UNITED FRUIT OF

Practical Socialism Popular Among Farmers and Fruit Men of Nova Scotia-Mid-

Kentville, N. S., June 26.—The United Fruit Companies of Nova Scotla, Limited held its meeting here yesterday. At all three sessions there was ample evidence that much of the talk heard during the last year in regard to the lack of stability of the co-operative body was "moonshine." While there was criticism and some keen debate it was plainly seen that the farmers and fruit growers as a whole are cognizant of the benefits brought to the valley by the organization and that in rei is a strong determination to still further centralize in the distribution of farm products and the purchase of farm supplies.

At a meeting of the directors at Berwick some three weeks ago the policy was decided upon of hereafter compelling companies which did not want to ship apples through the central organization to give notice before the first of August. Last season there was much inconvenience and loss because of the action of some of the companies.

It was generally known before the

ville Fruit Company, to the position. F. W. Bishop, of Paradise, was elected president and T. L. Harvey of Wolfville, vice-president. John Donaldson, of Port Williams and T. L. Harvey were the retiring members of the board of management. Mr. Harvey was reelected and C. W. MacKeen, of Kingsport, was also elected to the board. The general opinion seems to be that A. E. MacMahon will be reappointed general manager.

to do a Man's Work Give Him a Man's Razor!

His keenness to serve as a "Soldier of the Soil" is not the only sign that your boy is approaching manhood. Look at his chin and that "stiff" upper lip! He would have needed a razor even if he had stayed at home this summer—and in the vigorous outdoor life he's going to, he'll need it even more.

Give him a GILLETTE SAFETY RAZOR

-the one the older soldiers Overseas prefer, and millions of men at home

are using every morning.

He'll have no trouble in the world learning to shave with the Gillette, for at once he'll get the simple knack of the light grip and the angle stroke, and handle it safely—like a veteran. That, you may be sure, will mean much to his pride when he goes to live with strangers.

For a send-off worth while, then, give him—or send him—a Gillette Set. They cost \$5.00—and there's plenty of choice in styles at any good drug, jewelry or hardware store.
