

WORK BEGINS FOR LARGE FAIR FOR ORPHANAGE

Same Committees Named
Last Night for Event in
September

It has been decided to hold a fair in September in aid of the New Brunswick Protestant Orphanage because of the seriousness of the situation with regard to the overdrift of the maintenance fund which now amounts to \$27,000. A largely attended meeting of representatives of various societies of the city was held last evening and organization of the fair was carried out. W. M. Campbell was chosen as chairman and other officers appointed were as follows: Vice-chairman, J. F. Kelly; secretary, J. E. Arthur, and treasurer, M. G. Adams.

It is planned to hold the fair in St. Andrew's rink to open some time about Sept. 22 and to run for ten days. A big effort will be made to wipe out the deficit and relieve the maintenance fund of the heavy burden of interest. Committees were named but were not completed as some of the societies had not yet appointed their delegates to the general committee and these names are to be added to the sub-committees.

Many new suggestions were before the meeting and plans were laid for having special attractions. A hope chest is being provided by the Pythian Sisters of the city, and the members are now at work making the articles to go in the chest.

An automobile drawing is to be another special attraction. It was decided that this had proved a most popular feature of the last fair.

THE SUB-COMMITTEES.

The various sub-committees are named last night were as follows:

Executive members, the officers and John Maxwell, J. F. Kelly, John W. Fillmore, W. W. Donohoe, William J. Smith, Thomas Pettie, finance committee, W. M. Campbell, J. F. Kelly, J. E. Arthur, M. G. Adams, J. E. Dinmore, W. P. Donohoe; house committee, John Maxwell, chairman, and all other members of the general committee; ticket committee, J. F. Kelly, chairman, H. M. Alexander, J. C. Powers, Bruce V. Weston, Bruce Erb, George Corbett, John Allan, Fred Dugg, Frank Gresson, George McKinney, Harry Needham, Walter Brown, John Donohoe, advertising committee, William M. Campbell, chairman, Walter Gold, George Erb, H. Usher Miller; games committee, John W. Fillmore, chairman, Clifford Price, George H. Lewis, Avaril Duffy, Fred Wilson, H. MacDonald, O. J. Dick, William Fillmore, H. Needham, Charles H. V. Wright, A. D. Duffy, George McQueen, Gordon Lawson, M. W. Parke, Robert J. Adams, William V. McKinney, Charles W. Carter, W. H. Price, F. S. E. MacFarlane, John Hursey, C. E. Logan, Harry Anderson, W. J. Smith, Roy Cameron, W. Fuller, R. J. Anderson, George Elliott, Burton Smith, James Garrick, H. Rowley, Howard Crabbe, Jarvis London, Joseph T. Christie, William Jones, J. M. B. Bain, J. Dewey; soliciting committee, George H. Lewis, chairman, J. H. Hamilton, with power to select other members; decoration committee, Harold E. Thompson and E. A. Darby; purchasing committee, W. W. Donohoe, chairman, J. E. Arthur, W. Fillmore, Clifford Price, Avaril Duffy; refreshment committee, W. J. Smith, chairman, with power to select other members; music committee, H. C. Powers, chairman, W. W. Donohoe, J. E. Arthur, J. F. Kelly, H. C. Green, C. G. Jones, A. Powe.

OFFICERS ELECTED

James L. Delay President of
Masons, Bricklayers and
Plasterers

The election of officers for the coming year and the appointment of George P. Hennessey as a delegate to the convention of the International Union of Masons, Bricklayers and Plasterers, to be held at Atlantic City during the first week of September, were the chief matters of interest which came before the meeting of the Saint John union last night in their headquarters at the Bank of Montreal building. Other routine business was attended to.

The election of officers resulted as follows: James L. Delay, president; John P. Reid, vice-president; Robert J. Sproul, financial secretary; William P. Sanderson, treasurer; Arthur Lucas, recording secretary, and George Peters, corresponding secretary.

Simple Way to Get Rid of Blackheads

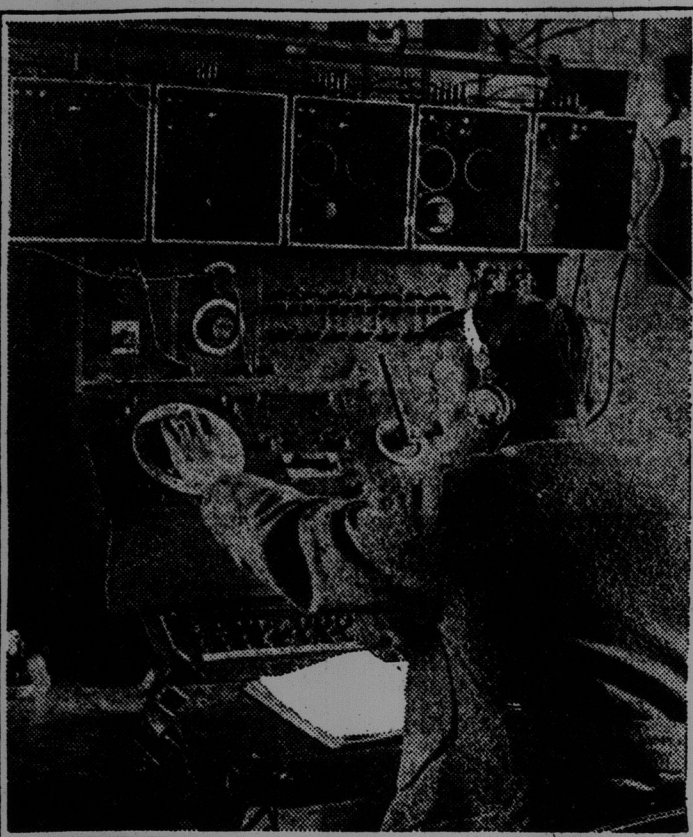

There is one simple, safe, and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the powder liberally—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are simply a mixture of dirt and dirt and secretions that form in the pores of the skin. The peroxide powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clear and in their natural condition.

Monctonian Freed In Amherst Case

AMHERST, N. S., July 5.—Daniel Wolfe of Moncton who collided with a car driven by Jack Woods of Amherst, on Thursday last had his preliminary examination here on Saturday night. Mrs. David Woods and her son Jack were both injured in the accident. Wolfe was charged with driving a car while drunk or intoxicated. The charge was dismissed although it is understood that the Woods' family are taking civil proceedings against the Monctonian.

A STEADY drinker died at the age of 94, proving that liquor will get you eventually.

RADIO, "TRAFFIC COP" OF THE AIR

Great Britain and Continental Europe are far advanced in passenger plane flying, and the operation of the great planes is a highly scientific basis. Radio plays an exceedingly important part in the operation of the planes, and has much to do with the safety of this modern means of transportation. Photo shows the radio telephone in use in the control tower of the Imperial Airways at Croydon, England.

MANY SALMON DIE IN RED HEAD POND

Unusual Water Conditions
Blamed For Recent Infection, is Said

Unusual water conditions, following upon the high spring freshets of this year, are held to be the cause of the death of many of the salmon placed in the brood pond at Red Head by the Federal Department of Marine and Fisheries. James Catt, district inspector of hatcheries for the Maritime Provinces, said yesterday afternoon that several of the brood salmon had become infected with some disease apparently caused by the insufficient quantity of salt water which has entered the brood pond since the freshets.

Mr. Catt further said that D. C. D. Duff, of the Biological Board of Canada, had inspected the salmon at the pond. The results of his inspection are not known as yet.

Since the discovery of the infection rampant among the salmon, Mr. Catt said that no fish had been purchased for the pond from fishermen for the past two weeks until yesterday.

Inspector remarked that the situation appears to be so well in hand and that he does not think that any further spreading of the infection would be caused among the salmon at the brood pond.

Weddings

Spencer-Thompson
The home of Mr. and Mrs. James Thompson, Chance Harbor, N. B., was the scene of a pretty wedding on Monday when their daughter, Grace Esther, was united in marriage to Eli Edwin Spencer, barrister at law of Moncton, Man. The ceremony took place at noon and was performed by Rev. C. T. Clark, of Fairville assisted by Rev. E. V. Buchanan, Chance Harbor. The bride was given in marriage by her father, while the wedding march was played by Mrs. George Thompson. The bride looked charming in a dress of grey georgette with hat to match. She carried a bouquet of Ophelia roses. After the ceremony a wedding luncheon was served following which the happy couple left by the Montreal train for Moncton, Man., where they will reside.

Crutchfield-Gross

MONCTON, N. B., June 6.—In the First Baptist Church yesterday afternoon at 4:30 o'clock Miss Alice R. Gross, only daughter of Mr. and Mrs. C. K. Gross, 149 Church street, this city, was united in marriage to Murray Bay, Quebec City and Montreal. The bride traveled in an attractive tweed suit of fawn and blue, with hat to match. After their wedding trip, Mr. and Mrs. Crutchfield will make their home at Drummondville, Que.

The bride, who is one of Moncton's most popular young ladies, was the recipient of many beautiful and handsome gifts and was also the guest of honor at several showers tendered her by friends.

Among the guests from out of town at the reception were John L. Peck, M. L. A., and Mrs. Peck, Mr. and Mrs. Allison Peck, Dr. John Lewis and Mrs. Lewis, of Hillsboro; Mrs. Alice Peck, Miss Annie Peck and W. L. Peck, of Hopewell Hill; Miss Estey and Miss Lou Estey, of Saint John; Miss Laird, of Charlottetown; Miss Alice Magee, of St. George; Miss Lusby, of Amherst; and Mrs. W. Cross, of Vancouver, B. C.

FINED \$200.

David Henderson was fined \$200 by Magistrate Henderson in the Police Court yesterday afternoon on a charge of having overstrength beer in his shop.

REGULATIONS RE RAW MILK ARE BEFORE BOARD

One Application to Sell Is
Received by Health
Authorities

The first application for a permit to sell raw milk, Grade A, under the recently announced regulations, was before the sub-district Board of Health monthly meeting yesterday afternoon, but no action was taken, as the applicant had not yet fulfilled the requirements.

There was some discussion regarding the passing of these regulations. In the absence of John Kelly, chairman, the meeting was presided over by Commissioner Wigmore. The Board appointed Lieut.-Col. W. H. Harrison as

its solicitor in the place of the late Dr. J. Roy Campbell.

T. M. Burns, secretary, reported the deaths during June had totaled 68 and notified diseases reported to the Board had been as follows: Scarlet fever, 22; typhoid, 1; measles, 2 and tuberculosis, 13. The department reports were very satisfactory.

ANTI-TUBERCULOSIS WORK.

Miss Alice P. Hegan, reporting on anti-tuberculosis work, said the total of cases under supervision had been 381, of whom 57 were new cases and 12 were former cases readmitted. There were 62 discharged and 51 of these were non-tuberculous and 12 died. The examination of the children applicants for the Lady Byng Camp had increased the attendance at clinics, making the total 116. Nurses' visits to patients numbered 888 and other work was recorded as follows: Receiving milk, 4; receiving medicine, 2; X-rays, 14; fluoroscopes, 23; sputum examinations, 5; cases reported to the Board of Health.

Miss Martina Wallace's report of the dental clinic showed that 84 patients attended 15 clinics, where 138 treatments were given, five cases were referred to a private dentist and two to the General Public Hospital, and 41 home calls were made by the nurses. For the pre-school age clinic Miss Wallace reported a total attendance of 14, at four clinics and 18 visits to homes.

Mrs. Marie Furlong-Coleman, food inspector, reported 422 visits during June, in which month she issued 75 milk permits and warned all storekeepers to cover candy and fruit with netting and to keep milk on ice during the hot weather.

Dr. T. Fred Johnston, dairy and food inspector, commented on the small amount of meat slaughtered, only 133 animals having been killed at the two slaughter houses during June. That month he said had been a very trying one for the milk men and there was much sour, grassy and gassy milk. Sixty-four cans of sour milk from King's county producers had to be separated and 22 of 8-gallon cans of milk, making 702 quarts after being given a sediment test were considered too dirty for human consumption and were dumped. Special notices were sent to the producers who had shipped dirty milk.

Dr. H. L. Abramson, provincial pathologist, submitted satisfactory reports on the city water supply.

CHILD WELFARE

The two recently appointed child welfare nurses of the sub-district Board of Health during the month of June made 600 visits and had supervision of 345 babies. In the previous month, which was the first on which the two nurses were on duty, 283 babies were visited and the total of visits was 464. Miss L. Richardson and Miss A. Mc-

Phall are carrying on this work and are conducting well baby clinics in the Health Centre, the North End and the West End.

The analysis of the visits made in June shows that 485 were educational and for giving instruction in proper methods. Ten visits were inspections of boarding houses where babies are sheltered; 20 visits were made in connection with the issuing of birth certificates and eight were investigations of deaths. During June there were 88 new babies listed for supervision and 44 were discharged, five had left the city and three had died.

The report of clinic work showed 11 clinics had been held during the month with 139 babies making a total of 210 attendances. At the clinics doctors examined 49 of the children. There were three referred to their own doctors for care and three referred to the General Public Hospital.

INCOME TAX MATTER.

John H. Robinson and Harold Taylor appeared before Magistrate Henderson in the Police Court yesterday afternoon on a charge of failing to make proper income tax returns. Their cases were postponed until next Monday afternoon.

"LIZZIE" KEEPS MUM

If smart sedans and limousines And silvered limousines Would henceforth choose to walk.

Touch a Corn

with this
amazing
liquid

"Gets-It"
acts like an anaesthetic—
stops pain in 3 seconds—

WORKS like magic on any kind of corn, no matter how old, where it is, how bad it hurts. One touch and the pain goes. Almost unbelievable. Then the corn shrivels up and goes. A scientific way that dancers, walkers, actors, doctors and millions use. Beware of imitations. Get the real "Gets-It" at drug stores. Costs only a few cents.
