And forth to the fight have gone.

ANew electric lamp called the "half-watt" is said to be double the power of the tungsten, and promises to revolutionize the use of electricity for lighting purposes.

A BERLIN weather sharp says that when one's stocking slips down it is a sign of rain. Wrong again. It is a sign that the material in the article that holds it up is punk.

It speaks well for Britain's rule when her sons in Canada, Australia, South Africa, New Zealand and every quarter of the globe are so nobly responding to the call of the motherland.

THE practice of throwing waste paper on the street should be discontinued. It not only makes the streets look untidy, which all good citizens should guard against, but is a fruitful source of frightening horses.

WE are ready to take orders for suits in our ladies' tailoring department.—SWIFTS.

THE man with a good article, who consistently advertises it in the newspapers cannot dodge prosperity if he tries. Newspaper advertising rightly used is the most profitable investment any business can make. Newspaper readers patronize advertisers because experience has taught them that it pays to trade with daylight men.

NEXT Wednesday is the last mid-week half-holiday.
It comes quite natural now to make a military salute.

EVERY day this week has been a holiday, judging by the number of people on the streets.

Was there ever such a delightful summer, warm unchanging days and invariably cool nights.

THE army worm has completely disappeared and is not likely to show up again for several years.

ALMOST any sensible woman would prefer being the wife of a lively and affectionate wage earner than the widow of a war hero.

OF the thirty-two men who volunteered here for the overseas contingent twenty-five are Englishmen and seven Canadians.

ONE swallow doesn't make a summer, but some of our young men should remember that too many swallows are certain to make a fall.

LADIES COATS, suits, dresses or skirts made to your special measure. Over 300 of the newest fall fabrics now ready for your inspection.—A. BROWN & CO.

War makes right-minded men unselfish, but it should not be made an opportunity for the unscrupulous to overcharge their fellow-citizens.

WE don't want to fight
But, by jingo, if we have to,
We've got the ships, we've got the men
And we've got the money too.

THE itinerant system of the Methodist ministry is mild as compared with the peregrinations of the generality of teachers. As birds of passage they have all feathered creatures beaten.

IN Forest the electric current is turned on every Wednesday morning from 8.30 to 11 o'clock, to enable housekeepers to do their ironing by electricity. There are already 70 homes being served.

A MAN remarked Sunday evening that he had heard of raising the roof of a building by enthusiasm, but that the belling of the windows in Trinity church by the lusty singing of the national anthem was a new experience.

THE first contingent of Canadian nurses to go to the front will number 136, though at the present time there is no certainty that any will be called on to go. Already nearly 300 have applied to the Director of the Medical Corps.

SOME of the war "extras" are a disgrace to Canadian journalism. The foolish and unfounded statements made in them convey absolutely erroneous impressions of what is going on. A press censor is badly needed in Canada just now.

SOME of our young ladies want to go to the war as nurses. Under the Militia Act only women who have had three years' training in a general hospital are eligible. Should there not be enough volunteers, nurses in training will be accepted.

LIBERTY COL. KELLY has been a busy man for the past few weeks, directing the affairs of the 27th Regt. The onerous duties connected with the position have been well looked after and it is largely through his exertion and deep interest in military matters that such a large contingent is being sent from here to the front.

AT the Armory on Tuesday morning the members of the overseas contingent were presented with prayer books or testaments by the A. Y. P. A. of Trinity Church. Prayer books were given to those who belonged to the church of England and testaments to those of other denominations. Lieut. Col. Kelly made the presentation.

THE pulpit of the Watford Presbyterian Church will be occupied next Sunday morning and evening by Rev. R. McKay, D. D., recently moderator of the Presbyterian church in Canada. Dr. McKay has not long since visited India, Corea, China and Japan, and his addresses will be full of incident, rich in experience he had while visiting the native churches in these countries. As Dr. McKay is one of the outstanding men of the church today certainly all who come will be rewarded.

NOT since the Old Boy's Reunion in 1907 has there been such a crowd on Watford's main street as there was on Sunday evening last when the whole town, and a large number from the country, assembled to honor our overseas contingent. After church service the band gave an excellent program of sacred and patriotic music, from the band stand, which was much enjoyed by all who heard it. The band went up a few notches in the favor of the public by their performance on Sunday night. Do it again, boys.

THE regular meeting of the Watford Women's Institute was held at the home of Mrs. Shrapnell on Wednesday afternoon, Aug. 12th, the president presiding. A social hour was spent and a dainty lunch was served by the hostess. Meeting closed by singing "God Save the King.—Sec.

As no doubt many of our readers already know, the Department of Militia has issued an order making Watford the headquarters of the 27th regiment. This should have been done last year when Mr. Kelly was gazetted Lieut. Colonel of the regiment, but on account of the headquarters having been at Sarnia for so many years the matter was not pressed. Watford is certainly the logical place for headquarters as our army is the best equipped one in the county; many of the principal officers of the regiment reside here, and probably more interest is taken in military matters here than elsewhere in the county.

MR. GLEN NICHOL, who has been on the staff of the Guide-Advocate for nearly two years, leaves with the 27th Regt. overseas on the 21st. While the Guide-Advocate is sorry to lose his valued services we are proud to have him offer himself for the King's service. He has promised, should time and circumstances permit, that he will send an occasional letter to the Guide-Advocate from the front, giving information as to the movements and welfare of the 27th unit, and especially about the Watford company. These letters will certainly be of great interest to our subscribers and to "Nick's" numerous friends throughout the county. May he have a safe return.

THE weather on Watford civic holiday, August 12th, was ideal, and the citizens enjoyed the day in various ways. The principal attraction was the Band Excursion to Detroit, and 257 tickets were sold at the Watford station for the excursion and a number took the train at Kingscourt and Wainstead. A number of these spent the day at the Sarnia and Port Huron beaches while the rest spent a most enjoyable sail on the City of Toledo to Detroit. The return trip up the river was made in good time the boat arriving in Sarnia about 9.30, and the excursionists landed home about 10.40, well pleased with the day's outing. Others of our townspeople went to the lakeside or picnicked in nearby pleasure spots, and those who remained at home discussed the war and attended to those numerous small matters that are always cropping up around the home and awaiting for attention.

MEMBERS of Court Lorne, C. O. F., to the number of fifty or over attended divine service in the Watford Methodist church on Sunday evening of last week, when the Rev. F. G. Robinson, the pastor, preached an excellent and exceedingly appropriate sermon to them from the text, James I. 27: "Pure religion and undefiled before God and the Father is this: to visit the fatherless and widows in their affliction, and to keep himself unspotted from the world." During the offertory the Rev. W. M. Connolly rendered a solo very acceptably, and the service closed with the National Anthem which was sung by the choir and congregation with a lustiness that would have struck terror into the hearts of Britain's foes if any had been present. On returning to the court room the brethren passed resolutions of thanks to Rev. Mr. Robinson for his inspiring discourse and to the choir for the excellent music rendered.
