## The Jaeger Sanitary Slippers

KEEP THE FEET WARM AND DRY.  
ALLOW EVAPORATION. PREVENT CHILL.

The temperature of the extremities exercises a most important influence on that of the whole body.

The Jaeger woollen cloth "upper," lined with porous undyed woollen material, maintains a comfortable, equal temperature, preventing excess of heat and protecting from chill and too rapid cooling.

The foot is, for the first time, enabled to breathe and to throw off those secretions which, when retained by an impervious covering, are a source of discomfort and ailments.

Everyone who desires health and comfort should make a trial of them.

### WEDDING BELLS.

#### SLOCUMB-SIMONSON.

Mr. W. M. Slocumb, who recently held a position as operator in the New Glasgow despatcher's office, was married on Dec. 18th, to Miss Marion Simonson, of Tusket, Yarmouth Co. Pastor H. G. Estabrook, of New Glasgow, the officiating clergyman, met the happy couple at Windsor Junction, where the marriage ceremony was quietly performed. Mr. and Mrs. Slocumb will reside at Pugwash, where Mr. Slocumb is in the employ of the I. C. R.—New Glasgow Chronicle.

#### CHRISTMAS CHECKERS—

##### "ON THE MOVE."

Eager players thronged Phillips' store all day Saturday and Monday. "Moves" were made for each of the squares. Numbers called for a "die." The boys played on the Reefers, while the men kept the Ulsters "moving." Ladies were very much interested in Dr. Jaeger's slippers, and a number of "moves" were made. Beginners came early, and made some good "moves" in warm gloves and caps, while a few "hit the bull's eye." The square of silk mufflers and handkerchiefs was crowded during the day and evening. Not a wrong "move" was made.

### A CHRISTMAS NUMBER.

From the standpoint of illustrations, the Canadian Magazine surpasses itself in its Christmas Number. This is an age of pictures, and the quality of those presented in this issue are sufficient to engender enthusiasm in the most sluggish of patriots. The reproductions of characteristic bits of "Canada's Scenic Splendours" are done in colours most effectively. The list of contents is just as commendable. There are special poems by Ethwyn Wetherald, Eve Brodigue, William Wilfred Campbell, Franklin Gadsby and Elizabeth Roberts Macdonald, all well-known singers. There are short stories by Virna Sheard, Arthur Stringer and Jane Fayer Taylor, all bright and characteristic. J. Macdonald Oxley writes a most interesting article on The Bank of Montreal, giving considerable attention to the circumstances of its foundation and its early history. Alfred Edmonds writes of "he Young I ain Japan," while John A. Ewan takes us to the other end of the world to see "Mrs Kruger at home." The coloured cover represents "Johnny Cannock's Christmas." As a souvenir to send abroad nothing could surpass the special issue of Canada's national publication.

### SOME OTHER TOWN.

Truro is issuing debentures to provide a domestic water service, and to purchase the electric light plant. —Windsor Journal.

Truro has long, long ago had one of the purest and best water supplies in the Province.

We have not yet authorized our city fathers to go tinkering with electric light plant. Until our sewerage system is completed we have given unpaid town Councillors more than their share of public work to do, without at present the work and annoyance of running an electric light plant.

### Rheumatic Warped Limbs

Mrs. H. Wills, Chesley, Ont., says:—"My boy was all crippled up with rheumatism. Although we doctored, he was in this way for about one year, and the pain was terrible. Reading of many cases where Dr. Chase's Kidney-Liver Pills had cured rheumatism, we got a box. Before they were half gone he began to improve and is now quite well. I am very glad to recommend them to others." One pill a dose, 25 cents a box.

### IN THE SUPREME COURT.

Fraser, Fraser & Co. are showing some new styles of handsome neckties for gentlemen. These new goods will make excellent presents—ladies, take this hint.

### A NEMESIS.

Nemesis, "The Goddess of Vengeance," constantly overtakes mankind for ill-treating the feet. Ignorance and carelessness, in this respect, are responsible for a great deal of unnecessary suffering—consult Phillips' advertisement on first page.

New Mixed Nuts 2 lb for 35cts, M. E. Bates.

A letter from East Indian Road has been received, but written in such an illegible manner, that we have no compositor with idle time enough on his hands to decipher it. Our correspondents must write plainly, if they wish to get their favours in our columns. We have time for everything but to puzzle over indistinct and microscopic handwriting.

### PIANO or ORGAN.

MISS TURNER having received a Teacher's Diploma from the Halifax Conservatory of Music is prepared to receive PUPILS FOR PIANO OR ORGAN. For further particulars and terms apply residence 5 Queen Street, Truro.

Windsor Tribune.—Little Miss Ruth Blanchard, the bright little daughter of Mr. John W. Blanchard, is ill with scarlet fever. Her father is staying with Mr. W. H. Blanchard, while his home is quarantined.—Miss Cora Keys, Gay's River, left Shubenacadie by the C. P. R. for the United States, on Dec. 11th.

The lecture last night at Zion Baptist church, by S. E. Gourley, was listened to with keen appreciation and was heartily applauded. The singing also was very spirited. Tonight is the last night of the Fair, and the ladies still have a large number of useful articles which they are very anxious to dispose of and hope to receive more of the patronage of the public. Mr. Israel Longworth will give an Address this evening.

We are indebted to Corporal Percy Blakemore of the Strathcona Horse, South Africa, for a mimeograph copy of a lengthy epistle entitled "A Parable," written by a member of the Canadian Mounted Rifles. It is a clever production, something after the style of the famous Segoula writings in Colchester, and is a complaint that John Bull has not treated volunteers from the Colonies, in the field, with the same consideration that the Imperial volunteers have been. We will give it to our readers just as soon as we can overtake the MSS from the heap piled up on our table at this busy season.

### A CANDY HORSE.

Mr. Rozee has on exhibition in the show window of his confectionery store, Inglis street, a piece of work in sugar, the equal of which has never been seen in Truro. This particular piece of candy work, represents an Arabian horse rearing up, and straining at his bridle, which is firmly held by his master, who stands at his side.

The modelling of these two figures which stand nearly two feet high, is splendidly executed, and is certainly a wonderful piece of candy making, which reflects credit on Mr. Rozee, who is an expert in the manufacture of confectionery of all kinds. All our readers should see this candy horse.

### PERT PERSONALS.

Helen Gould and Hetty Green pretty well offset each other.—Boston Herald.

Instead of getting into a shirt waist, the Prince of Wales is to wear a summer frock coat. There isn't much progress in Albert Edward.—St. Louis Post-Dispatch.

The Count de Castellane is said to be ambitious to set the fashion in men's attire. This proposition to shelve the Prince of Wales is nothing less than cold blooded.

Abdul Hamid, sultan of Turkey, sides with China in the present warm discussion. It is easy to understand just how the stories of the Peking massacres touch the heart of the despot whose Armenian subjects were butchered in wholesale quantities.
