A Winged Messenger.

A Winged Messenger. In the Midwinter Century George Kennan hes another of his Russian articles in which, after describing the means of intercommunication between political prisoners, he adds : It would be thought that human ingenuity could go no further is the contrivance of schemes 1: relieve the monotony of solitary confinement by a secret interchange of ideas and emotions with other prisoners, but in the fortress there were occasionally practiced metheds of intercommunication even more extra-ordinary than any of these.

on the bed now I should
