

### NEW CHURCH FOR ST. BARNABAS

OVER FOUR THOUSAND DOLLARS SUBSCRIBED

Encouraging Reports at Vestry Meeting—Officers of the Parish.

Twenty-six members of the congregation assembled in the school-room of St. Barnabas parish on Monday evening for the annual meeting of the vestry.

In his annual report the rector mentioned the importance of this meeting inasmuch as they were to consider and take action on the report of a special committee appointed in November last regarding the new church.

The report of the Sunday school showed total receipts amounting to \$123.15, expenses \$110.35, balance on hand, \$12.80.

The report of the working societies showed receipts amounting to \$28.70. With these funds they had paid rent of rectory, including water; made a donation of \$10 to piano fund, provided 11 cassocks and 2 surplices for choir.

A most thorough and interesting report was presented by A. Longfield, chairman of the new church committee.

The committee now consists of A. Longfield (chairman), A. M. Bannerman, W. P. Beavan, A. V. Elmihirst, H. E. Miles and Mrs. T. Watson.

The following is a complete list of subscriptions:

### MODERN METHODS OF MINING IN BOUNDARY

Labor Saving Devices at Plants of B. C. Copper Company.

The mines and smelters of the Boundary district have reached a stage of efficiency which is almost without parallel, says the Greenwood Times.

Members of the Canadian Mining Institute and their guests from various parts of the world who recently inspected the B. C. Copper Company's Greenwood properties were astounded not only at the magnitude of the operations but also at the small number of men required to do the work.

The plants of the B. C. Copper Company, both at their mines and at Greenwood, are the most modern of their kind.

In the Victoria theatre to-night there will be a patriotic rally under the auspices of the local branch of the Navy League.

A splendid programme of British songs has been arranged, and the vocalists will include Mrs. Melville Parry, Mrs. Duncan Campbell, J. G. Brown, George Billing, Harry Davis and Herbert Kent.

The complete programme, as prepared, is as follows:

- Song..... Sons of the Sea
- Address..... His Worship the Mayor.
- Song..... The Land of Hope and Glory
- Address..... Mrs. Melville Parry.
- Song..... Rule Britannia
- Address..... Capt. Clive Phillipps-Wolley.
- Song..... Rule Britannia
- Address..... George Billing (Accompanied by Capt. Crawford, R.N., and a Chorus of Bluejackets)
- Song..... William Blackmore.
- Address..... There's a King in the Land To-Day
- Address..... Harry Davis.
- Song..... Brothers of Jack Tar
- Address..... Mrs. Duncan Campbell.
- Song..... Red, White and Blue
- Address..... Hon. Richard McBride.

—H. Kersten, a jockey employed at the Willows track by R. Martin, was knocked down in the city on Tuesday by a passing automobile and sustained a fractured leg.

—The mining engineers of the Boundary district, specialists in the mining of big bodies of low grade ore, who have evolved these modern methods of mining, great credit is due for this phenomenal success in the art of science.

It would seem that the B. C. Copper Company has well-nigh reached perfection in the mining and smelting of such tonnage of ore as it has.

When one considers that 75 per cent. of the smelting charges goes for coke alone, and that it costs \$2.25 a ton to freight to bring it here from the Crow's Nest Pass, we can then see that the smelters owning their own coal mines and making their own coke right in the district, that \$2 copper-bearing ore will yet be treated at a profit in the Boundary country.

### ANTHRACITE COAL OPERATORS.

Conference in New York Postponed Until April 27th.

New York, April 21.—The meeting of the anthracite coal operators which was to have been in this city on Thursday of this week, has been postponed until Tuesday, April 27th.

—Mr. Justice Martin is recovering from his recent accident and hopes to get down from Cowichan to hold chambers to-morrow.

### SLOCAN MINE IS TO BE REOPENED

Preparations Being Made to Operate the Lucky Jim on Large Scale.

Kaslo, April 20.—Plans are being perfected to operate the Lucky Jim on a large scale. G. W. Loper, of the firm of Hemenway & Loper, who have acquired a lease on the property, is here arranging to start up as speedily as possible. It is proposed to ship about 200 tons a day if the K. & S. equipment can handle that, with the other mine tonnage, and make quick transfer here to Five Mile Point.

The tramway at the mine was damaged some the past winter, and men are now up there putting it in shape to bring down the ore.

Owing to the illness of its owner, Geo. W. Hughes, the Lucky Jim has been partially closed down for some months past, but prior to that a systematic plan of development was being carried on, under the supervision of A. J. Becker, with gratifying results.

Recent events have changed this, and changes appear to have also taken place in the grade of ore at the Lucky Jim as development work proceeded.

The zinc zone, it is stated, has been worked through and an extensive body of silver-lead ore cut into. This is of such a nature in extent that little difficulty will be had in shipping 200 tons daily from the mine for an indefinite period, without taking the zinc ore at all, but it is zinc that is to go out for the next few months, and it will go out lively too if transportation arrangements can be efficiently managed.

The lease of the present holders may develop into something more important if present expectations come up to anticipation.

### NAVY LEAGUE RALLY IN THEATRE TO-NIGHT

Programme of Speech and Song—Canada and the Imperial Navy.

In the Victoria theatre to-night there will be a patriotic rally under the auspices of the local branch of the Navy League.

A very pretty wedding was solemnized Wednesday at noon at St. John's church when Mr. Irving Archer and Miss Clara Beatrice Rolfe were united in marriage.

The groom, who for a long time has been in the employ of the Melrose Company, was supported by Mr. Victor Rolfe.

A very pretty feature of the wedding was the attendance of the scholars of the school, who were scattered in the aisle as she passed along and held a floral arch for her to pass under.

After a wedding breakfast at the home of the bride's mother, the happy couple left at four o'clock for the Sound, where the honeymoon will be spent.

### QANFA IS LOADING FREIGHT AT THIS PORT

Lumber and Whale Oil Going to United Kingdom and Fish to Orient.

Blue Funnel Line Qanfa is at the outer dock to-day loading freight for the Orient and Liverpool. She is taking 900 barrels of whale oil shipped by the Pacific Whaling Company, the first of this year's product; 35,000 feet of lumber from the Cameron Lumber Company, and nearly 1,000 cases of salmon, a small remnant left from last year.

The Qanfa will get away to-night or to-morrow morning. She is not carrying a very heavy cargo from the other ports in this neighborhood.

### STEARNS TWENTY-NINE KNOTS AN HOUR

Mauretania Sets New Record on Run of Two Hundred Miles.

Liverpool, April 20.—The Mauretania, which left for New York this morning, concluded the first portion of her trip, from Queenstown to the Skerries island, about 200 miles, in six hours and ten minutes. This works out to the very high speed of 29 knots an hour, a feat never before accomplished by an ocean liner.

### LACROSSE CLUB'S NEW PRESIDENT

ALEX. MONTEITH IS SELECTED FOR POST

Local League is Likely to Be Formed in Victoria.

The resignation of Foster MacGurn from the presidency of the Victoria Lacrosse Club necessitated an election Tuesday at the meeting of the club, when Alexander Monteith, well known in the sport circles here, as president of the Victoria West Athletic Club, was elected unanimously to fill the position.

The new president has always stood for a city lacrosse league in place of the old Victoria club being connected with the association in which the recent split has occurred, and from which Victoria has withdrawn.

At last night's meeting Leo Sweeney reported that the B.C.A.L.A. has joined the C.A.F., which is a professional institution, and for that reason he withdrew from the meeting at Westminster last Saturday.

There will probably be a junior league established in Victoria this year to consist of teams from Victoria, North, West, Central and South Park with an age limit of eighteen years.

A very pretty wedding was solemnized Wednesday at noon at St. John's church when Mr. Irving Archer and Miss Clara Beatrice Rolfe were united in marriage.

The groom, who for a long time has been in the employ of the Melrose Company, was supported by Mr. Victor Rolfe.

### PIONEERS SAY CITY HAS BROKEN TRUST

Resolution Passed Regarding Beacon Hill Bowling Green.

Breach of trust is charged against the city by the Pioneers' Association. The alleged breach consisted in the granting of permission for the erection of a club house and the use of a corner of Beacon Hill park by a bowling club.

The matter came up at the annual meeting of the association on Tuesday, when a resolution was adopted, proving of the efforts being made by Hon. J. S. Helmcken to prevent what he considers a violation of the deed of gift under which the property was presented to the city in perpetuity for park purposes, and expressing the opinion that in granting permission to the Pioneers' Association to construct a bowling-green the council was not acting in the best interests of the public.

The following officers were elected: President, Joseph Sommers; vice-president, W. Chambers; secretary, H. Dallas Helmcken, K. C.; treasurer, E. Pierson; physician, H. J. S. Helmcken; auditor, Richard Hall; directors, Noah Shakespeare, C. E. Redfern, W. O. Carter, James Muirhead, E. J. Wall, Wm. Harrison, John Robertson, Charles Hayward and Harry Ross.

A vote of thanks was tendered to the retiring secretary, Alan S. Graham, for the valuable services he has rendered the association during the many years he has been identified with it. Sympathy was expressed with him in his illness and hope for a speedy recovery.

George Jay, police magistrate, and George Duttall were elected members. It was decided to hold meetings every second Wednesday at the next meeting, after business has been disposed of, there will be a social evening.

### PREPARING WELCOME FOR JAPANESE SHIPS

San Francisco, Cal., April 21.—Army and navy officers are joining the city officials here in their preparations to-day for the reception of the Japanese training squadron, due to arrive here May 1st.

Rear-Admiral Swinburne, commanding the Pacific squadron, is taking an active part, and said to-day that if it were in his power the Japanese should be treated as well here as they treated the American sailors of the Atlantic fleet.

### DROPS CASE AGAINST RETURNING OFFICER

Brandon, Man., April 21.—Manitoba's attorney-general has abandoned the case against Ingram, returning re-ceiving officer in the last Dominion election who was arrested for entering a polling booth and slightly altering the list. Ingram was prepared to prove it was outrageous prostitution of powers of the crown for political purposes.

The weekly session of the Men's Own Social Club was held on Tuesday in the club room in the First Congregational church. An enjoyable time was spent and a series of readings from standard English and American authors were given.

### MAY APPLY FARES TO PURCHASE LOTS

Receipts to Be Given to Excursionists for Price of the Trip.

Now that the excursion to the Queen Charlotte Islands and Prince Rupert via the palatial steamer Princess Charlotte which leaves Victoria at 2 a. m. May 8th, is an assured success, the management of the Queen Charlotte Townsite Company announces that every purchaser of a ticket for this excursion will receive a receipt for \$30, which may be applied toward the first payment on any unsold lot in the townsite of Queen Charlotte or additions to same at the original prices already advertised. This receipt will be good until June 1st on presentation to any authorized agent of the Townsite Company. These receipts are not transferable. The purchase of real estate at Queen Charlotte, however, will be entirely optional, and no one will be annoyed by being canvassed. The object of the excursion is to show the customers and friends of the Townsite Company the goods and to show everyone what they are buying and that the sellers have resources to make Queen Charlotte a city in the near future. Everyone will join in appreciation of the methods of advertising and the fact that these same receipts are extended to the officers and crew, from the captain down, of the Princess Charlotte and the Princess Beatrice. It is also further officially announced that all lots in the townsite and additions will be advanced not less than 25 per cent. and up to 50 per cent. on and after June the 1st.

### VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT. Confined to His Home for Weeks.

Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician said an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Dr. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got Tax New Method Treatment. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$31 and never lose a day. I wish all sufferers knew of your valuable treatment.
