MISCELLANEOUS.

The Government of Greece, says one of our exchanges, has granted to the American School of Classical Studies at Athens the exclusive right of excavating for ancient remains at Corinth. The concession is a most important one.

Catarh can be successfully treated only by purifying the blood, and the one true blood purifier is Hood's Sarsaparilla.

Until recently no Christian evangelists had been invited to give moral instruction to prisoners, except in Hokkaido (island ofezo). But the record has been broken, and a Christian now has free access to the incarcerated at Sumoto, in the city of Kobe, Japan.

There are some hearts which the fatherland finds ever warm in spite of years, and the most generous hopes, the most virile thoughts, come from those who do not grow old. To remain young, one must forget one's self, and think only of his country.—Casimir-Perier.

The Anti-Saloon League of Ohio has succeeded in closing 439 saloons; allowing a frontage of 25 feet each, this is two miles of dram-shops. They have been at work only about two years; last year they raised and disbursed \$24,000, and now have eighteen salaried workers in the field.

Leander Jameson, known familiarly as "Dr. Jim," who brought about the recent crisis in the Transvaal, is a Scottish doctor. He roomed with Sir Cecil Rhodes while he was a practitioner at Kimberly, and it is said that Mr. Rhodes owes the preservation of his life to Dr. Jameson's care and nursing through a dangerous illness.

Mr. Robert Speir, of the Board of Foreign Missions of the Presbyterian Church, U.S., insists that the very heart of the Monroe Doctrine is that the Christian people of the United States must give a pure Christianity to all the people of the American continents. The churches have now an open door to these small and weaker countries.

The Iowa House of Representatives has passed an anti-cigarette bill. It is in all essential features the same as the Senate bill prohibiting the manufacture and sale of cigarettes in the State. The House has also passed a bill imposing a fine of not exceeding \$500 or imprisonment of not exceeding six months in prison, or both, on keepers of resorts where opium or any of its preparations are smoked or put to other use.

The Christian Crusade is the name suggested for the evangelical movement to be led by Mr. and Mrs. Ballington Booth. It is understood that one reason for their withdrawal from the Salvation Army was the emphatic expression of their conviction that funds contributed in the United States for Salvation Army work were needed here, and should not be sent abroad. Their new work, which is to be among the artisan class, will not conflict with that of the Salvation Army.

Dr. Jameson, whose raid into the Transvaal is now before the English Courts, cured King Lobengula of an illness, in return for which the king granted him some favors which ultimately resulted in his receiving the post of Administrator of Mashonaland in 1891. He had averted one conflict with the Boers, and prosecuted later the war with the Matabele in Mashonaland with such ability as to excite the admiration of military circles. It is said that Dr. Jameson at one time saved the life of President Kruger.

RHEUMATISM RUNS RIOT When there is lactic acid in the blood. Liniments and lotions will be of no permanent benefit. A cure can be accomplished only by neutralizing this acid and for this purpose Hood's Sarsaparilla is the best medicine because Hood's Sarsaparilla is the only true blood purifier prominently in the public eye. Hood's Pills act easily, yet promptly and effectively, on the liver and bowels. 25c.
