With no reply from Attorney-General Raney to the request forwarded him some weeks ago by the Windsor City Council asking for the appointment of a magistrate to devote his whole time to hearing cases from Windsor, action will probably be taken at Monday night's meeting of the council whereby the formal request will be followed by a pointed demand, Mayor Winter intimated today.

Complaints against conditions at the

S. A. work. Staff-Capt. Ritchie of the local command will accompany Col. Hammond on his tour. The first place they go is Windsor.

NO MEASLES.—Two cases of scarlet fever were reported to the local medical officer of health during the week. Other diseases include two cases of chickenpox, two of diphtheria, one of scarlet fever, and one of whooping cough. Although measles has for some time been the most prevalent communicable disease in the city not one case was reported in the last seven days.

HAVE RETURNED. — Captain and Mrs. Stevens of the local Salvation Army command have returned from having their holidays in Nova Scotia. Before taking their holidays, they were in charge of the London No. 2 corps.
TO AID S. A. C.—The local branch of the soldiers' aid commission has received a check of \$22.75 from Mrs. J. W. Oliver, treasurer of the Welburn Red Cross Society of Belton. The money will be used for S. A. C. welfare work.

At Monday night's meeting it is probable that the council will authorize advertising in outside papers for a chief of police to fill the vacancy left by which Chief Wills was removed and given the office of police court clerk and instructor in a school for patroliment that is to be instituted. Chicago, Sept. 23.—Heavy selling of wheat took place today and carried prices lower. Much of the selling appeared to be based on opinions that a lull in export business was foreshadowed. On the contrary, however, foreigners were said to be making new purchases. Opening quotations, which ranged from &c to 3c lower, with December at \$2 34½@2 34%, and March at \$2 27@2 28½, were followed by a slight further setback and then something of a rally.
Lowest prices yet for the new crop were reached in the corn market. Fine weather was the chief bearish influence. After opening %c to 4c off, including December at \$104@104%, the market underwent a further sag.

NEW YORK STOCK EXCHANGE. New York, Sept. 23—Wall Street, 10:30 .m.—Recent conflicting movements in a.m.—Recent conflicting movements in the stock market were resumed at the opening of today's session. Rails of the speculative variety advanced most, while some of the industrial issues were moderately reactionary. Chicago and Alton, Texas ahd Pacific, Missouri Pacific, Wabash preferred, and New Haven gained fractionally. Tobaccos and some of the oils were materially higher, but motors, coppers and leathers denoted further selling pressure. A feature of the foreign exchange market was the acute weakness of rates to Scandinavian centres.

1:30 p.m.—Food shares were under persistent pressure at midday. American Sugar, Beet Sugar and Corn Products declined 1 to 2½ points. Steels, equipments and oils canceled their partial recoveries, but junior rails remained strong, with buying of New Haven as the chief feature.
