A FOX FARM.

Novel Industry Recently Established in Cape Breton.

The Sydney Post describes a unique industry recently established in Cape Breton. It is a fox farm, where it is proposed to breed and raise these valuable animals for their fur. At present the company has 20 valuable foxes, ten of which are pure black and the others are either of silver grey or the patch variety. They have every opportunity to develop in accordance with their nature. They are fed twice a day by the keeper, and are kept in the pink of condition. An idea of the possibilities

ahead of this industry may be gathered from the fact that black fox skins have been known in recent years to fetch the fabulous price of \$1,700. The animals are born as a rule in the month of May and come to maturity very quickly. The company will not do any killing until next year. If they realize their present expectations they will find themselves owners of a bonanza better than a gold mine.

MYSTERIOUS DISAPPEARANCE.

Market Merchant Haunted by Hoodoo, Loses a Lamb and a Four Dollar Bill.

There is a man who brings a large amount of produce to the country market who has had a run of hard luck lately and is anxious to locate the hoodoo. It was only last week that a four dollar bill he had in his possession disappeared and today a lamb disappeared from his stall. He has no idea how the four dollars got away, but is sure the lamb did not walk as it had been well butchered and properly dressed. The little lamb in question was hanging up on a hook when last seen by the owner. A still more curious thing, he has failed to locate the lamb and the most charitable disposed persons think that the lamb was taken by hoodoo. The owner, however, is anxious to get back his property.

CROPS ARE GOOD.

A gentleman who is well acquainted with the state of affairs along the river and in the lakes and tributaries, told the Star this morning that there never was a better outlook for big crops. Everything was showing up well, with the exception of highland hay, and the dry spell during the growing season had made that crop light. From the Grand Lake section he expected a particularly large crop of potatoes. In fact, this crop he said was particularly good all along the river.

THOS. M. McKELVIE DEAD

Veteran Agent of the B. and F. Bible Society for the Maritime Provinces Has Passed Away.

(Special to the Star.) MONCTON, N. B., July 26.—A telegram received this morning conveys the sad news of the death of Thomas M. McKelvie, which occurred at the residence of his daughter, Mrs. (Rev.) I. N. Parker, at Milford, N. S. last night of heart failure.

Deceased was sixty-eight years old and general agent of the British and Foreign Bible Society for the maritime provinces. He came from Scotland about fifty years ago and was first engaged in the mercantile business in Rockland, N. B., where he has resided ever since.

Mr. McKelvie was a prominent Presbyterian and was well known throughout the maritime provinces. In politics he was a strong Conservative. About thirty years ago he built a neat church near his home which he dedicated to the Presbyterian congregation. His remains will be brought home today and will be interred in the little cemetery adjoining the church where he worshipped so long. He leaves a widow and three children, Norman and Robert and Mrs. I. N. Parker.

Mrs. Catherine Cole, the aged mother of Edward Cole, the ferryman at Cole's Point died yesterday at the age of 80 years. Her funeral will be held tomorrow (Wednesday) at two p. m., the Rev. B. H. Thomas officiating.

MINE PRESIDENT ARRESTED.

C. G. Polley, of Imperial Coal Company Charged With Fraud.

C. G. Polley, president of the Imperial Coal Company, operating at Beersville, Kent county, was arrested at Moncton yesterday on a charge of fraudulently representing to Mrs. Sealey, of New York, that he and Isaac Purdy, another officer of the company, owned 51,000 shares of stock jointly in the Imperial Coal Company and that certificate of stock was deposited in some bank and thereby induced her to purchase 500 shares of stock at \$2 each.

He was taken before Police Magistrate Kay and the investigation was adjourned until Thursday next. He admitted to bail, himself in \$500 and two sureties in \$500 each.

The proceedings appear to be the outcome of some differences among the stockholders and officers of the Imperial Coal Company. Polley and his friends say the charge made is absurd.

ARTILLERYMEN ARRIVE.

First Detachment From Quebec Are Now at Fort Dufferin Getting Things Ready.

The advance party of the artillerymen for Fort Dufferin arrived this afternoon from Quebec on the maritime express. The party, which consists of a quarter-master sergeant and four men, proceeded immediately to Fort Dufferin, where this afternoon they are making preparations for the reception of the different shooting detachments, the first of which will arrive either on Friday or Saturday.

It now appears that the advance party would have been here last Friday, if they had not made a mistake. They were ordered from Sydney to St. John kept right on to Quebec. This necessitated them to retrace their ground and caused the delay.

DYE WORKS BURNED; LOSS \$50,000. PROVIDENCE, R. I., July 26.—The Turkey Red dye works at Belknap, five miles north of this city, were destroyed by fire this morning. The loss is conservatively estimated at \$50,000.

The flames originated in the can room in the west wing of the works and quickly spread throughout the plant. It took some time to get the fire under control, but by the use of volunteer firemen, in addition to buildings and machinery, which were valued at about \$100,000, a stock worth \$50,000 and owned by outside parties was destroyed. The Turkey Red dye works were established about fifty years ago and the first broadcloth made in America was woven in this shop.

A BIG POKER GAME.

BUTTE, Mont., July 25.—A poker game where the ante was \$500, where jack pots were opened for \$1,000 each, and in which three sevens took down a \$5,000 pot, was played in the room of an exclusive Butte hotel last night. Those who "sat in" and who continued to play, uninterrupted, for 30 hours, were F. A. Heine, the Montana copper king; W. Willison, proprietor of the hotel, and three other Butte millionaires.

COULD HAVE GOT IT CHEAPER.

It is said that one day when Roscoe Conkling was beginning to attain some measure of success he dropped into the office of Charles O'Connor of New York, then one of the leaders of the bar.

"What's the trouble?" asked the latter, as Conkling excitedly paced the floor.

"I've just been subjected to the worst insult I have ever received. This is the first time a client ever objected to my fee."

"You know I defended Gibbons for arson and put in some tremendous work for him. He was convicted at the trial, but we couldn't help it, and I took the case to the superior court and lost there, and then on to the supreme court and that affirmed the conviction, and he has been given ten years. Now my fee only amounted to \$3,000, and the scoundrel actually has the audacity to grumble about it, saying it's too high. What do you think of that for impudence?"

"Well," said O'Connor, slowly, "of course, you did a lot of work and \$3,000 is not a big fee; but, to be frank with you, Mr. Conkling, my opinion, founded on mature consideration, is that he might have been convicted for less money."—Success.

HALIFAX PRISONER'S DARING ESCAPE.

A man named Elliot, sentenced to jail for nine months for assault, escaped this morning about 11 o'clock. He had served six months. The turnkey was attending the gate at the time the prisoner made his escape. Elliot was working in the garden and watched his chance. For some time he had been making a rope from pieces of cord and other material found within the jail grounds, and had kept the rope hidden under ground until it was long enough, when he attached a harness to it. While the jailor was at the gate, he threw the end of the rope with the horseshoe over the limb of a tree just outside the fence and hoisted himself as high as the top of the fence and made his escape. The jail official saw him as he was leaving the fence. He has not yet been captured.—Halifax Mail
