Nerves and Blood Are Life
The lack of nerve force is found among men of all ages. This is true with men in all walks of life, from the day laborer to the mechanic or professional man. Merchant and clergy are alike sufferers—no man is exempt from the allment who has rebelled against nature's laws—so if you have the result of overwork, dissipation, sedentary habits or worry, and your vital overwork, dissipation, sedentary habits or worry, and your vital organs are disturbed, remember, delay in seeing the right doctor makes it more difficult to overcome the symptoms, and you might reach an incurable condition beyond relief if you delay too long.
