

Parker Keith Moore.

On Thursday morning, March 31st, a bright and noble spirit returned to its Maker, and Keith Moore was no more.

Mr. Moore's character was one of the purest we had ever known and he is sure to leave an influence for good upon the many with whom he came in contact.

Mr. Moore was born in Hamilton in 1879 after attending the schools in the city he commenced work in the employ of a well known manufacturing firm here, which position he held until about a year or two ago, when he secured a position as salesman with the Hamilton Hardware Co.

In December last he severed his connection with this firm to take a situation in Buffalo, which position he held until the untimely end came.

Deceased began collecting stamps when a mere lad and has always manifested great interest in the "wee bits." In September, 1897, he became a partner in the Star Stamp Co., assuming the position of Sec'y-Treas. and afterwards becoming man-

ager of the American branch.

Deceased was one of the Charter members of the Hamilton Stamp Club and was also a member of the D. P. A. and by his death both organizations lost a valued member and a true friend.

The funeral was held on Sunday April 3rd. and was well attended by his many sorrowing friends who took this last opportunity of paying respect to one who was highly honored and loved by all who knew him.
