LIVE NEWS FROM SPRINGFIELD

Mrs. George Sitts spent Sunday with her parents in Woodstock. Miss Millie Henry spent the weekend in Toronto.

Miss Ruby Falkins spent the weekend at her home here.

Mrs. L. O. Purdy, and son, Charlie, were in St. Thomas on business on Friday.

Mrs. Theodore Cornwall is on the sick list.

The I. O. O. F. assembly in the hall on Friday evening was a huge success. The usual local talent were assisted by Messrs Christie and Benner, of Aylmer. The spacious hall was well filled and everybody enjoyed themselves to the limit.

Purdy's for bread and cakes, candies, etc. Goods always fresh and good.

Last Friday evening the Ladies' Aid of the Methodist church held their annual Chicken Pie Social. From the sound of the cackles everybody must have had their fill of chicken for once at least. A good program was given by local talent.

Mr. Fred Harris, of Little Ireland has a very narrow escape from instant death last Saturday morning. He was on his way to the milk plant with a load of milk for his brother. On nearing the crossing a freight was going on, he waited for it to pass, after which he started to cross the tracks. The M. C. R. is double tracked which makes it doubly dangerous. The mail was going west. Mr. Davis did not see it until he was directly in front of it, the result being a demolished wagon with milk cans and contents spilled in every direction and Mr. Davis was thrown a considerable distance. How he escaped with his life is a mystery. Congratulations are forthcoming.

Mr. W. J. Kilpatrick received word of the death of his son-in-law, Mr. Thompson which occurred on Sunday last. Mr. Thompson was an electric line man. No particulars are to be had at present. Mrs. Thompson and infant daughter were visiting her husband's parents in Oil Spring, preparing to join him in a few days. The shock threw the whole community in sympathy with her. Mrs. Thompson is well-known here.

Mr. John Howick has rented his house to the foreman of the milk plant.

Miss Grace Howick is home helping her father to store his furniture.

Mrs. Rev. Taylor, of Tellerville is visiting her father, Mr. John Howick.

Mrs. Brooks, of Aylmer, is visiting her daughter, Mrs. L. O. Purdy.

Christmas is only a few weeks off now. Better look after your Christmas goodies while our stock is fresh and full. L. O. Purdy, head-quarters

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON

P. O. Box 123, Parrsboro, N. S.
"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance."

I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that "Fruit-a-tives" would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards "Fruit-a-tives" I would be glad to tell them what "Fruit-a-tives" did for me."

JOHN E. GUILDERSON,
Contractor and Mason.
50c. a box, 6 for \$2.50, trial size 25c.
At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

for Christmas candies.

Mr. and Mrs. B. Moore are moving to London where Mr. Moore has a good position.

Mr. M. Connor is home from the West.

Mr. H. McKenney has moved to Aylmer.

Mr. S. P. Winters has moved in the property vacated by Mr. McKenney.

Some of the big game hunters have returned but the scarcity of venison is very much in evidence.

Mr. Murray, of Aylmer, while on his way to Ingersol on Sunday had the misfortune of breaking a rear wheel of his car. He returned to Aylmer instead.

Our stock of fancy chocolates is being filled. Better have us lay aside one for your best lady. Good choice now. Purdy's.

Mr. Albert Berdan made his initial bow to the big northern woods, or rather mountains in search of the elusive deer. Ask him how he made out.

Mr. Gordon Newell returned from his first trip to the high lands of Ontario in search of the timid deer. Gordon says his deer is coming. The milk plant laid off a number

of hands on Saturday last.

Several members of the Masonic order visited Belmont last Friday evening.

Ark Lodge 404 intend visiting Aylmer Lodge in the near future.

Springfield and surrounding country did themselves proud over the Victory Loan.

Mr. P. S. Newell, of Detroit, spent Sunday with his family.

Mr. Kenneth Moore returned home from Windsor.

M. C. R. dumped two car loads of cinders on the Hall crossing, which was badly needed.

The Palace Garage is a busy place these days.

What is the use of worrying your wife sick over baking a batch of bread when you can get a first class loaf from Purdy's any old time. His buns and cakes are the talk of the neighborhood. Try them.

Mr. Gillies, our popular furniture man has purchased a "Lizzie."

We have been quite slack lately on news from Springfield, but promise better things in future. Bring in your little local items and help us to make the Springfield column worth while. Every body will be satisfied.

Mr. Thos. Herrington moved his cement outfit to Springfield Monday. His season's work is done for this year.

Mr. Fred Muller has a new Reo truck. Fred means business.

The North Hall dramatic club will hold a concert in the hall on Thursday evening, December 20th. This North Hall club does not need any recommendation from us. They are all artists.

Purdy's for all kinds of Chocolates. Sole agents for Neilson's goods.

Mr. and Mrs. George Sitts spent Monday with Mr. and Mrs. Wm. McKenney, at Glenocolin.

Mr. George Lindsay intends to come to the village to reside in the near future.

Mr. Malcolm McVicar, M. P. P. was in the village one day last week. We expect things to move when Mac gets in harness.

See Bitt Parker, the crayon wizard at the town hall, Springfield on Thursday evening November 27th, under the auspices of the Women's Institute. Everybody come and have a good time.

No man in real life ever made love like a lover on the stage.

If a man can't make good at anything else he is apt to make good excuses.

Fortunately a woman's disposition doesn't depend upon the fit of her shoes.

From this date until the snow flies is the time to make this application of fertilizer. Good results have been obtained from the use of slag, acid phosphates and wood ashes, but almost any fertilizer will give results.

It is not a good practice, however, to apply material which is very rich in ammonia, since it leaches out of the ground in winter. The phosphoric acid, lime and potash, which are the main ingredients in the above mentioned varieties, will not leach out but will become the better incorporated with the soil during the winter months.—Halifax Chronicle.

PROTECTION

for your family during your earning period and provision for old age, can best be obtained by investing part of your income with the Monarch Life Assurance Co. Call and see our policies.

STOP that COUGH

Peps will end it. Dissolve Pepsin your mouth when the cough is troublesome, and the medicinal vapor that is liberated is breathed to the remotest parts of the air passages and lungs. It soothes and heals the inflamed membranes, thus ending the irritation and stopping the cough.

Peps are equally good for bronchitis, sore throat and laryngitis. All dealers, 50c. box, or Peps Co., Toronto.

PEPS

FERTILIZER ON PASTURES

Judging by the correspondence received at the Agricultural College quite a number of farmers will this fall apply fertilizer to at least a few acres of pasture land. The results from this practice at the College Farm have been so striking that the College authorities feel that the practice should be urged on many more farmers.

The story told by the experiments at Truro is briefly this: The total cost of gain in live weight, including interest on investment, fencing and all incidentals, was 5 cents per lb. on pasture, as compared with 15 cents per lb. in winter in the stable, with feeds at pre-war prices. The improvement in grazing capacity of pastures to which fertilizer was applied was equally striking.

From this date until the snow flies is the time to make this application of fertilizer. Good results have been obtained from the use of slag, acid phosphates and wood ashes, but almost any fertilizer will give results.

It is not a good practice, however, to apply material which is very rich in ammonia, since it leaches out of the ground in winter. The phosphoric acid, lime and potash, which are the main ingredients in the above mentioned varieties, will not leach out but will become the better incorporated with the soil during the winter months.—Halifax Chronicle.

This Washer Pays for Itself In One Year

The Time Saver Electric Washer saves enough money to pay for itself the first year. It saves the washer woman's wages; it saves laundry bills; it saves the clothes, for they last four times as long when washed in this machine. It saves doctor's bills, for it cuts out back-breaking drudgery.

Time Saver Electric Washer

Costs less to run than the washer woman eats. It operates for 2c. an hour, and is easier to run than a sewing machine.

It is moderate in price. We have a Time Saver ready to show you. Let us demonstrate it in your own home.
