This is a large field, and the development of it is only nicely commenced, and the pushing forward of operations would be very much helped if a receiving station were located on the second line. Ridgetown Standard: An employe of the L. E. and D. R. R., who occupies room 15 at the Lozar House, had a rather narrow escape from being killed on Monday night. The room is situated on the third story of the building and on the east side. There is about two feet space between the Lozar House and the Forter Block. The man, whose name is Brest, got up in his sleep and jumped.

The Foster plantation is five miles east of this city, on the Vicksburg, Shreveport and Pacific Railroad. Trouble has been brewing for some time between the negroes and the overseers. Foster, thinking he could succeed where the overseers had failed, started for the negro quarters yesterday. The negroes were gathered in a cabin, and he was some distance away when the shot which killed him was fired. was fired. was fired.

Col. Loys Endcavoring to Have Fish Protected to Sept. 1st.

Thanks to the energetic action of Col. F. B. Leys, M.P.P., of this city, there is every probability that the close season for bass in the waters of the Thames adjacent to London will this vear be extended until Sept. 1 next. Under the existing law the season for bass throughout Ontario opens on June 16.

Col. Leys first sent a letter to Hon. Mr. Latchford, suggesting that the close season for bass in the River Thames, between London and St. Marys and London and Woodstock, be extended to Sept. 1. In the absence of Mr. Latchford, his secretary laid the matter before Premier Ross, who at cnce expressed his hearty approval of the idea. He pointed out, however, that the matter was one which rested entirely with the Federal Government. When Col. Leys made clear the necessity for immediate action, the matter was at once referred to the proper authorities, and the government officials at Toronto express the belief that the Dominion Government will at once empower Commissioner Bastedo to enforce the close season to Sept. 1 in the waters named. The premier also suggested that the close district include

First Case of Sunstroke This Morning—Yesterday's Sham Fight —Permanent Force Officers Surprised.

The soldiers on the heights are not anxious for a continuance of this weather. Though the men who have them are permitted to wear blouse shirts and straw hats, comfort even under these conditions is a very uncertain quantity. During the drilling operations yesterday, the Gunga Dins of the regiments were the busiest men on the field, and the quantity of water consumed was alarming. them in the evening. The officers of the permanent force were rather disagreeably surprised last evening, when in a shooting contest in which they engaged with a team chosen from among the officers of the 26th, they were beaten by several points. The officers at the bar-racks are not accustomed to this sort of thing to be beaten in anything military by the officers of a rural corps; and correspondingly as they were chagrined, the the 26th men were elated. It was explained by one of the permanent corps that their team was in beastly form. Doubtless. Another match also took place last

Envoys Feel It Necessary to Terminate the Dispute Re Chinese Indemnity.

Pekin, June 13.-Indications point to a probable, definite settlement of the ing of ministers, which is expected to take place Saturday. The ministers feel it is absolutely necessary that a strong effort should be made to terminate the affair.

New York, June 13 .- A special to the Herald from Pekin says: At the meeting of the diplomatic corps held yesterday (Tuesday) a reduction of the claims, as proposed by America, was definitely rejected. Secretary Hay's proposal to submit

vouchers for the claim to the tribunal of the Hague was taken into consideration. If the ministers voice the views of their governments, there is hope for its acceptance. Russia made a concession by withdrawing her opposition, which has been most pronounced.

It is now apparent that the powers will group themselves together for the purpose of issuing bonds for the indemnity. The opposition of America to the proposed international guarantee has not been overcome.

# Heart Disease

Some Facts Regarding the Rapid Increase of Heart

Heart trouble, at least among the Americans, is certainly increasing, and while this may be largely due to

great nerves, the Sympathetic and Pneumogastric. In another way, also, the heart is affected by the form of poor digestion, which cause gas and fermentation from half digested food. There is

blood, making it thin and watery, which irritates and weakens the heart. The most sensible treatment heart trouble is to improve the digestion and to insure the prompt assimi-

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of trouble except cancer of the Stomach.
