UNFOUNDED CRITICISM.

Under the heading "More Incompetency" the Campbellton Tribune endeavors to place the blame of the mix-up in the Addington and Campbellton Board of Health assessment upon the shoulders of Coun. H. J. Currie.

His statements are entirely at variance with the truth and had Mr. Crockett taken the trouble to look up the minutes of the last session of the Municipal Council a copy of which he has in his possession, he would have seen that exactly the same resolution covering the town of Campbellton's assessment for Poor, Pauper Lunatics and Board of Health was passed as in former years.

Unfortunately Coun. Currie is out of town this week, having left for Gaspe Wednesday noon. He no doubt will answer Mr. Crockett upon his return.

We can only say that Mr. Crockett is entirely wrong in this matter. As official reporter of the Municipal Council the editor of the Graphic has through the courtesy of one of the Councilors been invited to the sittings of the Assessment Committee and has closely followed its work. Last session the work was done in exactly the same way as in previous years. The amount to be assessed was fixed and the percentage of the different parishes worked out.

This year because of the payment in July of something over \$1000 in Board of Health accounts and over \$10,000 in January, a total of about \$12,000 for Board of Health alone, the contingent account out of which fund such accounts are paid, was very large, \$25,000 for the whole county.

When the Assessment was made the Secretary Treasurer was not able to give the exact amount of such Board of Health accounts to that the matter of deducting that portion which would fall upon the town of Campbellton was left, as in previous years to the said Secretary Treasurer.

The clause of the resolution gov-

erning this and duly passed is as follows:

"Provided that in respect to the Parish of Addington no part of the sum required for the expenses of the County Board of Health be assessed and levied on said Town of Campbellton or the ratepayers thereof being exempt from being assessed in respect of such amount under the provisions of Chapter, 113 of the Acts of the Legislative Assembly of the Province of New Brunswick, section (1) passed in 1912 and that the warrant to Assessors of the Parish of Addington be made according."

In making up the Warrant for assessment the Secretary Treasurer neglected to carry out this section of resolution and sent the Warrant out for the whole amount. Upon its arrival here Coun. Currie discovered the mistake and immediately took up the matter with the Secretary Treasurer, who sent a corrected Warrant to the Assessors. The question is now being asked has the Secretary Treasurer neglected to attend to this matter in other years since 1912 and was Coun. Currie the first to discover this. The matter will doubtless be taken up at the next session of the Municipal Council.

With regard to the parish of Addington, outside the town of Campbellton it was never intended that the amount exempt on Campbellton ratepayers for Board of Health should be levied on the ratepayers of Addington alone, as now these ratepayers have to pay more than their share. The amount so exempted should be charged to the whole county and paid per ratio by all the parishes. This matter will also be taken up at the next session of the Council.

A REFUSAL.

Some time ago a delegation composed of representatives from the Restigouche Municipal Council, the Campbellton Town Council, the Board of Trade and the Retail Merchants Association of Campbellton journeyed to Moncton to lay before Gen. Supt. L. S. Brown the need of better railway service in and out of Campbellton, but principally to impress upon the C. N. R. management the urgent need for the restoration of the Suburban between Campbellton and Bathurst.

The delegation, which was a most representative one, placed the matter squarely before the management, showing that by the present train service Campbellton was being discriminated against, to the serious loss of its citizens, and that a large portion of the travelling public between the points named were greatly inconvenienced by the withdrawal of this train. Notwithstanding all this, and the assurance of Gen. Supt. L. S. Brown that he would do what he could to have the matter remedied, word has been received that this train will not be reinstated before May 1st.

Is it possible that the General Superintendent of the C. N. R. is short of all power, that he must go to Toronto to get authority to reinstall a little suburban train. If so it would seem that it was time Mr. Brown resigned his post and go into railway work where he will be more than a mere figure head, a mail box as it were, through whom letters may be transmitted to those higher up.

The delegation should not rest content with this refusal but should go to those higher up and endeavor to learn who is responsible for this discrimination against Campbellton.

OUT OF TOWN.

I will be out of town from March 2nd to April 5th.

MT. ALLISON'S PART IN GREAT WAR

Over Five Hundred have Enlisted
Sixty Have Made Supreme Sacrifice.

Mount Allison's part in the War is being carefully studied by the Committee of the Alumni and Alumni Societies, which has in charge a campaign for a Memorial to the men and women of the Institution, who have given their lives in the service of the country.

Over 500 have enlisted, over 60 have died or been killed in action and over 200 have been wounded.

Thirty-five have been decorated for distinguished service and word has just been received that Lieut. J. D. McLean, of Campbellton, has been decorated with the Military Cross. Lieut. McLean graduated in 1914 with a fine record as a student and spent a year at the University as an instructor in Physics. He enlisted with the 64th Battalion, served with distinction with the 3rd Pioneer and finally with the 7th Battalion. Lieut. McLean is a son of Mr. John McLean, a well known lumberman of Campbellton.

Several of his Mount Allison friends have been killed and he himself has been seriously wounded, but all his Mount Allison friends are glad to know that he has come through safely and has been decorated for bravery.

The Memorial Library, which is in contemplation, will have tablets to the men who have died, will contain a permanent place for War relics and will contain a complete record of the War history of all who have served. It is estimated that approximately \$50,000 will be required to build the Library and to provide for its maintenance. The campaign will be carried on some time in April and it is confidently expected that old students and supporters of the Institution will unite in making the campaign a success. A landscape architect has been engaged to decide on the location of the building and careful plans for its design are being made by architects.

AVOID COUGHS AND COUGHERS!
SHILOH
30 DROPS STOP COUGHS
HALF DOLLAR FOR CHILDREN

\$250 Reward!

The above reward will be paid for information leading to the recovery of a Registered mail packet containing \$4200.00 lost or stolen from the mail car on train No. 4, wrecked in collision at Flatland's, N. B., early on the morning of January 17th, 1919.

The money was contained in a white cotton bag, 9 1/2 x 13 inches in size, similar to those used by the Government for mailing seed, it was fastened at the top with a lead seal and bearing a linen tag with the sender's name printed thereon, "La Banque Nationale."

Replies will be treated confidentially.

Montreal.

MANY SUBJECTS DEALT WITH

Campbellton Board of Trade Pressing for Improved Railway Service.

A meeting of the Campbellton Board of Trade was held in the Town Clerk's office Wednesday evening. President Murray in the chair.

Many important matters were dealt with.

The first matter to come up was that in reference to a boat for the Campbellton-Gaspe service.

Secretary H. R. Smith read a number of letters he had received in reference to the "Elaing" which has been refitted with ten staterooms and is now at Halifax.

Mr. Smith also reported that Mr. P. M. Shannon had phoned him about two steamers which might be available.

Mr. Shannon said he had had a conversation with a Gaspe captain who was deeply interested in this matter. One of these boats was a large one and could make a round trip between Campbellton and Quebec, making all the stops, every week. The other was a smaller boat.

On motion the matter of procuring a boat, and all matters pertaining thereto was left in the hands of the Council of the Board of Trade with power to act.

The matter of the establishment of a Labor Bureau at Campbellton by the government was taken up and after discussion the Board authorized the forwarding of a memorial to Premier Foster and the local representatives.

H. B. Anslow brought up the matter of an Amory for Campbellton. He explained that the returned men, members of the G. W. V. A. had started the matter by passing a strong resolution at a meeting and requested the Campbellton Board of Trade to assist in the undertaking.

Other members spoke in favor of the project and on motion of Mr. Anslow the Board of Trade passed a resolution a copy of which was to be forwarded to Hon. Mr. Carvell and P. Michael, M. P.

Mr. Chas. Goss reported for the delegation which had met Gen. Supt. L. S. Brown at Moncton recently. The members of that delegation Geo. G. McKenzie, D. A. Sewart were both out of town and His Worship Mayor Alexander was confined to his home through illness. Mayor Alexander had given him a written report. This report stated that Gen. Supt. Brown had not been able to have the suburban reinstated until the change of time table late in April. He thought the Board of Trade should not let the matter drop, but should go higher up.

On motion of Mr. Goss the President and Secretary were authorized to forward a strong resolution, to the Board of Railway Managers, the Minister of Railways, Hon. Mr. Carvell, and our representative.

President Murray said that there were many complaints because the station waiting rooms were closed Sunday and those who had gathered to welcome the returning Campbellton boys had to stand out in the cold.

The President was authorized to interview Dist. Supt. Fitzmaurice on the matter and see if on such occasions the rooms could not be opened.

H. B. Anslow said that the Board of Trade should immediately take steps to have the train service on the International improved. There should be a daily express on this line with a daily mail.

P. M. Shannon strongly advocated this and moved that the President and Secretary draft a resolution in favor of it and forward same to the proper authorities.

The meeting then adjourned.

HOCKEY

A hockey team composed of Chatham C. S. E. T. boys played with a team composed of Campbellton C. S. E. T. boys in the rink here last night and after the fastest game played this season on local ice the visitors were defeated 4 to 0. Both teams were evenly matched. After the game supper was served at the Florence Hotel and a very pleasant time was spent. The Campbellton boys hope

to play a return match with Chatham shortly.

A team made up of senior players left on the Limited to-day to play Newcastle to-night.

The weekly budget of food that cost \$7.78 in January, 1914, cost \$18.78 last January says the Labor Gazette. Sherman was right about war.

Once more the Labor Gazette announces that wholesale prices have fallen, while retail prices have increased. This is a matter that demands explanation.

CLOCKS TO GO BACK AGAIN THIS YEAR

Washington, March 4.—Failure of congress before final adjournment to-day to take any action on pending bills providing for repeal of the daylight saving act, made certain that the nation's clocks would be advanced an hour during the period between the last Sunday in March and the last Sunday in October.

Opposition of farming interests to the daylight saving act on the grounds that it was of no benefit to the people of rural communities, led to the in-

roduction of several bills providing for its repeal, but all of them failed.

ADLER-ILKA HELPS SON!

"My son had inflammation of bowels and was greatly bloated (with gas). After giving Adler-Ilka he is completely CURED. Doctors did no good." (Signed) M. Gerhardt, Ferdinand, Ind.

One dose Adler-Ilka relieves sour stomach, gas and constipation INSTANTLY. Removes ALL foul matter which poisons system. Often CURES constipation. Prevents appendicitis. We have sold Adler-Ilka many years. It is a mixture of buckhorn, cascara, glycerine and nine other simple drugs. A. Mcg. McDONALD, Druggist.
