

Thursday, March 10.—On Motion of Mr. S. Humbert... Resolved, That a Committee be appointed to take in...

The Observer.

TUESDAY, MARCH 22, 1831.

PRO REGE, LEGE, ET GRÆGÆ.

We have as yet had no advices from England of so late a date as to admit of giving us any information regarding proceedings in Parliament; neither have we any additional information from Ireland.

The Courier of Saturday last, contains a paragraph respecting the dispatch of loading the ship Ant, belonging to Messrs. R. Rankin & Co., in 11 days; but an instance of still greater dispatch has occurred in the loading of the same firm, which vessel has on board fully a larger cargo than the Ant, (about 1200 tons square timber) was stowed by Mr. Geo. King, and was finished in ten days.

Mr. Wilson, Gardner, &c. at Wright's Cottage, furnished the Coffee House table on St. Patrick's Day, with an excellent Salad, which is worthy of notice as a circumstance very unusual if not unexampled here on the 17th March.

British North American Magazine.—It will be seen, by an advertisement in a succeeding column, that Mr. Ward has relinquished the publication of that work.—He has published an Address in the Halifax Papers, making known his intention of again appearing before the public, as a public journalist, and that if sufficient encouragement offers, he intends commencing a Weekly Newspaper early in April, to be called the "Colonial Journal," at 15s. per annum, exclusive of postage, to be published on Tuesdays.

Another Large Hog.—On Tuesday last, Mr. James Peters, of Kingston, brought to market a Hog weighing 618 lbs.—a little more than 24 years old.—Sold to Mr. George Thomson, at 4d. per pound.

Half-past One O'clock.—The Reports of Friday and Saturday have just reached us.—Those of Wednesday and Thursday are missing.—Friday's Report is quite brief, and we give it entire.—On Saturday, Mr. Simonds brought forward a Bill to grant encouragement to the Seal Fisheries, which caused a lengthy and warm discussion, and was finally lost, 10 to 11.

We have also (in company with Friday's Reports) received a lengthy speech of Mr. Speaker, delivered on Wednesday last, in a Committee of the Whole House, on the General State of the Province, which from the hasty glance we have given it, appears to possess considerable interest and spirit, and we regret that the lateness of the hour prevents us from giving it this week. The immediate subjects of the Speech are, "the Custom House Establishment and the Casual Revenue," both of which he considered should be under the immediate controul of the Province, and he assured the House, "that any measure calculated to effect this desirable object, should have his cordial approbation and warm support."

By the Journal of Thursday we find that the House was on that day employed in appropriating money for Bye Roads and Bridges:—Queen's, Kent, Westmoreland, Gloucester, and Charlotte Counties were attended to.—The following sums were also granted:—

To the Honourable Richard Simonds, the sum of £200 for his services from 1st Dec. 1829 to 1st Dec. 1830; and a further sum of £100 to enable him to pay a Clerk for the same period.—To His Majesty's Attorney General, the sum of £100 for his services for the year 1830.—To His Majesty's Solicitor General, for his services for the year 1830, the sum of £50.—For the Clerk of the Crown in the Supreme Court, for his services for the year 1831, the sum of £100.—To E. C. Chandler, the sum of £135, 17s. for Gauging and Weighing at St. John, for the year 1830.

The following is from the Journal of Wednesday, 1st March, 1831. Mr. Parlow moved the following Resolution, which was passed by the House.—Whereas, a Resolution passed the House on the 3d. inst., that an humble Address should be presented to His Honor the President, praying that His Honor would cause to be laid before the House, certain statements connected with the Civil List, Casual Revenue, and the Custom House Establishments of this Province, which are in the said Address particularly specified; and whereas, the said Address has been so presented, and the wishes of the House deem the information thus sought for, to be of great importance, inasmuch as without it, great difficulties exist in carrying into effect the objects contemplated by the House:—Therefore resolved, that the subjects adverted to be brought under the consideration of His Majesty's Government, by Addresses from this House; and that a Committee be appointed to prepare the same.—Ordered, that Mr. Parlow, Mr. Simonds, and Mr. Chandler, be a Committee to prepare the said Address.

Friday, March 17.—AUCTION DUTIES. In discussing the Auction Bill, Mr. Simonds thought it better to abolish Auction Duties altogether, and raise that much of the revenue in some other way, as they were so much evaded, and by no means collected to the extent they ought to be.

Mr. Simonds said, the only way to ensure the collection of Auction Duties would be, to make the community interested in their collection. He thought all such duties should have a local application; they should be applied for the benefit of the place in which they were collected. He could not see why the Auction Duties in St. John should go to make or improve roads in other parts of the province; he thought such Duties always ought to be applied to the support of the poor, or other local purposes, in the place where the goods were sold. Such an application of the Duties would prevent the evasion of the law, as auctioneers would feel interested in giving a faithful account of Duties knowing that they would be applied to the benefit of their own community. He (Mr. S.) thought this the best way to dispose of Auction Duties; but if they were not applied in this way, but must go into the province treasury, he (Mr. S.) would be quite willing that the Duties should be abolished altogether, and that the only imposition should be a charge on the subject, the more he felt satisfied, that goods sold by auction should not pay auction duties, having already paid such high duties to the revenue. But if the duties could be applied to the local benefit of the place in which they were collected, he would have no objection to leaving them remain.

Mr. Chandler could not agree with Mr. Simonds. It appeared to him, that whatever duties are imposed on goods, whether as auction duties or otherwise, they were always eventually paid by the consumer. Now the consumer of goods sold by auction in St. John, might live in Madawaska. On that principle, therefore, all such duties ought to go to the general benefit of the province.—(Bill agreed to, with amendments.)

His Majesty's Council have re-ordered the following Bills:—Bill to prevent Pedlars travelling and selling within this Province, without Licence.—Bill to alter and amend the Act made and passed in the fifth year of his late Majesty's reign, intitled, "An Act to extend the Provisions of an Act to encourage the inhabitants of this Province, who are engaged in prosecuting the Cod and Seal Fisheries, by granting Bounties on the same."—Bill for the encouragement of Parish Schools in this Province.

We with much pleasure insert in our columns this day an address from the Officers of the King's County Militia to our excellent late Inspecting Field Officer, Lieut. Col. Lovv, with a copy of that gentleman's reply, both of which evince that proper feeling which so well becomes the service, and afford an ample and convincing proof of the advantage which the Militia has derived from that gallant and able Officer's discipline and conduct.

DEAR SIR: I very much regret that the travelling both by land and sea, is such, as to prevent me from presenting the enclosed Address in person, which it was my intention to have done; but have to request that you will accept the will for the dead; and believe me to be, Dear Sir, with the highest esteem, Your obedient humble servant, D. B. WETMORE.

Norton, (K. C.) 12th March, 1831. Lieutenant-Colonel Lovv.

To Lieut. Colonel Lovv, Inspecting Field Officer of the Militia of the Province of New-Brunswick, &c. &c. An Address from the Officers of the King's County Militia.

Sir—We the Officers of the King's County Militia, bring informed of your promotion and consequent intimation of leaving this Province, to join your Regiment, feel desirous to convey to you our warmest thanks and judgements for the zealous, prompt and efficient manner in which you have acquitted yourself of the very arduous task of Inspecting Field Officer.

The affable and conciliating manner and deep interest you have ever taken in Militia concerns, and reconciled the differences between the Officers and Men; and your thorough knowledge of Military discipline, has given such full confidence and increased the emulation to all, as to make light the duty even to the most perverse and obstinate.

That Mrs. Lovv and yourself, may enjoy a continuance of good health and have safe and speedy passage to the Mother Country, is the sincere wish of, Sir, your most obedient and very humble Servants, D. B. WETMORE, Lieut. Col. Commanding 1st Battalion King's Co. Militia. On behalf of the Officers of King's County Militia, 12th March, 1831.

St. John, 21st March, 1831. My Dear Sir—I beg leave to acknowledge the receipt of your letter, covering an Address from the Officers of the King's County Militia, and in reply beg you will accept and convey to the Officers of the several Battalions of the County, my best thanks for the unexpected and handsome manner they have expressed their sense of the services I have rendered to them. That I was enabled to reconcile the differences between you and your allies, may be attributed in a great degree to the zealous and able support I received from yourself and the other Officers, and the good feeling of the men; differences however, which will never exist where the relative situations and duties are duly understood and respected; and it is therefore a source of gratification to me to know that while discharging the duties committed to me, I was fortunate enough to conciliate the feelings and excite the confidence of the Militia of King's County.

I beg you will accept my acknowledgments for the kind wishes expressed for the safe arrival of Mrs. Lovv and myself in England; and although I am naturally anxious to revisit my friends and the scenes of my early life, I shall nevertheless leave this Country with sincere regret, many circumstances having contributed to make me feel a lively interest in its affairs, and to believe that in whatever part of the world my duty as a Soldier may in future place me, the few years I have passed in this Province will always be remembered, as amongst some of the happiest of my life.

Tremain, my dear Sir, with very sincere respect and esteem, your very obedient, humble Servant, J. F. LOVE, Lieut. Col. Commanding 1st Battalion King's County Militia.

St. Patrick's Day.—On Thursday last, the Festival of St. Patrick was celebrated as usual in this City, by a large number of his sons, with the Heads of the Civil and Military Departments, as public guests, dining together at the Exchange Coffee-House. The dinner was provided by Mr. G. Semmell, in his customary good style, which was evinced by the numerous wines and delicacies, with excellent wines, that crowded the table; at the head of which Town-Major GALLAGHER, President of the St. Patrick's Society, presided, and was well supported by S. G. HAMILTON, Esq. Vice President. The evening was spent with the utmost harmony and good feeling, which was participated in alike by the representatives of the Shamrock, the Rose, the Thistle, and the Native Pine. The enjoyments were much enlivened by the fine Bugle Band of the Rifle Brigade, and Mr. Corry's soldiering music, which accompanied many of the sentiments. The following are the toasts given from the Chair on the occasion, after which many truly patriotic and appropriate volunteers were drunk, and drew forth the most rapturous acclamations from the warm hearts of the joyous assemblage.—(Courier.)

The Gallant Polish Nation!—May their present struggle for Liberty be crowned with Success! The Fair Daughters of New Brunswick—By the Vice President, who reserved the giving of this toast as his prerogative. After the Militia of the Province had been drunk, Honorary Payser, Esq. of Portland, rose, and in behalf of himself and Brother Officers of the Militia in this City and County, delivered a neat and appropriate address, in the course of which he took occasion to pay a very just and proper compliment to one of the distinguished Guests, then present, Lieut. Colonel Lovv, now in the eve of leaving us, for the zeal and ability displayed by him, at all times, as Inspecting Field Officer of the Militia, in improving and perfecting the efficiency of that arm of our Colonial Strength.—Continued.

QUEBEC, Feb. 21.—A message was sent to the Assembly last evening concerning the late financial difficulties. It is proposed to give up to the Province the revenue claimed as at the disposal of the Crown, which is stated as amounting annually to about £38,000 and an estimate for a Civil List amounting to about £19,000 is transmitted, which is asked to be granted for the life of the King. ERRATA.—In the hurry of transcription, the Reporter inadvertently made a curious error, in Mr. Speaker's speech on the Revenue Bill, (Thursday, March 10), by writing the word "cattle" for "capitals." The phrases, "that this province is living on its cattle," and "if the cattle are exhausted," should be accordingly amended.

BRITISH NORTH AMERICAN MAGAZINE. THE Friends and Supporters of the above Work, are respectfully informed, that a severe illness, which has rendered all attention to business impracticable during the last four weeks, has prevented the Editor from making the necessary arrangements for issuing the second number; and he has therefore deemed it the most proper course entirely to discontinue a Periodical, which is attended with great expense and difficulty as to its publication, and which would at all times liable to similar interruption.

This determination, it is needless to state, has been arrived at after much consideration, and with great regret; but the obstacles that present themselves, render it one of necessity rather than choice, while the expense of transmitting the Magazine by mail, daily presents the forwarding it to the more distant parts of the Province, and to the Canadas. In the few instances where the advance was received, before the above result was contemplated, it will be returned; and Subscribers generally, it is presumed, will readily pay for the number which has been delivered.

It only remains for the Subscriber to return his thanks to those Gentlemen, who so justly encouraged his proposed Work, and to solicit a continuance of public patronage and support. EDUARD WARD. Halifax, March 14, 1831.

As this course of study is progressive, no pupils will be received after the commencement of the first term. Those who wish to become members of this Institution, are requested to make application before the 20th of April, as Miss Cross will be absent a few weeks.

Instruction will be given to Private Classes in the English and French Languages. The Grammar of these languages will be made very easy and entertaining by a course of familiar lectures—30 will constitute a course for English, and 35 for French.—Terms made known on application. March 15, 1831.
