

ROOSEVELT TO STUMP FOR SEN. BEVERIDGE

Ex-President Out for Leading
Man of Insurgent
Republicans.

Oyster Bay, N. Y., July 8.—Albert J. Beveridge, United States senator from Indiana, and one of the most prominent and consistent of the progressive Republicans, came down from Sagamore Hill this afternoon with a promise from Theodore Roosevelt to deliver a campaign speech in his fight for re-election to the Senate, Mr. Beveridge departed contented and smiling, but he left it for the colonel to make announcement of the proposed campaign speech in the senator's behalf. And this is what Mr. Roosevelt said: "Mr. Foulke and Mr. Swift came to Sagamore Hill last night, and spent the night here. They came to request me to go to Indiana and speak in behalf of Senator Beveridge. I promised them that I would."

He added that he had agreed to-day to make only one speech for the senator, and so far as is known he will make only one. The time and place for his speech have not been fixed.

Incident Most Important.
Those who have followed the political conferences at Oyster Bay since the return of Mr. Roosevelt share the belief that he has cautiously been feeling his way in his attitude toward the administration and the insurgents, but today's incidents are considered the most important yet developed.

Mr. Beveridge is making his fight for re-election as an insurgent. He is opposed by John W. Kern, who ran with Bryan in the last campaign. In his fight the senator is placing himself squarely against President Taft insofar as the tariff law figures. The law which the President has defended as the best tariff measure ever is denounced without equivocation by the senator, and the same Republican state convention which endorsed Mr. Beveridge for another term virtually repudiated the law.

In the Senate Mr. Beveridge fought the bill to the last and voted against it.

HORRORS OF EXPULSION
Jews Threatened With Ferocity by Russian Government.

Vienna, July 8.—The scintillating leaders of Vienna, it was learned today, have received advices from Russia declaring that the expulsion of Jews from cities without the pale is being pushed with terrible ferocity, the victims receiving brutal treatment at the hands of the Russian authorities.

The Russian Government, with a strict censorship, has succeeded in concealing the facts, the truth being obtainable only by courier and cipher letters. It is estimated here that fully 20,000 men, women and children have been torn from their homes and driven like cattle from the prescribed territory, most of them having been subjected to terrific hardships.

The full story of the horrors if this forced exodus may never be known, but Viennese Jews charge that the expulsion has been responsible, directly or indirectly for the death of fully 200 men, women and children.

The reports from Kiev are that nearly all the Jews resident there illegally have been forced out, but the expulsion continues at other places in a shocking manner.

The brutality of the authorities at Moscow has aroused the protest of many influential Christians, but the work has continued unabated.

The cities in the pale are crowded with refugees. One effect of the expulsion is already becoming apparent in spite of the lack of funds of those driven from their homes, many fleeing with only a handful of their belongings. The emigration to America is increasing, and it is expected that thousands, stirred by sympathy, will go from the pale to the United States, besides those who have suffered in the movement of the last few weeks.

**FORMOSAN NATIVES
ROUTED JAPANESE**

Victoria, B. C., July 8.—Severe fighting has taken place in Formosa. On June 15 a number of native bands combined and surrounded the Japanese troops who extricated themselves with a loss of 62 killed and wounded.

Three battalions of infantry and a battery of artillery were hurried to the scene from the Taipei, and the natives were dispersed with much loss.

The casualties on the Japanese side totalled 78 killed and wounded.

URNS DOWN OFFER.
Hamilton, July 7.—The police commissioners received a telegram from Chief Hind, of Oshawa, this afternoon stating that he had decided to accept the offer of \$1,200 made to him last night by the Oshawa council in preference to the deputy chiefship of the Hamilton force at a salary of \$1,600, and an assurance of the position of chief in a short time, if he made good.

**CHINESE ARE DYING
BY THOUSANDS**

Peking, July 8.—The Government today received official advices that thousands are starving in the Province of Shantung as a result of the scarcity of rice, and many food riots have taken place in these last few days.

Imperial troops will be sent to the scene. The rioting centres at Lanchow, 250 miles southeast of here, and is purely of Chinese character, there being no feeling against foreigners.

The Peruvian Indians are credited with having the greatest range of vision of all races, cases having been recorded of their distinguishing human beings 12 miles away.

**WESTERN UNION CUTS
BUCKET SHOP WIRES**

Refuses to Handle Business of Two Big Baltimore Houses.
[Associated Press.]
New York, July 8.—News came from Utica yesterday that the Western Union Telegraph Company had cut the wires running into two stock brokerage offices in that city, both branches of Baltimore concerns. Wires were cut in several other cities. This is regarded as an attempt by the Western

Union, which is at present under indictment as a company on 42 counts for alleged violations of the anti-trust law, to oversee carefully stock brokerage houses into which their wires lead, and to weed out any wires they are doubtful about.

A representative of the company was seen at the Western Union offices. He would not deny that there was a significance in the severing of the Utica wires, but refused to state what that significance was.

It is supposed that the movement embraces the whole country, but the Western Union officials, in view of the legal proceedings against them, refused to have a word to say about the matter.

WEYLER'S SYSTEM USED BY MADRIZ

Reconcentrado Edict Issued By
Nicaraguan President's
Aid.

Washington, July 8.—A repetition of the Weyler reconcentrado system in Cuba that caused widespread criticism just before the opening of the war with Spain has been inaugurated in Nicaragua by the Government authorities. Probably 5,000 people in the vicinity of the city of Granada are ordered to concentrate at Granada under an order issued by Sebastian Salinas, the political chief and commandant of the forces of the department of Granada, Nicaragua.

This order as translated was published in El Comercio, a Managua newspaper, and transmitted to the state department here as follows:

"Within 24 hours from the present moment all the inhabitants of the Mombacho Ridge shall assemble at Granada, without distinction of sex or age."

"Persons not complying with this regulation shall be treated as revolutionists and dealt with as such."

According to the view here this order would give the Granada military regime sufficient pretext to go up into the Mombacho Ridge, where a spontaneous revolution recently was put down, and shoot or kill anyone who refused to obey the concentration edict.

**CHANGE OF POLICY
DUE TO BRITAIN**

Is Blamed for the Secret Agreement Made Between Japan and Russia.

Washington, July 8.—Government experts on far eastern affairs are searching for proof of a secret agreement between Japan and Russia for the partition of Manchuria adverse to the United States. For months past these diplomatic sleuths have been convinced that some such understanding has been reached.

The railroad agreement just signed by both powers provides for the elimination of competition between the Russian and Japanese systems in Manchuria. It is suspected this is but a blind to deceive the other power.

Its reiteration of the intention of the two countries to preserve the status quo is regarded as no more than a tinkling phrase which has been used repeatedly to distract attention from the real underground working of the two foreign offices to secure a firm grip on China's richest province.

Complete Upheaval.
A complete upheaval in the far eastern diplomacy is looked for within the next few months. A realignment of the powers which will probably shake the British alliance with Japan is looked for. Whatever the Japanese diplomacy, the western world is practically convinced that the recent reconciliation of the two former enemies means a new phase of Oriental politics. The "open door" is shut and bolted in Manchuria, and the gospel of equal opportunity has become obsolete.

The negative policy of Great Britain is regarded as being the principal cause of the change.

The English foreign office has sided with Russia and Japan in recent negotiations as against the United States, Germany and France, with the result that British prestige in the Orient has steadily decreased to the advantage of Russia and Japan.

It is now expected that Great Britain will make an attempt to retrieve itself by opposing the Russian and Japanese schemes for the partition of Manchuria.

HOTEL SALE HELD UP
The Walper House Litigation at Osgoode Hall.

Toronto, July 8.—Mr. Justice Sutherland, at Osgoode Hall yesterday, enlarged for one week the case of the Kaiserhof Hotel Company against Joseph Zuber, Alfred A. Pipe, and Chas. B. Dunke.

An injunction, which prohibits the defendants from selling by public auction the hotel and other properties belonging to the Walper House block in Berlin, is continued in the meantime.

The sale was set for today, but cannot, of course, take place as advertised.

Included in the offering besides the hotel was an opera house and a number of stores.

Zuber holds a mortgage for \$38,950.26 on the property and the Confederation Life Association another for \$47,354.14.

The property is valued at \$80,000. H. B. Puering, the chairman of the board of license commissioners for the district, says in an affidavit that the hotel was only granted a license for three months from the 1st of May last, and that unless repairs, costing \$15,000 are made immediately, the license may not be renewed.
