TORONTO MARKETS.

Toronto, July 4th, 1901.

DRUGS, CHEMICALS, ETC.—No change of prices has occurred since those recorded the week before last. Business continues fairly active. Quinine is quiet. Borax is dull. There is a strong movement in Paris green. The hot weather is causing an increased demand for carbonic and tartaric acids and insect powders. The trade in New York has been quiet, owing to the intense heat. For quinine, there has been an almost entire absence of demand, but the price remains steady.

DRY GOODS.—The hot weather has caused a lively demand for summer goods of the very lightest grades, and the sorting demand for such goods has been above the normal considerably. Travelers on the road report, for this time of the year, a very satisfactory enquiry for fall goods. All round the houses representing the various branches of the dry goods trade, report a very promising outlook. Prices continue steady.

FLOUR AND MEAL.—Little business has been done under this head, in accordance with recent prognostications. The demand from the Old Country has been practically nil, no doubt due to the unsettled conditions in wheat. Bran, shorts and oatmeal are steady, though not very much business is being transacted.

GRAIN.—The only change in prices this week is in wheat, Ontario having fallen 2 to 3c. Practically no business has been transacted. The visible supply of wheat in Canada and the United States has fallen during the past week by over 2,000,000 bushels; corn has decreased about the same, while that of oats has increased by 179,000 bushels.

GREEN FRUIT, ETC.—Trade in this line continues very heavy, the demand for such things as strawberries, etc., having no doubt been accentuated by the hot weather. We quote: Lemons, extra fancy, \$3.50 to \$3.75 per box; choice, \$2.75 to \$3; oranges, Sorrento, \$2.75 to \$3; California, medium sweet, \$3.50 to \$3.75; California, late Valencia, \$4.25 to \$4.50; grape fruit, California, \$3; strawberries, 5c. to 8c.; tomatoes, per crate, \$1.50 to \$2; bananas, fancy, \$1.50 to \$2 per bunch; pineapples, Indian River, \$4.50 per case; cabbage, \$1.75 per crate; new potatoes, \$1.25 per bushel.

GROCERIES.—There has been an improved demand for general groceries during the past week. Sugar, more

OF INTEREST

Every man investing in a Life Policy and every Life Insurance Agent should read the statement of

Interest Earnings of Life Insurance Companies

published by INSURANCE AND FINANCE CHRONICLE of Montreal, of date December 21st, 1900. Reference to that statement will satisfy both buyer and seller that it pays best to do life insurance business with and for

The Great-West Life Assurance Co.

According to that statement the average rate of interest earned in 1899 was

By Canadian Companies, 4.52 per cent.

By British Companies, 3.92 per cent.

By American Companies, 4.60 per cent.

While The Great-West Life earned 6.50 per cent.
