When a rival producer praises a picture, then that picture must be surely worthy of its success, Katherine MacDonald's newest production, "Curtain," has been showing this last two or three weeks in the United States, and all showmen who have seen it, no matter what their husters connections. matter what their business connections, are loud in their praise of this undoubtedly the most successful of all the famous beauty's photoplays. "Curtain" is the story of the stage career of a great star, and when you see it at the Allen Thursday, Friday and Saturday of a great star, and when you see it at the Allen Thursday, Friday and Saturday, next week, you will be thrilled through and through at the exquisite beauty of it, the enchanting charm, wonderful settings of New York and Long Island, and surely feel a little envious of the girl, beautiful above all others, and the superb gowns she wears the marvellous creations in hats and clothes. Ladies especially will take great interest in the beauty of gowns and settings in "Curtain."

The story is of a girl, born and raised on the stage, whose life and young love was all for the footlights, and who finally won stardom from an admiring public. At the height of her career came a wealthy rounder, and by his persuasions and seemingly sincere love way her to his home.

But he, the husband was a wordly man, loving all women with equal passion, and lost the love of his young wife by his unfaithfulness. Back to the stage she went all honorous to the stage she went, all happiness now lost, but cupid and fate gave another turn to the wheel of life, and happiness again came to the top, and this time it was true happiness from a real man, and was the sort of love and happiness that was meant to live for happiness that was meant to live for

SOME CHOICE ADDED ATTRACTIONS ON THE ALLEN PROGRAM.
One of the big pleasures of an Allen program is the numerous extra added attractions which follow the features. Take next week for instance. Monday, Tuesday and Wednesday there will be a delightful Christie comedy with Bobby Vernon. Then there are those wonderful Chester Outing pictures, with the remarkable views of far countries, and strange peoples and customs. The Allen Canadian News has the most interesting views of the latest and most important news incidents, and as an mportant news incidents, and as an overture the famous Allen orchestra will present a medley of popular airs. DO YOU GIVE YOUR CHILDREN

THEIR WEEKLY TREAT AT

ALLEN'S?

What's the good of behaving well all week if a fellow's not appreciated? Why don't you show your children that you do appreciate a week of good behavior, give them that treat to Allen's, which they love so well. You can be sure that there's nothing on the Allen program which will hurt their young ideals and that they will derive a source of wholesome enjoyment from the Allen pictures, which will make them' all the better men and women. For example, on today's program there is Charles Ray's newest picture, "Forty Minutes From Broadway," full of fun, and you know yourself that Charles is a favorite that never dis-

appoints, never allows an unwholesome incident to enter into his productions. That Chester comedy "Four Times Foiled," what a clever horse they have, and to see that monkey take care of the baby, and the marvellous dog who seems to be able to do anything. Why those kiddles just "eat em up" as the saying goes—won't you let your children have a good time too? Then the last half of the week we are showing the second Booth Tarkington picture, "Edgar's Hamlet," they'll want to see that especially—don't disappoint them there.

## AT THE PATRICIA

larold MacGrath's "The Luck of the Irish," an Allan Dwan Screen Version, To Be Presented at the Patricia.

Manager Stewart of the Patricia Theatre has made arrangements to present Allan Dwan's newest production, "The Luck of the Irish," as the chief attraction for his theatre on Monday, Tuesday and Wednesday. The story is a visulization of the book of the same name written by Harold MacGrath. It is replete with romance and adventure, bewitching scenes of the Orient, and furious fist fights. It is full of pep, love and intrigue. In producing the story for the screen it was necessary to build more than 40 huge sets, exact replicas of New York streets, the streets of Naples, a portion of St. Mark's Cathedral in Venice, a section of the City of Cairo, interiors and exteriors of various sections of Singapore and many other scenes of equal size and elaborateness. James Kirkwood and Anna Q. Nilsson enact the principal roles.

# MOSQUITO ON NOSE **IMPROVES MAN'S AIM**

Tells How To Strengthen Eyesight 50 Per Cent in One Week's Time in

Many Instances.

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. He says neglect causes more eye troubles and poor sight than any other one thing. Many whose eyes were failing say they had their eyes restored through the principle of this wonderful free prescription. One man says after trying it:
"I was almost blind; could not see to
read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully! Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print with-out glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multithem in a reasonable time and multitudes more will be able to strengthen
their eyes so as to be spared the trouble
and expense of ever getting glasses.
Eye troubles of many descriptions may
be wonderfully benefited by following
the simple rules. Here is the prescription: Go to any active drug store and
get a bottle of Bon-Opto tablets. Drop
one Bon-Opto tablet in a fourth of a
glass of water and allow to dissolve.
With this liquid bathe the eyes two to
four times daily. You should notice your
eyes clear up percentibly right from the
start and inflammation will quickly disappear. If your eyes are bothering you,
even a little, take siers to save them
now before it is too late. Many hopelessly blind might have been saved if
they had cared for their eyes in time.

NOTE: Another prominent physician
to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients
are well known to eminent eye specialists and widely prescribed by them."
