LONDON.

ANALYSIS BY THE CELEBRATED PROFESSOR OF CHEMISTRY, ANDREW URE, M.D., F.R.S., ETC., ETC.

I hereby certify that, having examined Du Barry's Revalenta Arabica, I find it to be a pure vegetable Food, perfectly wholesome, easily digestible, likely to promote a healthy action of the stomach and bowels, and thereby to counteract dyspepsia, constipation, and their nervous consequences.

ANDREW URE, M.D., F.R.S., ETC.

PARIS.

I think in many cases this Food might with advantage take the place of all other substances. Its general adoption in the hospitals would be a great boon to the sick and gain to the establishments. All the drugs in the world are distanced by the restorative properties of this excellent Food, and if I had to choose, in case of any illness, between the help of any of our greatest medical celebrities and the use of the Revalenta, I would not hesitate a moment to prefer the latter, sure as I am of its (I may say) infallible results. I authorize you, gentlemen, for the public good, to make any use of this letter you think proper.

I have the honor, etc.,

DEDE, Professor of Chemistry.

BERLIN.

I have carefully watched the effect of Du Barry's Revalenta Arabica Food, and its remedial and restorative properties have gained my unqualified admiration. I recommend its use strongly as an admirable restorative of the digestive functions.

DR. MED. ANGELSTEIN.

BONN.

Du Barry's Food is one of the most excellent nourishing and restorative absorbents, and supersedes, in many cases, all kinds of medicines. It is particularly effective in digestion.

DR. RUD. WURZER,

Professor of Medicine, and Practical M.D.

GRAFTON, NEW SOUTH WALES.

What a great benefit Du Barry's Revalenta Arabica Food has conferred on those to whom I have recommended it. As an article of diet for infants and invalids it has exceeded my most sanguine expectations, and all that I can say is that I only hope that other medical men's attention may be drawn to it by this letter of mine, of which you may make any use you please, as I think it is conferring a vast benefit on the public to make the properties of Du Barry's Revalenta Arabica well known.

J. W. GÜNST, M.D.

FIFTY YEARS' invariable success with old and young, even in the most hopeless cases. **100,000** annual cures. Four times more nourishing than meat, and assimilating when all other food is rejected. **50** times its cost is saved in medicine. It also rears successfully the most delicate children from their birth.
