Leonard Williamson Out in Boat Yesterday; Boat and Drifting Oar Found

What has become of Leonard Williamson? His parents at Williamson's wharf, up river, are greatly worried over his disappearance. He was last seen last evening about 6 o'clock in his rowboat about a mile below the wharf, and this morning the boat was found but no trace of its former occupant. An oar was found adrift nearby. He is about 18 years old. His father and mother are Mr. and Mrs. Samuel Williamson.

It was said today by his uncle, J. Fred Williamson, Indianan, who lives in the city, that a motor boat with a large spray top had been seen off the wharf, apparently in trouble, and it had been thought that he had come to the city in her, but this suggestion has been abandoned.

DOGS MUST BE KEPT ON THE LEASH

The proposed amendment to the city by-law which is to be discussed at this afternoon's meeting of the council provides that no dog shall be allowed on the public streets of the city from May 1 to Nov. 1, except under leash.

The necessity for this action has arisen from the fact the dogs have been causing considerable damage to public property and lately there have been complaints of dogs jumping at and worrying horses.

It is felt that anyone who has a dog worth keeping will not object to having it kept in their company and that the law will make it easier to weed out a lot of the ownerless curs.
