

BEAVERBROOK BLAMES BYNG FOR TURNOVER

Says Governor-General Made
Great Constitutional
Mistake

LONDON, Sept. 15.—The Evening Standard, owned by Lord Beaverbrook, regards the result of the Canadian general election as a sharp censure of Lord Byng, the Governor-General of the Dominion.

It recalls that it pointed out at the time of the occurrence that Lord Byng had made a great constitutional mistake in refusing Premier Mackenzie King dissolution and a short time later granting the same to the new premier, Rt. Hon. Arthur Meighen.

"By taking such action Lord Byng not only did an injury to his own reputation," The Standard says, "but an injury to Premier Meighen's electoral prospects following the dissolution. The liability of such an error is inevitable when a soldier is sent to fill a politician's place."

PROCESS IS DANGEROUS.

"During the war we heard much indignation expressed with regard to politicians filling soldiers' jobs. The reverse process, of which we have an example here, is at least as dangerous." The Standard thinks that although a seat in Parliament should be speedily found for Mr. Meighen, the strongest figure, by far, for the Conservative leadership is Hon. R. B. Bennett, M.P. for West Calgary. The paper lauds Mr. Bennett for his lucidity and great verbal facility, and says he is worth at least \$5,000,000.

BAD IMPRESSION CAUSED.

The Star, the evening edition of the

LARGEST FLYING BOAT IN THE WORLD IS COMPLETED

The largest flying boat in the world is ready for test flights at Paris, France, by the Chantiers Penhoet. The huge monoplane has five motors with a total of 2,100 horse power and is arranged that mechanics can make repairs in flight. Each wing measures 40 meters in length. The body is 38 meters high and divided into three stories. The plane can carry a useful load of 5 1/2 tons. Photos show two views of the plane.

Daily News, Liberal, says Lord Byng's action in refusing dissolution to Mr. King and granting it to Mr. Meighen, created a bad impression, "though doubtless he acted for the best."

The Star says the result of the election is a verdict against unfair political tactics. It deprecates the course of Hon. B. L. Patenaude, minister of justice, throughout the election campaign also the "insincerity" of the Conservatives on tariff matters. With regard to the latter the Star adds that it was typical of the protectionist policy, "which the Star is glad Canada has found out."

BOTH LEADERS LOYAL.

Liberal complaints concerning Lord Byng "cut no ice" in the contest, The Morning Post thinks.

"Both leaders," the paper says, "fied with each other in professing loyalty and devotion to the Crown and the British Empire, leaving the politician free to range over the whole series of questions chiefly interesting Canada or its constituent provinces."

"The provinces made an unfortunate play with the customs scandals where

more was said than could be proved, and the death of the minister who had been the target caused a still further reaction. The issue of free trade versus protection did not really arise, the question being merely one of increasing or maintaining protection where the Liberals no doubt scored heavily with the agricultural vote."

POLITICAL QUIET WANTED.

"We gather that the Canadian electorate was determined as far as it could and unstable political equilibrium, no doubt considering that the best chance of obtaining stable government lay in plumping of the Liberals. What Canada wants is political quiet to go ahead with the agricultural and industrial development laying before it. These are better than barren controversies over constitutional issues, and if Mr. King's party turns its back on one and faces the other it will be carrying out the wishes of the Canadian people."

WORKING MAJORITY SEEN.

The Daily Mail is of the opinion and the new government, whether it be called "Liberal" or "Coalition" seems assured of a good working majority to frame and carry out effect a consistent scheme of policy. The paper continues: "This would benefit Canada which has suffered too much in recent years from the instability and incoherence of the party situation."

The Liberal victory was due to various causes which cannot be too closely analyzed by observers at a distance. Personalities and charges of maladministration were bandied about freely and it would seem that the Conservatives lost more than they gained in their virulent campaign. Nor did they make any headway in Quebec which remained, as usual, solidly Liberal.

U. S. INFLUENCE GROWING.

Touching on the constitutional issues, The Daily Mail thinks that few Canadians believe any imperial cabinet would attempt to abridge the rights of states. "Even fewer," it states, "are in favor of entering a political union with the United States, yet it must not be forgotten that this sentiment is exposed to a strain of increasing severity, for, economically and financially, the United States is becoming more and more a world power."

handily, the American influence is growing in the Dominion."

DRAMATIC DEFEAT.

The Daily Herald, the Labor organ, describes the defeat of the Conservatives as "dramatic and of a significance beyond precedent," the main decisive factor being the Governor-General's constitutional powers.

"Although Lord Byng's motives were not questioned," the paper states, "the Canadian people declared that the Governor-General must no longer regard himself free to accept or reject the advice of the premier and must, whatever his private opinion, under all circumstances accept and act under it. It marks one more step under which the Dominions are freeing themselves of every vestige of political control by the Imperial government or its representatives."

The Herald adds that the Canadian labor movement in politics is still in its infancy, "but it is a virile and growing infant. Two seats in the last parliament have now become four."

SEEKS SHARE OF MINTER FORTUNE

Father of Film Star Seeks Accounting and Half The Amount

LOS ANGELES, Sept. 16.—J. Homer Kelly, father of Mary Miles Minter and former husband of Pearl Miles Kelly, better known as Charlotte Shelby, has announced through his attorney that a complaint in equity had been prepared and filed in Federal Court here to obtain an accounting and a share of the fortune earned by the actress during the time she was a film star. The father seeks for half the amount named in the audit. The sum involved is said to exceed \$1,500,000.

A legal fight over the Minter fortune was precipitated when the actress filed suit here in January of last year, demanding an accounting of the money which she says she earned while a minor and which her mother is alleged to have received as her guardian.

CANADA HOLDS UP DEMAND FOR COUNCIL SEAT

Sir George Foster Declares
Dominions Asks Only
Equal Rights

GENEVA, Sept. 15.—At a full meeting of British Empire delegates to the League of Nations Assembly tonight the question of the allocation of council seats was harmoniously discussed and it was generally agreed that while the Dominions had a good claim to a seat, the present was not an opportune time to press it.

Each delegation retains complete freedom of action but in regard to the British attitude it must be remembered that certain promises had been given to various countries before Ireland's claim was submitted.

Sir George Foster, Canadian delegate, told the Assembly of the League today that his country was not claiming a seat. However, the Dominion claimant definitely known until this morning when its delegates informed the Irish claim to a seat. Seemingly Sir George Foster was not aware of the Irish Free State would pursue, but that country's intentions were not definitely known until this morning when its delegates informed the Irish claim to a seat. Seemingly Sir George Foster was not aware of the Irish Free State would pursue, but that country's intentions were not definitely known until this morning when its delegates informed the Irish claim to a seat.

AGREED SOME TIME AGO.

It is said in circles close to the Dominion delegates that it was agreed some time ago that at an opportune time a seat in the Council should be allocated to the Dominion, such allocation not to be by the group system but arranged to meet temporary circumstances. Subsequently, when Spain's candidate was forthcoming, some of the Dominion delegates were mentioned, it being supposed that no European complications were likely to ensue from the consideration of a Dominion's claim.

GROUP RIGHT DENIED.

Desmond Fitzgerald, delegate of the Irish Free State, denied the right of any group to a seat on the council, declaring that the League of Nations should have a free hand in the selection. James Walsh, secretary of the Irish Free State delegation, said: "After careful consideration of the position reviewed at the meeting of the Commonwealth delegation, it has been definitely decided to proceed with the Irish candidature to a seat on the Council. The Irish delegates believe that this step will serve the best interest of the dominions as they hope their candidature will meet the support of your delegation."

PUTS FIRE OUT.

While doing his rounds last night, Police Constable Bettie found a large bonfire started by boys burning on Fort Howe. The officer extinguished the fire which was in danger of catching the grass and doing damage.

WASHINGTON, Sept. 16.—Mrs. Mary Lincoln, widow of Robert Todd Lincoln, son of President Lincoln, who died in Manchester, Vt., July 29 last, has petitioned the Probate Court for letters testamentary on the million-dollar estate of her husband and for the probate of his will.

Mrs. Lincoln declared that Mr. Lincoln left no real property in the District of Columbia, but that he left an estate known as "Hildens" near Manchester, Vt., which was assessed \$125,000; also a personal estate consisting of stocks, bonds and cash in bank valued at \$1,000,000.

Cuts Two Children Off With \$1 Estate Left to Widow

NEW YORK, Sept. 16.—The will of John C. Steuer, of 116 East Ninety-first Street, who died July 29, cuts off two of his six children with \$1 and stipulates that they shall not be buried in the family vault in the Lutheran Cemetery, or during their lifetime visit the Steuers home. If the other sons marry they too shall not be buried in the family plot, the will stipulates.

The will, executed March 5, 1914, says in part: "I direct that neither the body of my daughter, Emma Margaret Wilhelm, and that of my son, Charles, any shall be placed in my vault in Lutheran Cemetery, which vault and burial plot I gave and bequeathed to my children, Meta Madeline, John Frederick, John Christian, Matilda, and Charles Augustus. But should any of my said sons marry their bodies shall not be interred in said vault."

In a codicil, May 8, 1918 the testator says in part: "I direct that neither the body of my daughter, Emma Margaret Wilhelm, and that of my son, Charles, any shall be placed in my vault in Lutheran Cemetery, which vault and burial plot I gave and bequeathed to my children, Meta Madeline, John Frederick, John Christian, Matilda, and Charles Augustus. But should any of my said sons marry their bodies shall not be interred in said vault."

MAKE GETAWAY.

Police Constable Bettie reports that he was called to Somerset and Kitchener streets last night shortly after 9 o'clock to disperse disorderly boys but on his arrival the youngsters quickly departed from the place.
