The Patent Eye Cups are a scientific and philosophical discovery, and as Mayor Ellis, of Dayton, Ohio, writes, they are the greatest invention of the

Certificates of cures performed by the application of Dr. J. Ball & Co.'s Patent Ivory and Lignum Vitre Eye Cups :--

DR. J. These had tried every known and named the species of treatment without the slightest benefit, but on the contrary detrimental, and great

My mother, an old lady of sixty-four years, is an enthusiastic advocate of the Cups. Three months enthusiasue autocate of the Caps. Three months since she could not read a letter, or letters as large sher thumb, as she sometime expresses herself. 25 Her mains, as that her eyes were unusually old, and worn beyond her age to such an extent that she could not read the heading of the New York Tribune, without her glasses. You may judge, therefore the effect of the Cups, when I inform you that she can effect of the Cups, which I morm you that she can now read every portion of the Tribune, even the small diamond type, without her glasses. She now habitually reads her Testament, ordinary print, without her glasses. You can imagine her pleasure.

The business is beinning to assume something like form and shape. I have inquiries from all directions, and often great distances, in regard to the nature of the Cups. Wherever I go with them, they create intense excitement. But a few words are necessary to enlist an attentive audience anywhere the people can be found. I was at our fair last me people 27th inst., and I can safely say that I myself, or rather the Eye Cups, were no mean portion of the attactions of the occasion. I sold and effected future sales liberally. They will make money, and make it fast, too. No small catch-penny affair, but a superb, No. 1, tip-top business, that promises, so far as I can see, to be life-long.

I am, very truly yours,

HORACE B. DURANT, M.D.

FENTON, MICH., July 17, 1871.

Dr. J. BALL & Co .- Gentlemen :- It is with pleasure that I am able to inform you of my success with the Patent Eye Cups. I have been slow in my operations, but work on a sure plan. People are afraid of been humbugged, but I have convinced them of wality. The Patent Eye Cups are a perfect success. They have restored my son's Eye Sight who was Wind in his right Eye since he was a lad, the obtic nerve was injured; after applying your Patent a few times he can read with that eye unassisted. He can shoot as many birds from the cherry tree, with his light eye that was blind, as any other person.

I have applied the Patent Eye Cups, with Myopic attachments, to two persons eyes who are Near Sighted; their sight is improving at an astonishing

After wearing glasses for 19 years, for reading and uriting, I can now see to read any print in your pamphlet without my spectacles. I can, therefore, recommend the Patent Eye Cups. Very respectfully yours,

CHECRESTER, Sussex Co., England, Dec. 15, 1871. DR. J. BALL & Co .- Gentlemen, -On the reception of the Patent Ivory Eye Cups, on the first application, I found benefit, and now, I am happy to say unhesitatingly, from my own practical experience, that in my opinion the result produced through using your Patent Ivory Eye Cups is one of the greatest boons that ever God bestowed or man received (Spiritual Eye Sight excepted).

Over 12 years I have worn specks, and to my own wonderment, I can read Newspaper print, and I am witing this letter without my spectacles.

I cease to wonder at once why people are so an-sions for them, now I have tried them myself, and proved them with an ocular demonstration. They me simple in construction, and could not possibly, Ithink, be more suitably adapted for the Eyes, besides being Harmless, Puinless and Pleasant, I speak with all due deference of the Faculty, but at the same time, I cannot divest myself of the fact that the present treatment, in the cases of Myopia, or Near Sightedness, Dimness of Vision, Cataract, Partial or lotal Blindness, is a failure in nineteen cases out of very twenty when they resort to the knife, and am sorry to say I know cases that have ended in total lindness, which cannot possibly occur in using the Patent Ivory Eye Cups.

And now in conclusion, I beg to return you my incere thanks for the inexpressible benefit received y using your Patent Ivory Eye Cups. Yours faithfully, REV. J. FLETCHER.

Canboro, C. W., June 13th, 1871. DR. J. BALL & Co.—Gentlemen :- It has been a long line since I wrote to you. I have waited to see what effect the Patent Eye Cups that you sent me last January would have upon my eyes. I can truly may the effect produced upon my eyes is truly astonishing. lefore using the Eye Cups, a printed sheet was like a dirty blank paper to my naked eyes, but now I can ee to read without glasses any print with apparent ase. The glasses I was compelled to use before I applied the Eye Cups were of the greatest magnify-My power to enable me to read or write, but now I have laid them aside and can read diamond print, and write without them. NEAR BOONE FURNACE, Greenup Co., Ky., ) February 8, 1872.

DR. J. BALL & Co.

Gentlemen: This is to certify that, having been afflicted with sore eyes for several years, to such an extent that my sight was almost gone-could not see to walk about—having tried almost everything known in the Materia Medica, I was constrained to try Dr. Ball's celebrated Eye Cups, with happy results. My eyes are entirely cured, and my sight is ully restored. After such results, one of my neighbors, who had been entirely blind for three years, commenced using the Eye Cups, and now he can see to do any kind of work, and is restored to his full eye-sight. To those suffering from such afflictions, try Dr. J. Ball & Co.'s Eye Cups, and you will never regret the cost. Yours respectfully,

Sworn before E. G. HOLBROOK.

J. R. THOMPSON, Justice of Pence.

DEMORESTVILLE, C.W., Feb. 2, 1872. Dr. J. BALL & Co.

Gentlemen: When I obtained your Patent Eye Cups from you I was suffering very much from inflammation, dimness of vision, and weak eyes; I have been so bad for several weeks that my sight became so affected that I could not distinguish a man from a woman eight rods off. I applied your Patent Eye Cups a few times, as per your special directions, and to my great delight, they have perfeetly and permanently restored my sight, cured all inflammation and weakness of my eyes. I am now able to see a bird, where I could not see a man at the same distance.

1 will also state my friend's case, who applied your Patent Eye Cups. I returned this morning from visiting an old lady that was almost totally blind in one eye, and could see no person standing before her with the other eye. After I made an application with the Patent Ivory Eye Cups of two and one-half minutes, she could see her hand and fingers with her eye that was totally blind, and the other was greatly improved. Your Eye Cups are simple, can do no harm to any eye, and far surpass any invention of the present age. I remain,

Very respectfully yours, REV. JOHN HILL.

LEEDS, C. E., March 13, 1872.

DR. J. BALL & Co.

Gentlemen: I sold a pair to a man that was so blind he had to be led about by the hand; now he can see to go where he pleases. I sold another pair to a boy that had sore eyes, and had spent \$100 trying to get his eyes cured; the Eye Cups have cared him.

JOHN DONAVAN, Leeds Village, Canada East.

Physicians and Patients can always rely. The Quinium Labarraque is prescribed with great success for persons of weak contitution, or for those debilitated by various exhausting causes or past sickness; for youths fatigued by too rapid growth; for young girls whose development takes place with difficulty; for women in childbirth; and for aged persons entechted by years or illness.

It is the best preservative against Fevers. In cases of Chlorosis, Anemia, or Greensikness, this Wine is a powerful auxiliary of the ferruginous preparations. In conjunction, for example, with Vallet's Pills, the rapidity of its action is really marvellous.
