Canadian Parliament Opened By Baron Byng of Vimy.

Brilliant Scene Witnessed -- War Debt Proposals of U.S. Accepted by Great Britain -- French Grip on Ruhr Tightening -- Irish Republicans Continue Depredations.

ACCEPTANCE U.S. PROPOSALS.

LONDON, Jan. 31. Financial writers in the papers find that opinion yesterday in favor of accepting the United States funding proposal with the belief that the States, having regard for the future, should make a clause allowing Great Britain full benefit of any changed conditions that may arise in the next ten years.

TERMS AGREED UPON.

LONDON, Jan. 31. Great Britain has decided to accept American offer regarding the funding of the British war debt to the United States. The terms are: Three per cent for ten years and three and a half per cent thereafter. No reduction was made regarding Great Britain being allowed to pay the interest on the ten year period.

ON RUHR IS TIGHTENING.

LONDON, Jan. 31. The Franco-Belgian grip on Ruhr tightening. The occupational authorities have seized the entire coal fields in the Ruhr Valley and shut off shipments of coal from Ruhr to

unoccupied Germany. A serious situation has arisen at the mines, only half of the normal output being brought to the surface, and supply trains for transportation are fast diminishing. Though the output is small coal is accumulating at the pits heads and the French administration admits that this may cause a suspension of operations within a few days. The German railroad men who went on strike are displaying a determined front. They refuse to work and traffic is being tied up. Essen has been shut off by reason of the severing of telegraph and telephone communications and the scarcity of food throughout the Ruhr region is becoming more acute. Herr Stinnes has discontinued German deliveries for devastated areas of France. Gull's marks for the amount of five hundred million, due on reparations account, have not been paid by Germany, therefore, unless Germany makes a satisfactory response to the latest notification of France and Belgium these powers have decided to use still more rigorous measures than have yet been in force.

FRENCH SEIZE CUSTOMS OFFICE.

DUESSELDORF, Jan. 31. The French to-day put into effect the threatened economic measure,

seizing all customs offices in the Ruhr Valley.

ISMET ASKS FOR DELAY.

LAUSANNE, Jan. 31. Ismet Pasha asked the Conference to-day for a delay of two weeks before signing the treaty and a delay of eight days before the next meeting of the commission, planning to employ the interval in striving to reach an agreement. Lord Curzon announced it was impossible to meet this request completely, but personally he would consent to stay at Lausanne until Sunday.

CANADIAN PARLIAMENT OPENS.

OTTAWA, Jan. 31. Baron Byng of Vimy, Governor General of Canada, opened the second session of Canada's fourteenth parliament. The hour was three this afternoon, and the scene was brilliant with uniforms of officers and the gala attire of women. Hundreds were disappointed when they found the gallery markedly inadequate to accommodate the relatives, friends and admirers of the members. The feature of the ceremony was the introduction of new members, and the tribute paid to the memory of the four members who died since last session: Hon. W. C. Kennedy, Minister of Railways, Hon. D. A. Stewart, D. A. LaFortune, of Jacques Cartier, and Dr. Edward Blackadder, of Halifax. The speech from the Throne expressed gratification that in the period of world wide depression Canada has made substantial progress towards recovery.

ONE CLOUD DISPELLED.

PARIS, Jan. 31. One of the clouds hanging over Europe was dispelled to-day when Czechoslovakia and Hungary accepted the procedure proposed by the Council of the League of Nations to settle the boundary dispute between them. The Council will investigate the situation and render a decision.

THE VATICAN AND MEDIATION.

ROME, Jan. 31. Queries from unofficial quarters as to whether the Vatican intends to mediate in the French-German situation, brings the answer that the Holy See has not yet been approached by either side asking such mediation, and that the Vatican makes it a rule not to interfere in such cases unless religious interests are involved or unless approached by the interested parties.

HORNE AND BALDWIN.

MONTREAL, Jan. 31. Sir Robert Horne, former British Chancellor of the Exchequer, here yesterday, cast grave doubts on the authenticity of the reports regarding the statements alleged to have been made by the Rt. Hon. Stanley Baldwin criticizing his political influence at Washington, in connection with his recent visit here regarding war debts. Horne met Baldwin at New York, when the latter was on his way home, and confidently he had expressed himself in opposite terms to those quoted. Sir Robert intimated he did not believe the newspaper reports.

ALMOST A REAL FIGHT.

GIBRALTAR, Jan. 31. Lloyd George, with his family, Lord Birkenhead and other notables, witnessed yesterday a bull fighting exhibition at Algeiras that threatened to end in a real fight for life when one of the bulls broke loose and charged a circle of onlookers who took refuge in automobiles until the animal had been made fast.

PLUNKETT'S HOUSE DESTROYED.

DUBLIN, Jan. 31. The residence of Sir Horace Plunkett at Fox Rock, was completely destroyed by fire this morning. Yesterday a band of armed men raided his home,

blowing up the front part before leaving. The destruction was completed this morning, and shortly after, the news of the fire was received here. It became known that the coastguard station at Balbriggan was destroyed by raiders using three land mines.

SPIRIT OF CONCILIATION.

LAUSANNE, Jan. 31. A spirit of conciliation shown on all sides to-day prevented a rupture of the Near Eastern Peace Conference, allowing formal presentation of the Allied Draft Treaty to the Turks. The mutual goodwill manifested by the Allied delegations detracted from any danger of a break in their front.

ARMY ASSIGNS.

MONTREAL, Jan. 31. Army's Dept. store was placed in voluntary assignment to-day, with liabilities approximating five hundred thousand dollars.

FRENCH TO SEND ULTIMATUM.

LONDON, Jan. 31. Apparently basing their statements upon General Degoutte's warning to Germany, some of the British correspondents at Dusseldorf assert that the French almost immediately will send to Berlin a notification equivalent in spirit, if not in form, to an ultimatum demanding reversal of the Wilhelmstrasse's policy regarding the Ruhr. Germany is to be told the Post's Dusseldorf correspondent says that France will not tolerate passive hostility supported and financed by the German government, and if a satisfactory reply is not given, drastic measures will be taken, exceeding any already in operation. Despatches to the Telegraph say this notification will

probably be forwarded Germany this evening. The correspondent adds that it is not known what form the threatened measures will take, but says they will likely involve further occupation of territory.

FREE STATE ARMY POST CAPTURED.

CAVAN, Ireland, Jan. 31. A Free State army post at Ballymoore, County Leitrim, was attacked early this morning by Republicans who captured the garrison of thirty men, and removed them in special trains toward Drumshanbo. They also seized the Post Office and Bank, and blocked all roads leading to the town.

MINERS ENTOMBED.

BERLIN, Jan. 31. Six hundred miners are reported entombed in the Zeisnitz Mine at Bentzen, Polish Silesia, consequent upon an explosion of fire damp.

Steel Production is Being Pushed.

Pittsburgh advises state that the Carnegie Steel plants at Braddock, Homestead and Duquesne are operating full. Edgar Thompson plant set a number of new production records in 1922 and other works of the Carnegie Steel are out for similar honors. Jones and Laughlin plants are on an operating basis of about 80 per cent, and Pittsburgh Steel has a normal schedule. Production is being pushed in all plants to reduce costs. Prospective railroad buying, with orders already booked, is expected to be in sufficient volume to assure various mills long runs. Operating schedules are likely to increase where plants are not already in full swing.

Pointed Pars.

More men die of idleness than of hard work.
When a poor girl marries a poor man, that's love.
It is cheaper to be married than to be engaged.
One of the hardest things in the world to do is nothing.
Optimism parts the clouds and the tangles and costs nothing.
One active virtue is worth ten absent vices.
If some men had to eat their words, they would soon be poisoned.
It makes a man sorry he moved when he reads in the papers the house agent's description of the house he had just left.
Many a woman thinks she can do nothing without a husband; and when she gets one, finds she can do nothing with him.

Dr. Coue Cannot Assist Cripples.

Mere Words Cannot Knit Bones, Dr. Lorenz Holds.

New York, Jan. 19.—There is no formula of poetic phrases, or hypnotic power that will make the infirmity of crutches patient throw away his crutches when one leg is several inches longer than the mate, said Dr. Adolph Lorenz, famous orthopedic surgeon, while holding his first clinic in this city since March 17, 1922, at the Public Health Department.

"Day by day in every way you're getting straighter" and "straighten!" repeated 10,000 times a day will only make the crooked bones more crooked in every way, because of the time wasted," said the picturesque physician with a twinkle in his eye. With all due respect to M. Coue, whom he recommends to those who are to-day walking on crutches from lassitude or to those whose cases are hopeless as

means of consolation. Coue-ing should have no place in the program of the vast majority of cripples who may be aided, if not entirely cured, by proper practice.

"Words won't cure cripples." "Words will not straighten twisted limbs," said Dr. Lorenz. "America, I regret to say, is the land of infirmity. Never in my country did I see such cases! America is the land of crutches! Some are incurable cases; to these I recommend M. Coue for consolation. Some walk on crutches because they are lazy, or their little toes ache. To such as these the Frenchman's formula is a good command, but to say that words, no matter how soothing they may be, can make any man with twisted bones throw away his crutches because he wants to is nonsense. "Crooked fingers, not crooked tongues, will help crooked bones, and it is this work we orthopedic surgeons must carry on."

Cub Cigarettes are appreciated, not only by the smoker but by those in his company.
