

REVISION OF THE BALLOT LAW PROMISED FOR NEXT SESSION

Meanwhile, in Abolishing Numbers, Government is Willing to Run Risks.

Premier Whitney has introduced in the legislature a bill to do away with the printed number on the Ontario ballot. In bringing down the bill the premier promised that a new ballot act would be passed next session.

Abolishing the number, he said, the risk of plugging was being run and it would have to be decided what form of ballot to adopt after this year.

The ballot now in use had a printed number on the front of the counterfoil, and a corresponding printed number on the back of the ballot. This was for two reasons, the first being to prevent plugging, and the other to enable a scrutiny to be made. In the by-elections the number was not a scrutiny.

When an official of the department last winter was asked to draw up a bill to abolish the number on the ballot he did not want to do so. Mr. Whitney considered that the printed number was taken off the government would run the risk that in the by-elections that must be held before now and next session, when the ballot law would be thoroughly revised, there would be no means of conducting a scrutiny, but the government was willing to run the risk.

Mr. Harcourt said the whole question resolved itself to one as to the honesty of the officials, and it was not for either side to say that either party would choose a dishonest official for a judicial act. He suggested for the consideration of the ministers when overhauling the ballot act the Pennsylvania Act, one of the provisions of which was that any five citizens may ask for an audit of election accounts.

The premier said he had neglected to emphasize that in order to have a ballot without a number on it, it would be necessary to adopt an entirely new scheme. He was strongly impressed, he observed, with the desire of the province that the expenses of the election booths should be assumed by the government instead of by the municipalities.

Open Hospital to Students.
The opposition in the legislature yesterday objected to a bill of quite surprising vigor to the stipulation in the Toronto General Hospital bill that medical students other than those of Toronto University be admitted by the giving of special permission by the board of trustees of the hospital. The debate arose out of the reading of the clause in connection with the bill.

By the original draft, it was expressly provided that none other than such students be allowed access, and the amendment submitted yesterday by Mr. Hanna was a concession to the outcry by the opposition against the restriction. It did not go far enough, however, to suit, and there was a long drawn-out wrangle, Messrs. Ross, Harcourt, Graham and others urging that exclusion was a narrow policy, and unfit for a provincial hospital. Finally the premier said that the clause would be reconsidered.

Inquiries Answered.
Mr. Hanna replied to Mr. Auld that Ellen Charlotte Taylor, wife of Geo. Taylor of Toronto, had the control for the manufacture of woodenware at the Central Prison. The name of the firm was Taylor, Scott & Co.

There was a list of bills up for a third reading, which was given to 13 of them, including the one respecting the Liederkreis Club.

Mr. Carnegie gave notice of an enquiry of the ministry as to whether the order-in-council transferring certain waters tributary to the Trent Valley Canal to the Dominion government retained for the province the control of the water power. He asks if the government is aware that the province of Emerson states that such water powers were transferred.

A WOMAN'S BACK IS THE MAINSPRING OF HER PHYSICAL SYSTEM. The slightest backache, if neglected, is liable to cause years of terrible suffering.

No woman can be strong and healthy unless the kidneys are well, and regular in their action. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to have filtered out of the blood are left in the system. The female constitution is naturally more subject to kidney disease than a man's; and what is more, a woman's work is never done—her whole life is one continuous strain.

How many women have you heard say: "My, how my back aches!" Do you know that backache is one of the first signs of kidney trouble? It is, and should be attended to immediately. Other symptoms are frequent thirst, scanty, thick, cloudy or highly colored urine, burning sensation when urinating, frequent urination, puffing under the eyes, swelling of the feet and ankles, foot and leg aches, and the eyes, etc. These symptoms if not taken in time and cured at once, will cause years of terrible kidney suffering. All these symptoms, and in fact, these diseases may be cured by the use of

After using two-thirds of a box my back was as well as ever." Price 50 cents per box, or six boxes for \$2.50, at all dealers, or sent direct on receipt of price. WHY TENDER IS LOWEST.
Hogan & McDonald Don't Have to Worry Over Plant.

Ottawa, April 10.—It is understood that the tender of Hogan & McDonald, the lowest tenderers for the construction of the eastern end of the transcontinental, was 21 cents a yard for earth and \$1.44 a yard for stone. The tender for J. D. McArthur, the lowest tenderer for the western division, was 24 cents a yard for earth and \$1.60 for rock.

The reason for the tender of Hogan & McDonald being considerably below the others, is said to be due to the fact that they do not have to purchase an equipment.

They were contractors on the Temiskaming Railroad, and have a full supply of steam-shovels, locomotives and cars necessary to carry out the contract. Other bidders will have to purchase these things.

The cabinet is almost evenly divided on awarding the contract. Sir Wilfrid Laurier, Mr. Pritchard, Mr. Scott, Mr. Frederick Borden, Mr. Richard Cartwright and Mr. Brodeur are understood to be the Grand Trunk Pacific party, while Mr. Pelling, Mr. Hymans, Mr. Aylesworth, Mr. Templeman, Mr. Emmerson, Mr. Fisher, Mr. Paterson and Mr. Oliver are standing by the Hogan and McDonald tender.

OPPOSE EDUCATION BILL.
Conservatives Say It's a Concession to the Nonconformists.

London, April 10.—The education bill, which yesterday passed the house of commons on its formal first reading, is destined to have a stormy passage through parliament, and also it is asserted that the government will stand firm, it is not unlikely that the issue will be somewhat modified.

The Conservative newspapers this morning condemn the bill as a concession to the Nonconformists, upon whose support the life of the government depends. The church party, although strongly inclined to accept the measure, and will endeavor to get it modified in the committee stage in accordance with their views.

The strongest opposition, threatens to come from Catholics, who will be supported by the whole of the Nationalist party.

PUBLIC AMUSEMENTS.
Toronto players will see a new "Checkers" at the Grand Opera House next week when Hans Robert appears in the title role of Henry M. Blossom.

His comedy, "The Third Successor," he is said to be a very good "Checkers" too, and with something of a facial resemblance to Thos. W. Ross, the creator of the part, was seen here last season. The company associated with him has as its leading lady Miss Katherine Mulkins, the first of the bright work of the production.

"Looney Dreamland," "Southland Scenes," "A Pinafore Review," "Varieties" are the salient features of the Black Patti show this season. Black Patti will be seen in the role of Josephine in a condensed version of Gilbert & Sullivan's masterpiece, "Pinafore," also in the new "Southland Scenes," assisted by the entire singing forces of the company. The company opens an engagement at the Majestic, with a matinee on Easter Monday.

That distinguished actor of the classic drama, Robert Mantell, will give eight performances in the Princess Theatre the week beginning Monday, April 16. For one reason, Mr. Mantell is the only actor of the first class, here or in Great Britain, who is today devoting himself entirely to the classic drama. The plays for the single week of Mr. Mantell's engagement will be "King Lear," "Macbeth," "Hamlet," "Othello," "Richard III." and "Richard III." The arrangement of plays for the six nights and two afterpieces will be made known in the box office, where seats will be ready on Thursday, April 12.

The May Howard Extravaganza Company, which opens at the Star next week, is claimed by the management to excel all previous undertakings in the burlesque line as far as this one particular attraction is concerned. This season Miss Howard has surrounded herself with a coterie of performers that can act, sing and dance.

LISZT PIANO CO.'S ASSETS HANDED OVER TO YORK LOAN

Assignment Made for Benefit of the Creditors—Quiet Day in Court Proceedings.

The Phillips investigation went on until nearly 2 o'clock yesterday afternoon, and was adjourned until this morning. During the afternoon and evening the crown attorney, counsel for the York Loan, Phillips and Miss Hudson were in conference, going through the books.

Phillips first had a long conference with his lawyer, in the detectives' department, the two Hudson girls being present. It lasted for quite a while, and Lillian and Georgina were the first to depart, and about three-quarters of an hour afterwards J. E. Jones came into the corridors. He declined to state what was taking place.

An officer of the National Trust Company, liquidators of the York Loan, made an unsuccessful attempt to serve a notice on assets to the National Trust Company for the benefit of the York Loan.

The court intimated that the writ must be served on Phillips only through his counsel.

It was officially announced yesterday that the Liszt Piano Company have assigned their assets to the National Trust Company for the benefit of the York Loan.

C. E. Stacey, an inspector of the York Loan and Toronto Life, the first to take the stand in the witness box, testified as to the terms of payment of agents, inspectors, etc. He declared that, to his knowledge, agents were not paid a bonus on the sale of four National Monthly Magazines, as they were on four shares of stock paid out of the York County Loan. Witness acknowledged that Phillips had given him permission to write up Toronto Life insurance as a "side line," while traveling for the York Loan. From Aug. 1903, to Dec. 1904, witness received \$200 to \$300 for writing up insurance.

Didn't Sell Pianos.
"Did you sell pianos?" asked Mr. Curry.

"I may have," replied witness. "Yes," pursued the crown attorney, "You may have tried to commit suicide, but you would have a very good idea whether you did or not."

Witness denied that he had sold any pianos. Witness added that his salary was increased by the York Loan in October, 1904, and after that he still wrote up insurance and got paid commissions. From Nov. 1, 1904, up to the present he had received \$200 as commissions from the Toronto Life, besides \$20 a week salary.

The 50 shares of stock on which he had paid \$1750 had been paid out of commissions he had from the York Loan and Toronto Life, and out of the 10 per cent. of his salary that had been held back by the York Loan.

Witness denied that he had got any cheques in favor of Phillips or the Misses Hudson.

The Way It Worked.
Mrs. Mary Jane West, superintendent of the York Loan, deposed that she had sold National Monthly under the directions of Phillips.

"If," she added, "we sold two National Monthlyes from the York Loan, we were paid the regular commission by the York Loan. Also, if we sold three Monthlyes and one share, we were paid \$100.00. If we sold four Monthlyes and one share, we were paid \$150.00. If we sold five Monthlyes and one share, we were paid \$200.00. If we sold six Monthlyes and one share, we were paid \$250.00.
