

SEEKING THE FLORENCE WILKIE NEXT MONTH

Great Interest Being Shown by Farmers in Second Annual Show.

AN OUTBREAK OF TYPHOID FEVER

Part of Carleton County Suffers from Disease Through Use of Water from Old Wells.

Hartland, N. B., Feb. 18.—The prize list for the second annual seed fair of the Simons, Wickford and Peop Agricultural Society, to be held at Florenceville on Tuesday, March 24, has just been issued and shows a liberal allowance made for exhibitors who are successful in the various competitions. Prizes will be awarded for seed in wheat, barley, oats, buckwheat, peas, beans, corn, clover, timothy, potatoes and onions. The fair is open to members of the society, and to members of all other agricultural societies in the County of Carleton who pay an entrance fee of twenty-five cents. All seeds entered for competition must have been grown by the exhibitor within one year previous to this exhibition.

The fair has the sympathy and support of both the provincial and Dominion departments of agriculture and the exhibits will be judged by S. J. Moore, maritime representative of the seed division. Last year's fair was quite successful and profitable and this second venture promises to be even better than the predecessor. The directors of the society are S. M. Fiske, president; Roy McCain, 1st vice-president; Lorne Simons, 2nd vice-president; W. A. Taylor, secretary-treasurer; Jas. Peters, J. C. Hunter, R. B. Hagerman, Thos. W. Caldwell, Burton Bell, Edward McCain, Holland Estey, Carey Estey.

These people are taking an interest in stock raising was evidenced here on Monday, when two six-month-old Durham calves (male and female) arrived here by express consigned to Wm. Robertson, of Waterville. They were purchased from a breeder in York County, are excellent types of their breed and will form a splendid foundation for a herd on this county.

In the vicinity of Victoria on Monday J. Alf. Bowser, who is connected with one of the government moose hunting crews, now working in this county, while inspecting a bunch of horns bushes standing near the road, came across three of the destructive brown tail pests. A close inspection of the district will follow in an effort to rid the farmers of this malignant foe.

On Monday morning fire broke out in the dwelling house of Wesley Lawson at Knowltonville and spread so rapidly that the entire structure was consumed with practically all its contents. Fortunately for Mr. Lawson he has an old house on the opposite side of the road, which at present is used as a granary, in which he and his family may resume housekeeping while a new dwelling is being erected. It is not known at this writing what insurance was carried by Mr. Lawson.

Miss Alice McIntosh, of Woodstock, has been here for a couple of days, the guest of Mrs. H. H. Hatfield. The severe cold weather has cut off the water supply for some of the villages above here and a considerable number have had to resort to old wells and abandoned springs, with the result that typhoid fever has broken out and several cases are already reported. A prominent of this place was working in one of these places has been attacked with the disease and was brought here Tuesday in pretty bad shape. So far the water in Hartland has not been seriously interfered with by the frost. Some few service pipes have been affected, but were speedily looked after. The water supply here is one of the best and purest to be found in the province.

BETTER PROTECTION FOR BETTER GANGWAYS

Hon. J. D. Hazen Issues Orders to Officials to this Effect - May have Nets.

As the result of correspondence which has been exchanged for some time, Mayor Frink has received a letter from Hon. J. D. Hazen stating that the officials of the Marine and Fisheries Department have been instructed to see that the gangways from steamers are, at all times safe. His Worship has been endeavoring for some time past to secure better protection for the men working at the winter port, and now were at the time suggested as a means of rendering the gangways less dangerous. It is felt that now that the Marine and Fisheries Department have undertaken this work, better protection will be provided.

He Couldn't Finish. "Fred, dear, why are some women called Amazons?" "Well, my dear, you remember our geographers said the Amazon has the largest mouth." "But she went out and slammed the door before he could say any more."

For Chapped, Blotchy, Red or Wrinkled Skin

Do you realize that just beneath that coarse, rough or discolored complexion there is an exquisitely beautiful skin of youthful tint and delicate texture? If you could only bring this complexion to the surface, discarding the old one! You can—and the easiest, simplest, most natural manner imaginable. Just get an ounce of ordinary mercurized wax at any drug store, apply nightly like cold cream, removing it mornings with warm water. The wax assists nature by gradually taking off the lingering particles of dead and half-dead surface skin, causing no discomfort whatever. Ordinarily it takes from a week to ten days to complete the transformation. Cutaneous defects like chaps, pimples, blotches, liver spots, moth patches, freckles, of course disappear with the old skin. Nothing else that I know of will accomplish such wonderful results in so short a time.

Fine lines and even the deeper wrinkles often appear at this season. In such cases nothing is better than a face bath made by dissolving one oz. powdered saxolite in one-half pint witch hazel. This is remarkably effective.

Sealed tenders will be received by the undersigned up to 12 o'clock, noon, Thursday, March 5th, for carpenter work, mason work, painting and glazing, heating and plumbing and iron work in connection with the erection of a Tuberculosis Hospital and Power House to be situated on Merritt street, St. John, N. B.

The lowest or any tender not necessarily accepted. Plans and specifications may be seen at the office of the undersigned.

Special to The Standard. Portland, Me., Feb. 19.—British Vice-Counsel John B. Upon receipt of the report the British Consul at St. John, Sir Cecil Spring-Rice sent the following letter to the Secretary of State at Washington: "I have the honor to inform you that I have received from the British Vice-counsel at Portland, Me., a despatch in which he incloses a detailed narrative of the local proceedings of the gallant and heroic services rendered by Lieut. Randolph Hildegar, Jr., the officers and crew of the U. S. revenue cutter Woodbury upon the occasion of their going in search of the British steamship Cobeguid on the rocks off Nova Scotia on January 13 and 14. The heroic display by these officers and men in carrying out their errand of mercy is highly appreciated in local British shipping circles, and I should be very grateful if you could see your way to convey to the authorities of the U. S. revenue cutter service the expression of my countrymen's gratitude and admiration for the noble work done by officers and men of the Woodbury on this occasion."

WEAKNESS AND PALPITATION OF THE HEART.

When the heart begins to beat irregularly, palpitated and throbs, skips beats, and sometimes seems to almost stop, it causes great anxiety and alarm.

Many people become weak, worn and miserable, and are unable to attend to either social, business or household duties. Milburn's Heart and Nerve Pills are a specific for all weakness and heart disorders, and are recommended by us with the greatest confidence that they will do what we claim for them.

Mrs. George Burridge, Cobcook, Ont., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart or nerve trouble."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
