Manufacturers and Dealers in
**Belting, Card Clothing, and
Mill Supplies.**

**The ARMSTRONG
Universal Ratchet**

Williams' Patent, Nov. 8, '98, & Sept. 29, 1900

Especially adapted for
Drilling holes in **CRAMPED PLACES**

Forged of Steel and working
parts hardened. 10 to
15% faster than the
common
ratchet

Two inches of
motion at end of handle
In any direction will drive the Drill
When the other Ratchets you have are
useless for lack of room to move the handle, get
an Armstrong Universal and it will do the job.

Catalogue mailed free on request.

To correctly Estimate the Value of a Journal

JUDGE it by the extent to
which its subscription list
represents the substantial element
of the profession or trade to
which it caters---does it reach the
man with the purchasing power.

Judged along these lines the
Canadian Engineer occupies a
unique position for reaching the
Engineers, Contractors, Pur-
chasing Agents, &c., &c.

RAILWAY ENGINEERING

By **CECIL B. SMITH, Ma. E.**

Treats chiefly of location, construction and maintenance, thus enabling the young engineer to take a more intelligent interest in and general understanding of the general principles on which railways are surveyed, constructed and operated. Care is taken to give only what is fairly well tried and established. It gives each part its due importance, the combination of the whole subject technically considered as a ground work for future study.

A 200 Page Treatise, Fully Illustrated.

The Price is \$1.50.

ALL ORDERS FOR COPIES SHOULD BE ADDRESSED TO
