SIXTY HORSES ALREADY STABLED TRACK READY FOR START NEXT TUESDAY

Some Famous Horses Will Race Will Be Given Away; Complete List of Events for the Week

Thirty-six races are on the card for the day's racing, July 1 to 5, at the Calgary Industrial Exhibition. In arranging the program every care has been taken to see that all classes of horses are provided for, and the success of the arrangement will no doubt be amply demonstrated in the large fields that will fill the track.

There are already about sixty horses stabled at the track, and the number is coming in every day. When the meet closes at Lakeside Friday there will be a number of horses up to Calgary. In fact all the animals which are racing there will take part in the exhibition here.

Following are some of the horses who will come up from the south with the Calgary racing team: Joe McGuffee, Benj. McLean, George H. McLean, Jack McLean, High River, Marvin Childs, Spadina, and a large number of others.

Mrs. Jessie McKenna will bring down a number of horses from her place at Spadina, and will also have a number of horses shipped in from other points. The exhibition will be a very successful one.
