

The research for *Europe 1992: Your Business Opportunity* was conducted by the Prospectus Strategic Business Research (SBR) Group.

The SBR Group includes economists, corporate analysts and specialists in technology, trade, investment and industrial development. With associates around the world, it has established a network across Canada, the United States and Europe.

It uses in-depth research to give business and government clients the solid information they need. Focused on business, and oriented to action, the intelligence supplied is practical, readable and usable.

The SBR Group offers corporate and industrial profiles, competitor monitoring services and customized business environment scans.

The handbooks, fact books, data bases and customized studies produced by the SBR Group deal with the global issues that concern today's business strategists. They offer the help needed to stay ahead of the competition and meet the challenges of the global business environment.
