New York, Nov. 14, - Communicacut off for many hours by Sunday's storm, was re-established soon after clock this morning by the Associated Press. This was accomplished through a telephone wire between Baltimore and Chicago. Morse telegraph instruments displaced the telephonic devices, and restricted service was at once begun. It developed that Washington had been in almost constant communication with the west during the night, and the new sent by the Associated Press from its New York office to Boston, thence by way of Portland, Me., and the Canadian Pacific telegraph lines, to Chicago and the west, was relaved back to ints east of Chicago, as far as Wash-

There was not one wire working on this route, and that extended only to Poughkeepsie. On the Erie line, over which many circuits to Chicago are operated, 100 poles were knocked down near Port Jervis, N. Y. No wires were left south of Baltimore nor between Philadelphia and Harrisburg. Much trouble also exists south of Washington, where the city several inches of snow fell. The storm began at 11 o'clock a.m., with a drizzling rain, which soon turned into heavy wet snow. Owing to th width of the storm's path, much delay to railway traffic is anticipated, as the telegraph largely controls the

PROHIBITION FOR LINCOLN

North Wentworth Libarats Nominate Mr. R. A. Thompson-The Opposition to Protest Sealey.

Brampton, Nov. 12.-The calling of a convention of the Liberals of Ontario s received with great satisfaction in the county of Peel. The old issues upon which the parties divided in the past have disappeared, and it is believed that the platform of the Liberal party in provincial affairs should be clearly defined. The Liberals of Peel have an unswerving loyalty to Hon. George W. Ross, who, they believe, should be intrusted with the management of the affairs of the Province for another parliamentary term. This county has been in the Liberal column for 32 years without a break, though the majorities have never been large, and sometimes below 100. It is felt that under the leadership of Hon. George W. Ross, with the party platform clearly defined, this constituency will once again be found declaring for Liberalism. A convention of the party has been summoned to meet in Brampton on Saturday, the 19th inst., to select a candidate for the ensuing election.
