This remely is just what it purports to be,— a "remely for Dysoppola." Though containing no alcehol, get it to;!! extain it vertexes in any climate. It is highly concentrated, — a teaspoonful in half a tumbler of water constituting a dose. Among and the remedica ever discovered for these prevailing and obstinate complaints, there is near which ever urought such great and permanent cures, or which can produce so many and unexceptionable certificates from the recipients of its benefits. A single dose often unitigates the disease, and a permanent cure speedily follows.

From a highly respected Physician in Maine.

SOUTH PARIS, Me , Dec. 12, 1859. Messys, S. W. FOWLE & Co.,—Gentlemen: For several years past I have had a knowledge of the op-eration of the OXYGENATED BITTERS in some cases of Dyspepsia and General Debility. They have generally given satisfaction, an sometimes have effected a perma-nent cure where other remedies had been used without benefit. I do not he-state to recommend them. Respectfully yours

WILLIAM A. RUST, M. D.

Letter from Stearns Foster, Esq STODDARD, N. H., Sept. 30, 1 Messrs. SETH W. FOWLE & CO., — Gents.: I was, for many years, a great sufferer from Dyspersial or Wattennash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazelton, to misk use of the Onygerated Bitters. The first button the substitute of the Charles of the Onygerated by the recommendation of my physician, Dr. Hazelton, to misk use of the Onygerated by the distribution of the Onygerated by the original properties.

use of the ONYGENATED BITTERS. The first bottle-produced but a slight alteration in the disease, and had it not been for the urgent request of my physician I should then have discontinued their use, thinking them, to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen buttles, I had entirely regained my health. I hope afti-dyspeptic persons will be induced to give them a fir-trial, being confident that this remedy is the most po-tent, for the various forms of DYSPEPSIA, that has been produced. Yours,
