THE TRIGGER.

THE TRIGGER.

LONDON'S BIG TOURNAMENT.

The first annual tournament of the Lonion Gun Club opened most auspiciously yesterday morning. Several bus-loads containing for the most part men who had arrived in the city on Saturday and Sunday were driven out to the grounds shortly after 9 o'clock, where they speedily got into shape for the first event. The greatest satisfaction was evinced by all at the liberality shown in the way of prizes offered, many affirming that they had never seen the programme excelled. The wisdom of the Executive Committee in barring the professional shooters was soon apparent, as where one was excluded a half adozen entered the lists in his place, many of whom would not have put in an appearance had the professional shots been admitted. Mr. John Parker, of Detroit, undertook to manage the first day's programme and got up a \$1 sweep for the purpose of warming the men up. Each man shot at ten birds from five traps. W. Edwards secured first money and Redpath and Watson divided second and third. The scores made were:

W. Hollingshead THE BING.

Dr. Quinlan, the head of the benevolent and protective Order of the Elks at Cincinnati, has suspended the prize fighter, John L. Sullivan, as a person who is unworthy to associate with gentlemen, and whose conduct has brought shame and discredit upon the order. Sullivan gained admission to the order at Newark, N. J., where he was received as an actor. Dr. Quinlan has forbidden any lodge to admit Sullivan.

SKATING.

SKATING.

Moses Rubenstein, brother of the figure-skating champion, in speaking of speed skaters, says of Irwin, the Canadian amateur: "On short tracks, from twelve to sixteen laps to the mile, he can fairly fly. He is the best of our amateurs in Canada." (Comparing him with other skaters, he says: "When Frank Dowd was an amateur (and he was then at his best! I do not think the man ever lived who could beat him on our rinks. He was a skater all through. He had heavy limbs and a very light body, the advantages of which you can easily apply in speed skating. He never was extended as an amateur, and it was only when he ceased to take proper care of himself that he met defeat as a professional. He had wonderful judgment, and never made a race hard for himself. I think Irwin ranks very near Dowd, and now that he has strength he is a very hard man for any one to beat."

CHESS.

There is a great likelihood of a special chess match of three games being arranged to be played in Toronto Letween Steinitz and Gunsberg, before the Hungarian's return to London. Both masters are willing to enter upon such an encounter, but as yet they have not been able to agree upon the terms.

Louis Bierbauer, the crack second baseman of the old Athletics, and who played with the Brooklyn Players' League team last season, has been signed by the Pittsburgh National League Club for 1891, receiving an ample slice of advance money.

If the old International League were reorganized this season it is doubtful if a club would be formed here. Baseball has always been a losing speculation here; the directors behind the club not only lost their money, but they were abused if the team did not stand at the top, and it would be hard to get any one interested in it.—[Hamilton Spectator.

President Young, on Friday, issued the first baseball contracts of the year. Philadelphia has signed Thompson, A. Myers, W. Gleason, C. Esper, T. W. Clements, John F. Shultz, W. T. Graham, H.
