

IT'S HARD TASK GETTING RID OF A STOWAWAY

Austrian Here Has Been Re-
fused at Several
Ports

When Joseph Beal was before the Police Court this morning on charge of being a stowaway on board the S. S. Hesperia a peculiar story came to light. When the vessel sailed from this port on May 3 last a stowaway was on board, who was discovered when the ship was a day out. This proved to be Joseph Beal, and as there was no way of sending him back they took him to South America, where the ship was bound. On arrival at South America, Captain Fulton tried to get rid of Beal, but the Immigration Department of South America would not allow him to be left in that country. The vessel then sailed for England, but Beal was not allowed to enter England either. The ship arrived here yesterday with Beal still on board. He was remanded in court this morning until the Immigration Department acts. It was said he could not remain in this country, as he is a native of Austria and not properly entered here.

TWO CONVICTED IN EXPLOSION CASE

William Skelly Guilty of Blast in
Barrie, Ont. Catholic
Church

Canadians Press
BARRIE, Ont., Oct. 15.—The jury in the case of Clare D. Lee, charged on four counts in connection with the explosion in St. Mary's Roman Catholic church here on June 10, last, last night returned a verdict of guilty on two counts, that of being an accessory before the fact, and of assisting William Skelly to escape. He was found not guilty on the other two counts of being a principal in causing the explosion and in placing the explosive. Lee is alleged to be a member of the Ku Klux Klan.

In the afternoon, William Skelly, also said to be a member of the Klan, was found guilty of four charges of causing the explosion. Both men will be sentenced at the conclusion of the trial.

The trial of William Butler on similar charges will begin this morning.

SENT UP FOR TRIAL
FREDERICTON, Oct. 15.—William Langley, of this city, charged with a serious offence, was sent up for trial this morning by Police Magistrate Limerick.

DOLLAR IMPROVES
NEW YORK, Oct. 15.—(Noun) Foreign exchange steady. Great Britain 48 1/8; France, 28 1/2; Italy, 40 1/2; Germany 23 1/2; Canada 40 1/2; U.S. 100.

PYTHIANS TO WOODSTOCK
FREDERICTON, Oct. 15.—Frederick Knights of Pythias will send a delegation of 80 members to Woodstock tonight for K. of P. activities.

WIFE AND CHILDREN.

BYERS—In sad but loving memory of our dear father and husband, Hansford J. Byers, who departed this life Oct. 15, 1925.

Gone but not forgotten.

WIFE AND FAMILY.

Woman, Grieving Over Loss of Husband, Walks Into Ocean

United Press
ATLANTIC CITY, N. J., Oct. 15.—Her eyes fixed on a patch of blue sky, her hand firmly grasping the sweater sleeve of her 9-year-old daughter Louise, Mrs. Eugene B. Wood, formerly of Pittsburgh, Penna., walked steadily into the surf of the deserted beach here yesterday.

"We are going to meet daddy," the mother said to the unwilling child.

Local News

RAHI RAHI RAHI!
The Fredericton High School team, with lusty cheer and with streaming ribbons, struck town today and will play Saint John High today and tomorrow.

TRAIN DELAYED.
Delay in the arrival of the Canadian Pacific train due here today from Montreal was caused by the derailment of a freight car at Delton Junction, about 25 miles east of Montreal on the Quebec division. It was said at the local headquarters of the company here, Dr. H. L. Britain, coming to consult the company's board on civic matters, is a passenger on the Montreal train.

MANY COMING HERE
F. MacLure Scandlers, commissioner of the Saint John Board of Trade, this morning received a telegram from Col. J. L. Began, Ottawa, secretary of the Canadian Board of Trade, stating that up to 10 o'clock this morning he received 80 reservations for the special train to be run from Montreal carrying delegates to the convention here next week, and that before Monday it was expected the number would be up to 100.

A SAD MESSAGE
Rev. B. D. Knott of this city, who recently came from Yarmouth, yesterday received an urgent request from the family of the late Ralph Cleveland, of Yarmouth, railway yardmaster, killed while at his work, to conduct the funeral service Sunday. Rev. Mr. Knott regrettably wired his inability to accede to the request, because of special plans in his new pastorate the coming autumn. It is understood Mr. Cleveland nearly lost his life in a similar manner a year ago, when he jumped off a shunting locomotive to assist in avoiding a collision between an automobile driven by one of the town's doctors, which was slipping down hill in the snow and approaching the train. On that occasion Mr. Cleveland was quite seriously injured. The accident on Thursday, which cost the man his life, was of almost exactly the same circumstances, a terrific collision on the part of the alert yardmaster.

Hunters From Far Off In New Brunswick

FREDERICTON, Oct. 15.—Another big game hunter from a far distant point, who is hunting big game in New Brunswick this autumn is P. H. Vickery, of New Zealand, who hunts with a guide, a Pennine guide, and a hunter from Honolulu came out of the woods a few days ago.

R. P. Pray, of Ottawa, engineer in the Road and Recreation Department of the Federal Department of the Interior arrived here last night to secure information for the rectification of road maps and other maps.

Eleven Seamen Drown In Storm Off Japan

TOKYO, Oct. 15.—Vernacular news despatches from Hakodate say a severe storm on Yotorofu Island, October 13, did heavy damage. Eleven seamen were drowned and a number injured. Six steamers and two motor boats were beached Yotorofu Island is a short distance due north of the Island of Kinkaido.

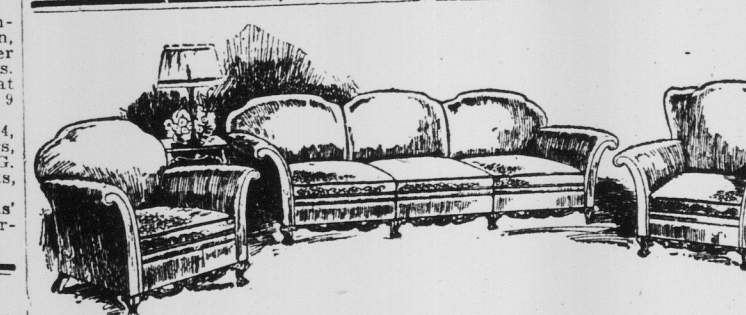

SLASH SEASON ENDS

FREDERICTON, Oct. 15.—Although the forest service has been busy with slash burning cannot take place legally without permits, no such action will be taken this year as conditions are such that there has been no danger of forest fires for many weeks because of heavy rainfall. The season expires today.

FAKE LICENSE PLATES

MONCTON, Oct. 15.—(Special)—Geo. H. Ingraham, provincial tax inspector of Saint John, arrived in the city last night on a trip of inspection of the district. Mr. Ingraham came here from Albert county where he had been hunting up violators of the Auto License Law who have been operating cars with fake 1926 license plates.

Living at Other's Expense.
(Frank E. Lutz, in Natural History.)
There is almost no backboned animal, including man, that does not live at the expense of other living things.

WINTER WORK AT ST. GEORGE'S BEGINS

Enthusiastic C. G. I. T. Meeting
Elects Officers and Makes
Plans

The first business and devotional meeting of the season of St. George's C. G. I. T. was held last evening. Election of officers resulted as follows: President, Alice Lee; vice president, Norma Perkins; secretary, Katherine Mitchell; treasurer, Bertha McIntyre. The groups were rearranged according to age and the leaders elected: 12-year-old group leader, Alice Thompson; 13-year-old group leader, Helen Ogilvie; 14-year-old group leader, Mrs. Jessie McVay (who is also the general convenor of all the groups); 15 and 16-year-old group leader, Mrs. John Unsworth.

Devotional exercises were conducted by Mrs. Unsworth, who gave an interesting talk on "The Bible."

In order to ensure the best results it was arranged that each weekly meeting of the C. G. I. T. should feature some special phase of the work instead of combining all the activities of the club in each meeting. Last evening Mrs. Unsworth was in charge. The amount paid by municipalities and the provincial government to the hospital for the treatment of indigent patients, Major Moncrieff said, should be raised to some point nearer the cost, the provincial grants should be increased, an amount should be payable for infants born in hospital to indigent patients, and the grant for public patients should not be cut off in every case, after 120 days of treatment.

The greatest difficulty experienced by hospitals today, Major Moncrieff declared, was in providing accommodation at reasonable rates for men of moderate means. The rich man, he said, paid more than his share, but the municipalities and provincial government, do not pay even a fair share of the cost of the indigent patients.

ADD UP YOUR RENT RECEIPTS?

How much have you paid for rent during the last ten years? Figure it up. If your rental has been thirty dollars a month you have spent \$3600.00 in ten years for shelter for your family.

If the same amount of money had been paid over in the form of installments on a home purchased, you would now have an important equity in a home of your own.

Money expended for rent is gone forever. Money paid for a home is yours. Every family ought to have a home of their own. The latter was in sympathy with the matter of bringing the N. B. road maps up to date, but funds were lacking.

ALL KINDS
Of winter clothing, furnishings and footwear for men and boys for less money at Bassen's, Ltd., 17-19 Charlotte street.

CHANGE IN WESTFIELD BUS SERVICE
Starting Monday October 18 the bus will make three round trips daily. Starting 11:30 a.m., 6:15 p.m. and 10:45 p.m. Saturday and Sunday bus will run on old schedule. Further information call M. 5725.

Infants' harettes made to order, terms reasonable, also Christmas gifts. Mrs. L. W. Dobson, 28 Leinster street.

All kinds of men's wear for less money at Hart's sale, 14 Charlotte St. 10-18

Road Matters In New Brunswick

W. E. Anderson, manager-secretary of the N. B. Tourist Association, who returned from Fredericton today, said that he had seen P. P. Bray, of Ottawa road engineer, had an interview with Hon. D. A. Stewart, Minister of Public Works. The latter was in sympathy with the matter of bringing the N. B. road maps up to date, but funds were lacking.

Hon. Mr. Stewart considered the scheme of numbering roads a superior one to the painting of bands on posts and other markings, as it was definite, and not confusing.

However, he was to give his official assent to the scheme as a matter of Government expense until the matter was discussed and a special appropriation made.

Mr. Anderson said today that another matter with which he feels the Government should grapple is the non-lighting of horse-drawn vehicles.

Gift To Babe Leads To Arrest of Man

WINNIPEG, Oct. 15.—The "generosity" of Steve Boyda has landed him behind the prison bars.

He had been employed as laborer on the farm of Fred Draht of Emerson, Man., and suddenly notified his employer that he was leaving. Before he departed, however, he presented the baby of the Draht family with a fifty-cent piece.

Mrs. Draht noticed that the coin bore a mark she had placed on some of her family savings. Investigation proved that the "nest egg" had disappeared.

Boyda confessed to the theft in court and was "sent down" for two years.

PERSONALS
Mrs. M. V. Paddock, of Saint John, who has been spending the last few days in Fredericton with Mr. and Mrs. John Black, returned home yesterday afternoon.

Mr. and Mrs. George H. Watson, West Saint John, arrived home this morning, after a pleasant visit to Mr. and Mrs. Charles Harding, Detroit, Mich., and also took in the world's baseball series.

Rev. Joseph B. Ward of Sussex, arrived from Boston and New York on the noon train.

Mr. and Mrs. Charles B. Watson and their children, Ronald and Barbara, returned at noon after a visit of several weeks in Boston, New York, Philadelphia, Washington and other U. S. cities.

Charles Powers, of the Powers Construction Co., accompanied by Mrs. Powers, arrived home from Boston and New York at noon.

ONE THIS MORNING.
One man appeared before the court this morning, charged with drunkenness and was fined \$8 or two months in jail.

CHICAGO, Ill., Oct. 15.—Hog cholera is decimating the extensive herds in Illinois, Iowa and Nebraska, and upsetting the provisions and corn market in Chicago and serum is not available in quantities sufficient to fight the epidemic, according to reports here today.

The swine are dying by the hundreds, as the disease spreads. The carcasses are being burned as rapidly as possible, but the herds of the disease are increasing. In Illinois where Dr. F. A. Laird, the state veterinarian termed the epidemic the most devastating the state has ever known, its spread was attributed to flood waters carrying filth and germs, birds flying from farm to farm, and even to germ carrying mosquitoes.

Laird, the state veterinarian termed the epidemic the most devastating the state has ever known, its spread was attributed to flood waters carrying filth and germs, birds flying from farm to farm, and even to germ carrying mosquitoes.

CHICAGO, Ill., Oct. 15.—Hog cholera is decimating the extensive herds in Illinois, Iowa and Nebraska, and upsetting the provisions and corn market in Chicago and serum is not available in quantities sufficient to fight the epidemic, according to reports here today.

The swine are dying by the hundreds, as the disease spreads. The carcasses are being burned as rapidly as possible, but the herds of the disease are increasing. In Illinois where Dr. F. A. Laird, the state veterinarian termed the epidemic the most devastating the state has ever known, its spread was attributed to flood waters carrying filth and germs, birds flying from farm to farm, and even to germ carrying mosquitoes.
