Game With Strathroy Has Been Called Off, and Bowerman's Squad Will Take a Day's Rest - Windsor Waysides Here Saturday.

The first halt in the daily workouts of Bowerman's Beauties occurred this morning, the change in the climatical conditions being responsible. Since a week ago Tuesday the Tecumsehs have been working pretty hard, and the players are in pretty good shape at present. It is likely that the game with Abbie Johnson's "Stars" will be called off this afternoon, unless the sun comes out and warms things up a little. The rest will do the players a lot of good, and they will be all the more anxious to get to work on Friday, provided the weather

The players put in a good day's work yesterday, the afternoon practice being the longest that has been held yet. The first part of the afternoon was devoted to a five-inning game between the Regulars and Yannigans. This game was one of the most amusing that has been played in practice at the park this spring. Manager Bowerman led the Yannigans, while Earl Powell was captain of the Regulars, who consisted of Brant, Ru-

dolph, Nichols, Bierbauer and the rest of the fast ones. YANNIGANS WIN.

Manager Bowerman had a team of pitchers and catchers, Silcox playing short, Hynes at third, McWhirter in left, Furssedon in right, etc. The teams played for a box of cigars, and the Yannigans walloped the Regulars, much to the disgust of the latter. The score was 10 to 2, and the game provided a lot of fun for the fans who witnessed it. Manager Bowerman and his team kicked on every decision, and had the umpire so frightened that he did not know whether he would come out alive or not. The Yannigans scored al. their runs in one inning, just when the Regulars thought they had the game safe. After the game, batting and fielding practice was indulged in, and it was close to six o'clock before the players left the grounds.

Linderburn, the new third baseman, was out for the first time yesterday, and he look like a good one. He has not yet got his fielding eye, but the way he goes after the ball and the way he gets them down to first, demonstrate that he is a ball player, and the fans who witnessed his work around the third corner were favorably impressed with him. He is apparently lacking Willis, Devine, condition at present, but with another week's work should round into a valu-

of Detroit, stating that a change had been made in the date of the Detroit excursion. It is now planned to run this excursion on May 23. The change is the result of a fight between the different railroads as to who would get it, the M. C. R. and G. T. R. stating that they could not run a special on May 23, as it was holiday time. As the 23rd was more satisfactory to the Detroit crowd than the 22nd, it was decided to arrange with the C. P. R. for the No trouble was met with in getting a special train on this road on the 23rd, and the excursion will come to London via the C. P. R. on that date. Manager Bowerman is already looking around for a suit of kilts big enough for Sheriff Burns, and the parade which will be held before the game will be the funniest ever seen in London. Berlin will be the attraction, and the local management are expecting one of the biggest crowds in years.

indear will be the attraction at seh Park on Saturday. This team is a fast one, and a good game should result. The locals will present the line-up that will be used against Guelph in the opening game on Tuesday. Already big preparations are being made for the opener, and a big parade will be held. The Seventh Regiment Band will lead the procession and about fifty automobiles will take part.

Answer to "Perplexed"

Q .- With the bases full, the batter knocked an easy roller to the third baseman, who threw the ball to first base, putting the batter out. The first baseman threw home, but the man that occupied the third base, thinking the force had ceased, returned third base, as did al players occupying first and second bases. Had the force ceased or were the players in the wrong and under what rule and subdivision does the rule come under? "PERPLEXED."

A .- Section 11 of Rule 56, cov ers this play. As soon as the batsman hits the ball fairly he is a base runner, and in cases like the above there are prac-A3 tically four baserunners. soon as one of these baserunners is put out, the force ceases, and the other players can either return to the bases they held before the ball was hit or can advance a base, provided they are not put out in so doing. This play rarely occurs except in amateur games. A ball being hit to the third baseman when three men are on bases and only one out, should be thrown to the home plate and the player on third forced out at the plate, while there would be a chance to force one of the other players at one of the other bases, and thus effect a double play.
