

## Artificial Legs and Arms for Practical Purposes.

A. A. MARKS,

DEAR SIR,—I received the pair of artificial legs made for me in due time; they fitted perfectly and I have worn them constantly from the start. I work in the store from 6 o'clock in the morning until 10 at night. The limbs are lighter than I expected and appear to be very strong.

DEAR SIR,—My right leg was amputated four inches above the knee. In 1886 I purchased an artificial leg of you. I am compelled to say after ten years of constant use I am convinced that I made no mistake in taking your patent. My occupation is farming; I often saw wood all day; I have picked one hundred pounds of cotton in a day, which was about as much as I was able to pick before I lost my leg.

DEAR SIR,—I have worn one of your rubber feet for over 15 years with entire satisfaction. I am a truckman and have to lift several hundredweight at a time.

DEAR SIR,—I sell morning papers on the railroad trains, frequently getting on and off a train when in motion. Very few of my friends know that I lost one of my feet.
