firm.

Brokers report a broader basis of general business, and that the field of enquiry for Cobalt stocks is materially wider. Beyond a natural reaction the mining market closed steady to firm. La Rose was well bought thruout the day by New York, at which point the stock was bid at 7 1-2, the highest price yet reached for the shares. A demand has arisen for Mc-Kinley-Darragh stock, and the purchase of a small amount of shares today necessitated a sharp advance. It ALISTS.

COBALT---McKinley and LaRose Strong on the Mining Markets----COBALT

Men in Drift Encounter Important This Company Will Turn Their Body of High Grade Ore-Joy in Cross Lake Section

cial circular on Beaver say: There Edward Mining Company, and new seems to be more interest centred in life has been infused into the Cross in the Cobalt Camp at the present Cross, Pontlac and Cross Lake Mines, time than in any other property in because of an important strike just that locality. It is something like two made at the 80-foot level of the King years ago since the Beaver Consolidated Company was formed, having twenty acres of land adjoining the famous Temiskaming immediately to the north. A plant was erected and active mining operations begun. A shaft was sunk to a depth of 75 feet, and tunnels were driven both east and west, and a number of veins encountered. At 50 feet east from the shaft, vein No. 1 was encountered and drifting commenced on this to the north. In about 100 feet, silver values running as high as 38 to 40 ounces were found. The tunnel was continued to the east for a distance of 370 feet. Afterwards the company determined to sink to a depth of 370 feet. Afterwards the company determined to sink to a depth of 370 feet. Afterwards the company determined to sink to a depth of 370 feet. Afterwards the company determined to sink to a depth of 370 feet. Afterwards the company determined to sink to a depth of 370 feet. Afterwards the company determined to sink to a depth of 270 feet. Afterwards the company determined to sink to a depth of 270 feet. Afterwards the company determined to sink to a depth of 270 feet. Afterwards the company determined to sink to a depth of 270 feet. Afterwards the company determined to sink to a depth of 270 feet. Afterwards the company have encountered a most interests the strike form private form p years ago since the Beaver Consolidat- Edward property. According to in-

as so to so ounces were found. The ast for a distance of 370 feet. Afterwards the company determined to sink to a depth of 200 feet, which was done and drifting commenced again both east and west. Vein No. 1 was again picked up at 50 feet from the shaft and drifting to the north commence. At a little over 100 feet from the tunnel the vein became mineralized and with one or two more rounds of shots values were struck on this property assaying between 3000 and 4000 ounces of silver to the ton. This would lead one to suppose that at this point the values go from 75 to 200 feet, and it is unknown reveal and many unknown millions unmuch lower. It has been supposed

brated Temiskaming vein, but the values found are not the Temiskaming vein, as that vein intercepts the Beaver property some 200 feet further to the cast. In all carrying silver values more or less.

At the Elk Lake Cobalt camp, better known here as "Pritchard's Camp," in progress. The new six-drill compressor is giving excellent satisfaction and altogether the plant is in good shape. Mr. Pritchard has not yet got to for Hamilton, Buffalo, New York any great silver values, but his vein and points east will leave at 7.10 p.m., is a strong and well defined one, and he is very hopeful of getting a good pay-streak. Mr. Pritchard is of opinion that it is necessary to go down ronto at 4.00 p.m., daily except Sunday, for Galt, Woodstock, Guelph, St. and it is his intention to go to the 300

foot level before drifting.

The Silver Alliance, which is just across the James Township line in Tudhope, has silver showings which are second to none in the Montreal River district. The vein, which is about The London local will leave at 2.45 six inches wide, carries native silver p.m. for London and intermediate all the way down the shaft, a depth of

> ANGLICAN APPOINTMENT Rev. L. B. Vaughan Made Vicar of St. Barnabas'.

The Bishop of Toronto has approved of the appointment of Rev. L. B. Vaughan as Vicar of St. Barnabas' Church, Halton and Givens-streets.

This is in accordance with an arrangement made by the rector, Rev. W. H. Clarke, who. in consequence of failing health, found it necessary to give up the active charge of the parish. vestry of the church has concurred in the appointment of the new vicar. Rev. W. H. Clarke will continue as rector of property at the southwest corner of Front and Princess, for 21 years, at exmeritus.

Rev. L. B. Vaughan was ordained by \$1200 a year and taxes, was agreed on. the late Archbishop of Toronto. For the past 18 months he has acceptably filled the position of an assistant min-ister of St. Phillip's Church. His preferment is regarded with general satisfaction, and he has achieved great Mate Ackroyd will be paid \$200 a year isfaction, and he has acmeved great for recovering the bodies of drowned popularity by his devotion to his work UNLISTED Stocks. at St. Phillip's.

Hold Up on Steamship.

BORDENTOWN, N. J., June 3.—
Three men late last night boarded the steamboat Springfield, plying between Bordentown and Philadelphia, and with clubs, a razor and an ax, held up the purser, firemen and two deck hands, robbing them of watches, other lewelry and clothing.
