery from the liquor trade. Mr. Roberts closed by saying that as the Government had a \$500,000 surplus

they did not need the revenue from the liquor traffic.

Chief Justice Sir Francis Langelet, of Quebec, in a few words referred to the working of the Quebec by-law on early closing, but, better than a by-law, he said, would be a general law for the province.

Prominent members of the delegation were: Judge Lafontaine, president of the Anti-Alcoholic League; Ald. S. J. Carter, president of the Dominion Alliance; Rev. Canon Roy representing Archbishop Bruchesi, of Montreal; Dr. Dube, Hon. J. D. Roland, vice-president of the league; Secretary Roberts and E. J. Carson of the Dominion Alliance; ex-Ald. Gallery, president of St. Ann's Temperance Society; D. Shanahan, of the C. T. A.; Dr. Normand, of Three Rivers; Father Ladislav, Franciscan; Fr. Corbel, Fr. Nantel, as well as many other representatives of the clergy. Rev. Dr. Jackson and Rev. G. H. Cobbleddick, of the Protestant clergy of Quebec, were also present.

Mrs. Currie, one of the delegates of the W.C.T.U., said a few words in English. She was invited to take a seat, but she preferred to stand, whereupon the Premier and members of the Cabinet rose until the lady was seated.

Premier Gouin, said in reply, that if he could remedy the evil of intemperance by better legislation he was not afraid to risk his Government at the polls by so doing. Still he did not wish the question of temperance reform to be made a political one which goes to show that the liquor man is still the power behind the throne. The Premier also told the delegates that a petition containing such a large number of signatures could not be ignored, and that his Government would do all in its power to give a measure of better legislation. Your correspondent interviewed one of the delegates and he said that the reception accorded them at Quebec was all that could be desired, and that the Government would grant the necessary legislation.

Following the advice of Premier Gouin, the Montreal members of the delegation returned determined to have the Carter Early Closing by-law revived immediately. It is the intention of Ald. Carter to re-introduce the measure in the City Council on Monday. The Dominion Alliance will continue efforts for the present on having the by-law passed by the Council, and on behalf of the Archbishop Canon Roy has promised to give every assistance in his power.

### Worst Case Of Eczema

Cure only came when doctors gave up and DR. CHASE'S OINTMENT was used.

Mrs. Wm. Miller, St. Catharines, Ont., writes:—"My daughter Mary, when six months old, contracted eczema and for three years the disease baffled all treatment. Her case was one of the worst that had ever come under my notice, and she apparently suffered what no pen could ever describe. I had three different doctors attend her all to no purpose. Finally I decided to try Dr. Chase's Ointment and to my surprise she immediately began to improve and was completely cured of that long standing disease. That was four years ago when we lived at Cornwall, Ont., and as not a symptom has shown itself since, the cure must be permanent."

The record of cures which Dr. Chase's Ointment has to its credit have placed it alone as the standard cure for eczema and all forms of itching skin disease. Do not be satisfied with imitations or substitutes, 60 cents a box at all dealers or Edmanston, Bates & Co. Toronto.

concentrate efforts for the present on having the by-law passed by the Council, and on behalf of the Archbishop Canon Roy has promised to give every assistance in his power.

As for the success of the delegation itself Mr. J. H. Roberts, secretary of the Dominion Alliance, considers that it has done more good to the temperance cause than anything that ever happened in Quebec. It has instilled a spirit of unity and enthusiasm that will go a long distance towards bringing success to the movement.

All religious differences are sunk in the work for the common good. As an indication of this Mr. Roberts points out that in the course of the trip he was invited by several priests to visit their parishes and address their people on temperance.

Ald. S. J. Carter, as president of the Dominion Alliance, and the author of the Early Closing by-law, returns determined to push his by-law into effect at a nearly date if possible.

### A Fight Against Intemperance and Cigarettes.

The Catholic School Board have inaugurated a crusade against intemperance and cigarette smoking. His Grace Archbishop Bruchesi has appointed the Franciscan Fathers to preach the crusade. Rev. Father Ladislav, O. F. M., and Joachim, O. F. M., deliver the illustrated lectures in French, and Rev. Father Ethelbert, O. F. M., in English. The lectures are to be given to all the school children attending the Catholic schools in the city. Your correspondent attended the first lecture given at St. Joseph's Hall, on Monday afternoon, April 18th, by Rev. Father Ethelbert and was very instructive. The effects of liquor on the nervous system was beautifully illustrated and explained in every detail as well as the misery and unhappiness caused in the family by the drunken father. The drunkard's visits to the saloon, his death-bed and his grave were also portrayed. The evil effects of cigarette smoking on the young was ably dealt with by the learned lecturer, and the boys of the Belmont School and St. Joseph's were pledged to total abstinence until their 21st year, and also to abstain from cigarette smoking. The girls of St. Ann's Academy promised to pray for the success of the temperance movement in the city, and both boys and girls were asked to use their influence with their fathers in order to have them vote in favour of the reduction of saloons in the city. God prosper the work for the Metropolis of Canada needs to be purged from intemperance.

### Boxing at Grand Falls.

Editor Evening Telegram:

Dear Sir—Kindly allow me space in your paper to describe an exhibition of the many art of boxing as given by Mr. Michael Shallow, of this country, and Mr. Howard Power, of Berlin, New Hampshire, at Grand Falls, on April 26th. A bout was to come off in the Town Hall, on April 22nd, but owing to the interference of some of the authorities, it was clearly manifest that it would be an unwise policy to proceed with the match. In view of this it was decided to arrange a match for the purpose of showing some of the cinematograph pictures.

The sports of Grand Falls accompanied by the two English gentlemen who were to take the pictures, assembled by the river side where the bout was to be held. The stakes were driven in the ground and the cords attached which formed the ring. On the appearance of the two boxers a great applause was given them and the bout began. It was indeed a clean, manly exhibition. There was no ill-feeling existing between the opponents and they proved themselves to be quite equal to each other's punishment, for they were in excellent condition. During the third round Shallow's famous punch felled his rival who retaliated in the next.

The spectators were delighted with such a fine exhibition, and are anxiously waiting for the reproduction of the pictures from London, which are due here within a month or six weeks. Mike's fame as pugilist is well known to all; with his enormous strength and science he is still as good as he used to be. Power is a jolly chap and it is to be hoped that in the near future a friendly bout will take place between them.

The sports here are anxious that a wrestling match be arranged between Shallow and Mr. Mugridge the wrestler. If Mugridge is satisfied, Mike will wrestle him in St. John's at any future date. If he accepts it would be appropriate to announce same with terms in any one of the daily papers.

Thanking you for space, I am yours,  
NATIVE.

### GOT TO THE ROOT OF HIS TROUBLE

And Dodd's Kidney Pills Cured W. Wright's Backache.

He had suffered for several years but the old Reliable Kidney Remedy gave him quick relief.

Kelvington, Sask., May 2—(Special.)—"Yes, Dodd's Kidney Pills cured me of Backache, and I have recommended them to others who have also been cured." These are the words of William Wright, a farmer well known here. "I believe I inherited my trouble," Mr. Wright continues. "At times for several years it was very severe. I also suffered from Lumbago, and in the morning I had a bitter taste in my mouth and was troubled with dizziness and my skin was dry and harsh and there was a sediment in my urine. "No treatment I could find gave me any permanent relief till finally believing that my kidneys were the root of the trouble, I determined to try Dodd's Kidney Pills. Four boxes cured me."

Mr. Wright went at his troubles sensibly. He examined his symptoms, and they showed him that Kidney Disease was his trouble. Do as much for yourself, and if you symptoms point to disordered or diseased kidneys the cure is easy. Dodd's Kidney Pills will do it. They never fail.
