Sir Arthur Currie,
McGill University,
Montreal. Que.,

Dear Sir Arthur,

I enclose herewith two copies of my report on the trip to the National Conference on Music Teaching in Cleveland, Ohio., I enclose some copies of booklets and programmes.

This is a thing that the National Council of Education on the one hand, and perhaps the C.P.R. on the other should be interested in, and, therefore, I am sending two reports and two copies of some bulletins for the information of yourself and Mr. Beatty, as suggested.

Yours faithfully,

J. L. Land

KC.

Dean.

P.S. I am sending the enclosures under separate cover.
