SAVING A MOTHER.

It is no small matter to save a young mother to her little children and her husband after she had been given up to die of consumption by her physicians and her familyshe had given herself up.

Anything that would bring her back to life and loved ones is worth knowing about and talking about. We think so; you think so, too-we know you do; she thinks so, and talks about it.

Powley's Liquified Ozone saved the life of Mrs. Julia Sheffield, of Zephyr Post-Office, Scott Township, Ontario County, Ont. A small place—a humble home. Any home and any mother is worth saving. Here is her statement—better read it:

PROVINCE OF ONTARIO, COUNTY OF ONTARIO,

DOMINION OF CANADA,) IN THE MATTER OF JULIA SHEFFIELD, of the Township of Scott, in the County of Ontario, and in the Matter of Her Restoration

I, JULIA SHEFFEILD, of the Township of Scott, in the County of Ontarlo, married woman, DO SOLEMNLY DECLARE that on the 15th day of February, 1900, I was taken down with Pneumonia and inflammation of the lungs, and was in bed seven weeks, and during the course of my liness I had frequent bleedings of the lungs, and was unable to work, and was in bad health all the following summer, and had an extreme cough, and would cough for two and three hours at a time. On the 24th of June, 1900, I moved into my father's home, Wm. Doodruff, at Mount Albert. About the 13th August I was forced to take to my bed again, and was in bed most of the time until the end of the year. At that time the attending physician told my father that there was not a half-pound of flesh on my body, and the doctor said it was impossible for me to recover, and that it was only a matter of a short time until death would come. I was sinking rapitly each day. At this time I was taking Creosote to the extent of sixty drops a day. I had four physicians, attending me from the time I took sick, until I commenced taking Ozone, and they each and all pronounced that I had consumption, and could not recover. finally railled, and was able to get up and go round the house assistance, but I was gradually sinking, and my vitality was with assistance, but I was gradually sinking, and my vitality was very few.

My husband had been advised to try Ozone, and one Suaday at the beginning of 1901 he purchased a 50-cent bottle at Mount Albert, and I commenced taking it at once, and after taking the second bottle I began to improve, and have now taken 18 bottles, and I have gained in flesh at least 25 bbs., and my health is almost completely restored, and I feel as well and look as well as ever I did, and I fully believe that I am completely cured.

I am now back to my husband's home, and doing my work as usual. My friends and neighbours are simply astounded to see me out and well again, and I am glad to be able to recommend to suffering humanity the great Ozone that has cured me.

I have also recommended Ozone to several of my friends, and I know of another young lady at Mount Albert who is taking it for consumption, and she is getting better.

I fully believe that had it not been for Ozone I would have been in my grave to-day, and to Ozone and Ozone alone I attribute my cure and the enjoyment of health and comfort to-day, and I consider it a "God send" to suffering humanity.

AND I MAKE this solemn decaration, conscientiously believing it to be true, and knowing that it is of the same force and effect ag if made under oath, and by virtue of "The Canada Evidence Act, 1898."

DECLARED before me at the Township of Scott, in the County of Ontario, this Sixth Day of May, A.D. 1901.

County Court Cases.

William Eplett brought ac ion in the County Court yesterday to get \$200 damages for the suffering he endured and the expense he was put to as the result of a bleycle collision with William Wright, a tallor, on Dec. 14 last. Eplett was riding along College-street, when he was overtaken by Wright, and the collision followed. The former was thrown to the ground, his leg broken, and other injuries inflicted. He claimed the collision was the outcome of the reckless, rapid riding of Wright. Judge Morgan found that there was no evidence to sustain the allegations of the plaintiff, and withdrew the case from the jury. from the jury.

A Lynching Verdict.

Columbus, Ohio, May 15.—What is known as the Anti-Lynching Act was sustained by the Supreme Court in a decision handed down yesterday. The court affirmed the judgment of the Circuit: Court of Champaign County in the case of the County Commissioners y. Benjamin F. Church, administrator of the estate of C. W. Mitchell. A Lynching Verdict.

W. Mitchell.

"Click" Mitchell, a negro, was lynched at Urbana, June 4, 1897. His administrator, Benjamin Church, brought suit against the Commissioner of Champaign County to recover the sum of \$5000, under the special statute making the county liable in such cases. He was given a verdict for \$5000, the amount allowed by law, and the decision has stood the test of all the courts of the State.
