Does Not Meet American ApBefore He Took Taniac.

"Well, sir, you can believe it or not, but I have gained twenty pounds in the past six weeks," said R. D. Hales, Land Inspector, 312 Silver St., Sturgeon's Creek, Manitoba, in a conversation with a Taniac representative a few days ago.

"For years and years before I commenced taking Taniac I had been in bad health and hardly saw a day that was free from pain and suffering," continued Mr. Hales. "My stomach was all out of order and what I ate would sour and settle into a lump in my chest and burn like a ball of fire. I had lumbago of the worst sort and if I stooped over and tried to straighten up again, the pains Waterway Right to Black Sea proval.

FOR THE COMMON END.

LONDON, Feb. 26. decision not to oust Turkey Constantinople was reached by allied Supreme Council only after consideration of the difficulties the Turkish situation, Premier d George declared in the House mons to-day when the question the future of Turkey was brought or debate. The decision, said the er, was a balance of advantages disadvantages, and it was upon is balance and after weighing caret the Council concluded that on the ole the better course for achieving common end was to retain Turkey the capital on the Bosphorous. Rering to the agreement made early so far as Russia was concerned by mier informed the House. Without third. aid of India, Lloyd George pointed t, Turkey could not have been conered, and nothing could be more maging to British prestige in India not keep her word.

Land Inspector Gains 20 Pounds in a Short Time

Every Joint and Muscle Ached Before He Took Tanlac.

to straighten up again, the pains were so severe I just seemed to be wrenching every muscle in my back. I had rheumatism all through my arms, legs and feet and every joint swell so that I could hardly get my it was agony if I tried to bend my arms and legs. I was subject to awful headache spells, I lost weight and strength and, in fact, I was in misery all day long. I hardly knew what a night's rest was for I would lie wide awake for hours with every joint and muscle aching no matter what position I lay in.

"Several of my friends had recom-mended Tanlac to me so highly that I commenced taking it and I could just feel my troubles leaving me and the pains easing up. And now since I have taken four bottles of Tanlac my stomach is in fine condition and I can eat anything set before me without suffering the least bit afterwards. I haven't a trace of rheumatism in my body, my feet never swell, and my joints don't stiffen any more. The lumbago has disappeared entirely and I am so active that I feel as spry as a boy. The headaches have also left me and when I go to bed I sleep like a log till time to get up. My lost weight and strength have come to way than I have in many years. praise is due to Tanlac and as long as I live I can never say too much for such a remarkable medicine.

Tanlac is sold in St. John's by M. Connors, under the personal direction a special Tanlac representative; in Harbor Buffett, by Thomas Wakely & Sons; in Placentia, by James Mur-Son, and in Topsail by J. K. Bursell.-advt

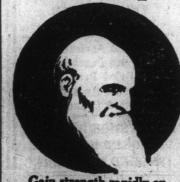

Works. The greatest danger in the St. Lawrence project, the report will say, lies in the possibility that large lake vessels might ply to Montreal, passing Buffalo, and thus diverting the commerce of the great lakes to a Canadian port. The report will declare that the State Barge Caral is adequate to the needs of the Commerce of several coming generations. It will add that no benefits may be derived from it, so long as public interest is diverted from it and public enthusiasm chilled by the injection of chimerical schemes designed wholly to discredit the system, to discourage its use, and having their inception with interests which have every reason to fear the effects of its successful operation. It will say further that the state of New York in the protection of its waterway investment of commerce of the port of New York must take t ous action, opposing any further movement in Congress that has for its purpose the appropriation of funds from the treasury of the United States for the development of an international waterway competitive with its canal system.

WILSON GETS SPEEDY REPLY.

LONDON, Feb. 26. The Allied Supreme Council to-night despatched to Washington its answer to the note of President Wilson on the Adriatic question, received yesterday. The reply was completed during today's session of the Council.
