Parcels for Nfld.
Forces Overseas.

Parcels must not exceed 11 lbs. in weight.

Parcels addressed to members of the Newfoundland Forces Overseas should bear the name and address of a second addressee to whom the parcels may be delivered or forwarded if it should prove impossible to deliver the first. The original address should be written on the FRONT of the parcel where the postage stamps and Customs declaration are affixed, and the second or alternative address should be written on the BACK of the parcel.

This plan is being adopted at the suggestion of the British Post Office, which states that the present procedure of holding undeliverable parcels at the Dead Letter Office until instructions are received as to their disposal is resulting in the waste of a large quantity of perishable foodstuffs, which form the contents of 90 per cent. of parcels addressed to soldiers.

J. R. BENNETT,
Minister of Militia.

TORIC LENSES

ARE MORE BECOMING THAN FLAT LENSES.
The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.
