

OFFICIAL PLANK ON RE-ESTABLISHMENT

Veterans Set Forth Complete Basis of Claims for Ex-Service Men.

The official plank on the question of the re-establishment of ex-service men and women, as it will be written into the veterans' political platform...

The plank demands gratuities ranging from \$1000 to \$2000, according to place of service; disability pensions at the rate of \$1 a month for each per cent. of disability...

The text of the plank follows: "Every effort must be made to adequately re-establish all ex-service men and women, as fully as the finances of the country will permit. We claim \$2000, \$1500 and \$1000, according to place of service to be immediately placed in the hands of each ex-service man or woman and to be paid by the government on application through organizations of ex-service men and women."

On Victory Loan Lines. "This can be readily worked out by reconstruction bond issue on Victory loan lines. Also all war indemnities received by Canada must be paid at the rate of \$1 per month for each per cent. of disability, and dependents shall be paid on the same basis; all pensions to be paid irrespective of rank and no pension shall be required to appear before pensioners board for year after pension has been fixed, except at pensioner's own request."

Pensions for the widows and orphans must be sufficient to enable them to live up to the Canadian standard of living. We claim pensions for dependents of deceased ex-service men and women. Pensions for ex-service men on medical or medical treatment, and these to be retroactive.

Pensions of deceased pensioners to be paid for one year after death to defray funeral expenses; and where there are children left as dependents, the extension payment to be equal to two years pension.

More extensive vocational training for the disabled ex-service men and women (also for minors up to 21), with increased pay and allowance.

Hints at Expediency. That the recent resolution of the Army and Navy Veterans endorsing the present government's opposing a general election was actuated by some ulterior consideration of political expediency...

Marsh, "that just prior to the political convention of the G.A.U.V. last year, the veterans' federal platform was about to be drawn up, that this same branch of the Army and Navy Veterans endorsed the extension payment to be equal to two years pension."

"We are being careful to avoid press controversy in our own country, but the work we have in hand is far more important than any controversy," said Mr. Marsh. "But," he continued, "it is encouraging to know that in the political battle now being waged by the returned men, not only the G.A.U.V. but all veterans in Canada for the realization of their proper share of freedom and democracy for which they fought overseas and for which so many made the supreme sacrifice, only at the moment prepared to champion the government's continuance in office is detrimental to the attainment of the veterans' objective."

"We are pleased to know," said Mr. Marsh, "that 27 out of the 50,000 men Toronto sent to the war are now re-established. Mr. Hunter and his handful of supporters may be re-established, but being re-established, they might far better support the effort being made to re-establish their less fortunate comrades instead of throwing obstacles in the way."

"We refuse to be drawn into this subject, yet Messrs. Hunter and Co. are welcome at any time to attend any local meeting of the G.A.U.V. and explain why they are so apparently satisfied with the government and their own re-establishment."

Form Detroit Branch. A thousand members of the British American Legion, made up of former service men of the Canadian and Imperial forces, transformed themselves into a branch of the G.A.U.V. at a meeting in the Grand Army of the Republic Hall in Detroit last night.

Another branch of the G.A.U.V. will be organized at Chicago tomorrow. J. Harry Flynn, Dominion organizer, is supervising the formation of the new branches.

Points of the G.A.U.V. are now functioning at New York, Rochester, Ithaca and Detroit. A charter has been forwarded to a branch in Philadelphia at Saginaw and Port Huron have also applied for charters.

Mr. Flynn addressed a mass meeting of veterans and citizens on the soldiers' political platform at Windsor yesterday afternoon.

WILL BE NO APOLOGY FOR BANNERS CARRIED

J. Harry Flynn, writing on behalf of the G.A.U.V., declares that there will be no apology to the government for the banners carried in the veterans' parade on August 28. "The banners we carried," he says, "were simply an expression of the general feeling of veterans against the shameful betrayal of the returned men, widows, orphans and cripples by the present Union government, and that the only apology we can offer is an apology to the people of Canada for the existence of such an unrepresentative government."

TOO MUCH ALCOHOL Mike Poluke, 46 Nelson street, was arrested yesterday by Plainclothesmen Greenley and McArthur, on a charge of having liquor illegally in his possession. The police claim to have found a gallon tin of alcohol in Poluke's possession when arrested.

POLICE HOLD TEN Zozawsky, 225 West Richmond street, was arrested on Saturday night by P.C. Scott, on a charge of keeping a common gaming house. Nine other persons found in the place were also held.

DISCUSS CHURCH UNION IN TORONTO PULPITS

Canon Plumtre Sees Lessons in Unity Derived From War - Rev. Trevor Davies Pleads for Earnest Consideration - Idea Gives New Outlook to Anglicanism, Declares Dr. Cody.

The question of church union as set forth in the encyclical of the bishops at the Lambeth conference, formed the subject of sermons in many of the churches in Toronto yesterday.

The Rt. Rev. T. F. Sweeney, bishop of Toronto, commenced yesterday morning in St. Alban's cathedral a series of sermons on the results and proceedings of the conference.

St. Albans was over-filled to listen to the bishop, but he did not dive very deep into his subject, contenting himself by giving a general review of the formation and establishment of the conference, and a brief survey of its results.

Next Sunday morning the bishop will give a series of sermons, and proposes to give some of the conclusions he has arrived at, the general results of the various resolutions passed, so far as they concern the Church of England in Canada.

War's Concrete Example. "The services of the chaplains during the war gave us a concrete example of what would be done in unity under the pressure of military necessity, and the experience was broken thru in many ways the ecclesiastical exclusiveness of the past," remarked Canon Plumtre, M.A., in the course of an interesting sermon at St. James' cathedral yesterday morning, on the encyclical, his text being, "And they shall become one flock with one shepherd." The war, he added, had displayed a unity binding all sections of the empire which seemed to cry shame on their church divisions.

Canon Plumtre went on to say that there were three points which had been evolved: First, a new vision of the Catholic Church; second, a new theory of church government, and thirdly, a new scheme of church reunion. A new vision had dawned upon the bishops who realized that "we are all members of one family," and the Lambeth conference had changed the views of many years ago.

Canon Plumtre declared that while slackers waxed fat in the high wages paid in war industries, the returned men are getting the dregs. His address was carried out by the testimonial principal members of the Borden administration. The ex-premier himself was charged with scores of broken promises, made to the soldiers which they were on the battlefield.

Senator Gordon Robertson was scored on this remark, that the government was providing work for the returned men by placing them on good roads work. "I asked him," said Mr. Flynn, "how he would like to take such a job."

Sir George Foster and Hon. N. W. Rowell also came in for their share of criticism. Mr. Rowell's refusal to meet Flynn at Ottawa, when he had been invited by Mr. Flynn, was mentioned. Mr. Rowell's deputation seeking a higher gratuity, and the latter's crusade, which would have in view the returned men, were also mentioned.

These, claimed Flynn, amounted to practically nothing, many of the men drawn accounts, many of them receiving only a few dollars.

Veterans' Political Action. Sir Henry Drayton was twitted on his remark, that the government was providing work for the returned men by placing them on good roads work. "I asked him," said Mr. Flynn, "how he would like to take such a job."

Mr. Flynn intimated that a possibility of joint political action by the G.A.U.V. and the G.W.V.A. The former body in any event stands pledged to enter the federal lists at the next campaign.

Methodist Viewpoints. Taking his text from the 16th verse of the 10th chapter of St. John, the words, "They shall be one fold and one shepherd," Rev. Trevor Davies addressed the congregation of Metropolitan Methodist Church yesterday morning on church union. He reminded his hearers that the churches and their members were in somewhat the same position as the different members of the human body. "It would never do for the eye or the brain to say to the hand, 'I can do what I say,'" he referred to the appeal made to all Christian churches by 250 bishops of the church of England for union of the Christian churches, and asked his congregation to give the matter their warmest consideration.

Dr. Davies said the Methodist Church could accept the four cardinal points enunciated at the Lambeth conference on church union, altho he personally would have been pleased if the point in the acknowledgment of the ministry by every part of the church had been more definite, and he thought there might be some divergence in regard to details. He hoped there would be a spirit of sacrifice, as without that they could not look for a real union. He pointed out how great a factor in the Methodist church had been in Christian work, and he trusted that the essential fundamentals of Methodism would be safeguarded.

Dr. Davies said that what happened at the Lambeth conference revealed the wonderful way in which God worked. He reminded his congregation that there was no question of religion between those who fight side by side in the present war; they were all comrades, making sacrifices for the peace of the world. It seemed to him that the appeal by the English bishops should meet in the same spirit for the unity of the Christian churches.

New Anglican Spirit. Rev. Dr. H. J. Cody preached on the Lambeth conference and church union at the 11 o'clock services in St. Paul's Anglican Church yesterday morning.

The principle underlying the Lambeth conference and the movement for church union was the principle of fellowship, said Dr. Cody. The idea of fellowship between God and man and man and man was the idea about which the whole proposal was built.

NO U.F.O. CANDIDATE IN N. E. TORONTO

The vacancy in the legislature for Northeast Toronto is probably unique in that it is a matter of indifference to the government as to who will fill it. The election will be held next month—probably the twenty-fifth or thirtieth. The U.F.O. party have no organization in the riding and will not risk defeat by forming one and nominating a candidate. They will allow the election, therefore, to be fought out without participating in it.

"This principle of fellowship," said Dr. Cody, "should underlie all business, commercial and industrial relations between man and man." Considering the specific application of the following principle to the practical question of union of the different denominations, Dr. Cody read that section of the encyclical letter of the Anglican bishops which dealt with this matter. The preacher elaborated and explained the meaning of this part of the letter.

"The idea of reunion," said Dr. Cody, "gives a new spirit and outlook to Anglicanism. It has created a more generous atmosphere for the discussions of the problem." Dr. Cody described the letter of the bishops as a frank recognition of the fact that the various resolutions and nominations in the one church of Christ. "The letter," he said, "prepares the way for the friendly discussion of practical proposals."

G.A.U.V. ORGANIZER SCORES EX-PREMIER

J. H. Flynn Also Demands the Use of Profiteers' Hoardings for Bonuses.

Windsor, Ont., Sept. 18.—Conscription of war profiteers' hoardings by the government to provide adequate soldier bonuses was the demand voiced by J. Harry Flynn of the Grand Army of the United Veterans, during the course of a lengthy address to the newly-organized branch of that body here this afternoon.

Mr. Flynn declared that while slackers waxed fat in the high wages paid in war industries, the returned men are getting the dregs. His address was carried out by the testimonial principal members of the Borden administration. The ex-premier himself was charged with scores of broken promises, made to the soldiers which they were on the battlefield.

Senator Gordon Robertson was scored on this remark, that the government was providing work for the returned men by placing them on good roads work. "I asked him," said Mr. Flynn, "how he would like to take such a job."

Sir George Foster and Hon. N. W. Rowell also came in for their share of criticism. Mr. Rowell's refusal to meet Flynn at Ottawa, when he had been invited by Mr. Flynn, was mentioned. Mr. Rowell's deputation seeking a higher gratuity, and the latter's crusade, which would have in view the returned men, were also mentioned.

These, claimed Flynn, amounted to practically nothing, many of the men drawn accounts, many of them receiving only a few dollars.

Veterans' Political Action. Sir Henry Drayton was twitted on his remark, that the government was providing work for the returned men by placing them on good roads work. "I asked him," said Mr. Flynn, "how he would like to take such a job."

Mr. Flynn intimated that a possibility of joint political action by the G.A.U.V. and the G.W.V.A. The former body in any event stands pledged to enter the federal lists at the next campaign.

MARRIAGE LICENSE SYSTEM MOCKERY

Dr. Stauffer Points to Evils of Divorce—Hits at Hasty Marriages.

"Our marriage license system in Ontario is a mockery," declared Rev. Byron Stauffer, pastor of the City Temple, speaking at the Allen Theatre last night to a capacity congregation, a thousand people being turned away quarter of an hour before the doors were closed.

"Almost anyone can buy a license if he has the price, in the same way that he can purchase a wedding ring," added Dr. Stauffer. "People who sell their licenses make a profit and the winning gets a fee, and it is only human nature to make all they can."

Dr. Stauffer quoted Viscount Bryce, on the subject of divorce, that modern dangers were lunacy, suicide and divorce, with divorce the most serious.

Bishop Fallon had also stated that it was the following remark, that the government was providing work for the returned men by placing them on good roads work. "I asked him," said Mr. Flynn, "how he would like to take such a job."

Mr. Flynn intimated that a possibility of joint political action by the G.A.U.V. and the G.W.V.A. The former body in any event stands pledged to enter the federal lists at the next campaign.

REWARD OF \$1,000 FOR DAVIS LIKELY

Warrant Was Issued Several Days Before Name of Suspect Was Made Public.

Altho the name of the suspected murderer of little Philip Goldberg, on August 7, at the corner of Glendale avenue and Queen street, was not made public until the inquest at the morgue on Friday night, a warrant charging Fred L. Davis with the crime had been issued several days before by the police, and all the principal towns and cities in Canada and the United States were circulated.

It is understood that the notice of a reward of \$1,000 will be issued in a day or so. Towards this reward \$500 has already been voted by Attorney-General Ransay, and it is believed that an additional \$500 will be authorized by the police or the city council.

The police have no clue whatsoever as to the direction taken by the man in the circulars are issued authorizing the reward for Davis' arrest, the man's picture will be inserted in the Toronto Star and the photograph of Davis, which was found by Cronin in the bottom of the man's trunk and enlarged. Judge Mott Presents Shield to Winners—Outing and Conference.

Over one hundred leaders of Methodist boys' groups in the Sunday schools of Toronto held a conference and outing at Scarborough Bluffs on Saturday afternoon and evening. Judge Mott presented the boys' department of Earlscourt Sunday School with the Mott shield for having the highest average attendance during June, July and August, in a competition among the boys' departments of the Methodist Sunday schools of the city. Out of a possible 184 boys, 122, or 66.5 per cent, had been in attendance during the summer. The shield is for annual competition, Earlscourt and Bloor Avenue were awarded pennants for the highest average in the west and east districts, respectively.

Judge Mott made a plea that greater consideration be given the underprivileged boys who live outside the influence of the Sunday schools and that an attempt be made to bring Anglican soldiers into the ranks of the church within their influence.

During the afternoon seven teams participated in a baseball tournament which was won by Woodgreen. After a card and winner rooster group conference were held in the evening, the boys' department of the city was perfected for the purpose of more thoroughly linking up the teenagers with the Sunday schools.

CHILDREN DIVIDE HOURS AT SCHOOL

Limited Space for Crowds of Pupils—Memorial Fund Grows.

Children in the Earlscourt public school have been notified that one-half must attend school at 8.30 a.m. to 11.30 and the remainder from 1.30 to 3.30, so that all may have an equal share in the teaching, this change being due to the crowded condition of the schools and the limited space at the disposal of the board. It has been suggested that the plot at the corner of Norton avenue and Dufferin, which adjoins the school, should be purchased and the school enlarged. In the meantime a double portable school has been ordered, made at once by the board of education, and when this is installed, the playgrounds will help to take care of the congestion now being felt in this school.

Rev. A. J. Reid, rector, at the services on Sunday at St. Charles' Church, announced that the fund for the memorial tablet to be erected in memory of fallen Anglican soldiers was growing rapidly. The exact nature of the memorial has not yet been settled. It will be a tablet in either bronze or marble and contain the names of the men who paid the supreme sacrifice in the late war. Capt. W. H. Sprinks, M.M., is chairman of the committee.

"Lads and Their Dads" was the title of an address given by E. J. Moore to the Men's Own Brotherhood at the Earlscourt Methodist Church yesterday afternoon. Rev. E. C. Hunter presided, and the men's orchestra played selections, led by Bandmaster Robb. Arrangements are being made for the purchase of a new pipe organ for the Earlscourt Central Methodist Church, of which Rev. E. C. Hunter is the pastor. At the present time a piano is being used. At the Sunday morning service the first of a series of sermons on the "Fundamentals of Our Faith" was begun by the pastor, and there was a large attendance.

The Fairbank branch of the G.W.V.A. is making arrangements for entering the new quarters, the branch having been presented with a frame building formerly used as a school house and granted a certificate to be given in one of the local theatres prior to the opening. The branch numbers about 200 members and is flourishing.
