Mr. H. G. L. Strange,  
Searle Grain Co. Ltd.,  
Winnipeg, Man.

Dear Mr. Strange:

I was interested in reading today an article, which presumably is yours, in the Searle Grain Co. Market Letter, on "The Kind of Peace Needed."

I would be the last to utter an unfavourable word on the wisdom of wider and freer trade relations throughout the world. The total effect, though, of such relations can be exaggerated as other things are of quite unrealized importance.

Perhaps you read the productions of Mr. Peterson of Calgary. I am enclosing one herewith in case you have not seen it. With the general reasoning of this man I am in complete agreement.

Yours very truly,

AM/E.  
Encl.
