I have audited the balance sheet of the Canadian Institute for International Peace and Security as at March 31, 1992 and the statement of operations and equity of Canada and changes in financial position for the year ended March 31, 1992. The financial statements are the responsibility of the Institute's management. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

CANADIAN INSTITUTE FOR INTERNATIONAL PEACE AND SECURITY

Financial Statements
March 31, 1992

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Institute as at March 31, 1992 and the results of its operations and changes in financial position for the year ended March 31, 1992, in accordance with generally accepted accounting principles.
