John Macdonald & Co., Wellington and Front Streets East, TORONTO.

THE STREET BLOCKADED.

Scenery for "Way Down East" Was Responsible for the Trouble.

"Get ready day," was marked by several blockades in the afternoon on West King street. When the deluge of rain was at its worst one of the strangest scenes was arranged on a city street as the arrival at the Princess Theatre of a large express wagon, to which were attached a pole and the hind wheels of an ordinary lumber wagon. The six-wheeled affair was loaded to the limit with "Down East" scenery. The extraordinary length of the scenery rendered the two-wheeled attachment at the back of the wagon necessary. When an attempt was made to swerve round to enter the rear driveway to the Princess stage, the hind wheels of the rear wagon, struck against a telegraph pole when it was being turned to be driven into the driveway. The scenery almost swung off the wagon. Shortly after this King-street car No. 581 jumped the track just west of the Yonge street crossing. A tireless blockade occurred in consequence, and a long string of Bathurst, Bait Lane and King-street cars were brought to a standstill.

EAST TORONTO.

The York Citizens' Band, under the leadership of Mr. A. Y. Grant, will give an outdoor concert on Mrs. Westlake's lawn on Ben Lambton street, on Thursday evening next.

The boys attached to the Blantyre Industrial School, accompanied by Brothers Felix and Edwin, and the crotchet, trio, will visit the Toronto Exhibition next Wednesday.

Miss Genevieve Carter of Boston, the well-known contralto singer, and niece of Mr. W. E. Manser, will sing at the Hope Methodist Church last Sunday evening.

Melafrey, the conductor who came to such an untimely end at Niagara, was one of the best-known musical directors in the city. He has been running the section for the last 15 years.

The East Toronto Village Council met in their chamber, 241 St. George street, Dr. Walters presiding, Councillors H. Moore, G. O'Leary and A. McMillan present. A number of the last session were read and carried. Communications were read from Carnahan Bros., asking for rates for 10 electric lights for their hall and street; from J. J. Kiehl, stating that he had already warned Mrs. Gray in reference to her children, and that he had instructed Mr. Coleman of the Children's Aid Society to take them to the industrial school; from Mr. A. E. Ames of Glen Stewart, asking that a grandstand be put down from Main-street to Leavenworth, fronting his property, and that he would himself be in charge of the same. The above requests were referred to the committee. The Council then adjourned.

THORNHILL.

Mr. John Wynn, the well-known thresher and agriculturalist, has purchased from Mr. J. G. Goh, general agent, a McCormick Corn Binder and has now completed the outfit for the cutting of corn and the filling of silos. The McCormick Co. have no less than four binders within a short radius of this village. Parties having corn to cut and silos to fill will do well to consult with Mr. Wynn.

WANT TO LEAVE TORONTO.

Joseph, Aug. 25.—The Canada Brass and Electrical Company of Toronto are negotiating with the City Council for the removal of their works to this city. They ask that the city purchase \$25,000 stock in the concern.

One Exhibition Idea.

There is already a crusade at the railway stations caused by Exhibition traffic, and some of the visitors are really not dressed in the up-to-date style which is a feature of this city.

However, it is very easy to conform to the general idea of good dressing. For Archambault, the tailor, at 125 Yonge street, makes most fashionable suits in a most fashionable manner at \$16, or even \$13.25, but they are all good. Call and see what you can get.

Island Firemen at Drill.

The regular weekly drill at Hamilton's Point of the Island volunteer fire brigades, Company No. 1, took place last night. Major Searler in the city yesterday afternoon and the regular drill in the use of the newly-installed electric alarm system. The members of the company are becoming very proficient.

Settled a Strike.

A. W. Holmes of the Executive Board of the International Association of Machinists returned to the city yesterday from Lockport, N.Y. He assisted in settling the machinists' strike there to the satisfaction of all parties concerned.

Little Boy's Mishap.

Seven-year-old Roy Dickson fell from a chair in his home at Hamilton's Point yesterday afternoon and fractured his femur in his right forearm. A physician was called in and the fractures were reduced.

Belmy Beach Property Owners.

The regular monthly meeting of the Belmy Beach Property Owners' Association will be held to-night in the Pavilion, when some important business will come under discussion. A large attendance is requested.

ESTABLISHED 1843. SCORES ESTABLISHED 1843.

Special values—guaranteed Quality. \$2.00 to \$4.00

Genuine "Stetson" Hats \$2.00 and \$7.00

84 Yonge St.

Public Amusements

Opening of Princess Theatre.

"Way Down East," that beautiful, pastoral play, with more than a "touch of nature" in it, and which has had such a phenomenal run in the States, was the appropriate piece chosen by Manager Sheppard to inaugurate a new regime at the Princess Theatre.

The production last night before a brilliant audience, and the simple, pathetic story, full of heart interest, and told so heartily, caused more than one heart to beat faster and more than one eye to grow dim.

Success was written large all over the initial performance, and indications count for anything in the theatrical world.

Mr. John Wynn, the well-known thresher and agriculturalist, has purchased from Mr. J. G. Goh, general agent, a McCormick Corn Binder and has now completed the outfit for the cutting of corn and the filling of silos.

However, it is very easy to conform to the general idea of good dressing. For Archambault, the tailor, at 125 Yonge street, makes most fashionable suits in a most fashionable manner at \$16, or even \$13.25, but they are all good.
