

VICE-REGAL PARTY WILL ARRIVE TODAY

Governor-General Has Busy
Program to Fill During
Nine Days' Visit.

SEVERAL INSPECTIONS

Duchess and Princess Patricia
Will Also Hold Garden
Parties at Craighigh.

Altho H.R.H. the Duke of Connaught, accompanied by the Duchess of Connaught and Princess Patricia, will arrive at Toronto at 5 a.m. this morning. No notice will be taken of the fact until three hours later.

When the royal train arrives from Ottawa the governor-general's car will be placed on a siding until 8 a.m. At that hour the party will be met by Sir Edmund Osler and driven up to Craighigh, his Rosedale residence.

No official functions have been arranged for today until 3:30 p.m., when Sir Henry Pellatt will take the duke and duchess to the St. John's Ambulance Corps. During the remaining nine days of his stay here the program includes four official dinners at the National Club on Friday, at the governor's house Monday, at the Empire Club Tuesday and at the York Club, where the Ontario Jockey Club are the hosts, on Thursday, May 23. He will also attend two state luncheons, one from the United Empire Loyalists on Thursday, May 21, and one from the Jockey Club at the Woodbine on Tuesday, May 26.

The duchess and Princess Patricia are giving two garden parties, one to grown-ups on Wednesday, May 27, and one to children on the following Friday, both to be held on the grounds of Craighigh.

The royal party will drive in state to the Woodbine races on Saturday. Visits to the races will also be made on Monday, Tuesday, Thursday and Saturday of next week.

On Friday afternoon, May 22, the duke will review the school cadets of the city on the university lawn at 2:40 p.m. and the Toronto police force in the stadium at 4:30 p.m.

On Sunday the duke will drive in state to St. James' Cathedral.

Inspects Veterans.

The army and navy veterans will be inspected by him in the armories on Monday morning.

Five visits to institutions will be made. On Wednesday Princess Patricia will present the prizes to St. Andrew's College. On Friday the duke will open Georgina House, the new boarding house for young women on Beverley street, and visit the Toronto Housing Company's dwellings on Bain avenue. On Thursday the duke is to go thru Wellesley Hospital under the guidance of Sir William Mulock. On Friday, May 23, the governor-general will open the Connaught Home for Nurses at the Weston Sanitarium.

FAULTY BRAKE BEAM DERAILS TWO TRAINS

Traffic Tied Up in G. T. R. Yards
by Peculiar Mishap.

The unusual occurrence of two trains being derailed at the same time took place yesterday morning at the foot of Strachan avenue, when two Grand Trunk freight trains were derailed, causing traffic to be tied up for three hours.

The explanation of the happening is that the brake beam on a car in the centre of a westbound stock train dropped down, derailing three cars. Just as it happened an eastbound freight train was passing on the next track, and the three derailed cars, swinging around broadside, knocked two cars of the eastbound train off the rails.

C. P. R. trains over that section from Chicago, Guelph and Alliston were sent around by West Toronto, across to Leaside and into the city from the east, making them several hours late, owing to the viaduct work across the north of the city. Work trains, steam shovels and pile-drivers had to be sidetracked to let traffic move.

SCHOOL CHILDREN IN SINGING CONTEST

Preliminary Competition Held to
Select Songsters for Empire
Day Concert.

Awards in the school singing competition for children who are to sing at the Empire Day concert in Massey Hall, were made yesterday at a test held in the Wellesley School by A. T. Cringan, Mus. Bac., and Mr. Healy-Willan.

Twenty-three schools were entered and the awards were: Choirs, Perth and Dovercourt; test, St. Andrew's, "The Little Dutch Girl"; double trio, Dovercourt; Perth; selection, "Soul-Star." The solo competition was keen that three pupils were chosen, Ethel Anderson, Earl Grey School; Jean Roe, Strathcona School; and Flossie Collins, Dovercourt School.

"The Land of the Maple" was the test selection.

BAIL IS REFUSED.

By some mysterious means Thomas McDonald, after being remanded in the police court on Friday without bail on a charge of vagrancy, secured bail on Saturday night. The police heard of this and yesterday he was again arrested on a warrant from the juvenile court charging him with neglecting his wife and child.

Early last Friday morning Mrs. McDonald was taken to the hospital.

SEQUEL TO POLICE COURT ACTION.

Mrs. Margaret McNeil commenced a suit against Charles Bowles for \$5000 before Justice Sutherland in the jury assize court yesterday afternoon. All the evidence was concluded, but the addresses to the jury were left over till this morning.

The suit arises from the action of Charles Bowles in bringing the plainiff to the police court because she sold some property of hers on which he had an unregistered mortgage.

MOTORMAN GOES FREE.

Crown Attorney Corley withdrew the charge of manslaughter against William Goodenough, whose car ran over Mrs. Bell at the corner of Arthur and Markham street on Good Friday, charged jointly with William Thompson, who was driving a motorcycle, from which she fell in front of the car, with manslaughter. Thompson was sent to trial by a jury.

BONAR LAW'S MOTHER DEAD.

LONDON, May 19.—Mrs. Jane Law of Glasgow, the widow of the late Rev. James Law of New Brunswick, and the mother of Right Hon. Andrew Bonar Law, the leader of the Unionist party in the house of commons, died at 8 a.m.

His Wife Was Like an Icicle

All winter long she suffered from the cold. One day in March she said to her husband, "If you really love me, Tom, you'll have that antiquated heating system downstairs chucked out and a good one put in." And that's what sent Tom Gates out to our plant to learn about

Safford

Boilers and Radiators

For over two hours we talked to Gates. He was from Missouri. He had to be shown our plant. He had to be shown the Safford heating system section by section. But a Safford is being put in his house now.

Gates discovered that the Dominion Radiator Company is an organization of specialists, devoted exclusively to the manufacture of hot water and steam heating systems. The moulders, for instance, have to be specialists in their line, because the Safford boiler is designed very differently to ordinary boiler. The moulders must acquire great skill to cast it. You see, the whole boiler is most scientifically constructed. It is built to keep Gates' wife, and your wife, warm and comfortable, and burn less coal than others.

Starting with the water cold, a Safford system heats the water and circulates it through an 11-room house in 12 minutes. Others require three times as long. A Safford boiler has 111% fewer parts, which means

it is 111% less likely to get out of order.

Those are but two features briefly told. But such facts cannot fail to set you thinking. So, you might just as well relieve your mind. Put your name and address on a post-card request for our "Home Heating" booklet. It will only take a minute or two of your time—time never better invested. And you'll get full particulars about the Safford system by return mail.

KNOCKED DOWN BY ENGINE.

James Roland, a Grand Trunk car inspector, was knocked over by an engine at the Union Station shed yesterday and painfully injured. His arm was crushed and several fingers broken. He was cutting out a road engine from a train when it gave a jolt and knocked him over.

SEQUEL TO POLICE COURT ACTION.

Mrs. Margaret McNeil commenced a suit against Charles Bowles for \$5000 before Justice Sutherland in the jury assize court yesterday afternoon. All the evidence was concluded, but the addresses to the jury were left over till this morning.
