Bolton Summer Camp

Central Office 71 Grosvenor St.
Toronto

May 27th, 1929.

Right Honorable Arthur Meighen, K.C.,
Canadian General Securities, Ltd.,
National Building,
Toronto.

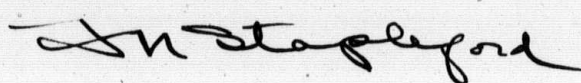

Dear Mr. Meighen:-

The Neighborhood Workers Association this year has a big programme on its hands. We believed that our friends and supporters would stand by us in the carefully thought out plans to increase the service that we are rendering to the needy and distressed. We have been greatly encouraged to find that our faith was justified. You are one of those who have stood by us in this critical year of our Association's history. May I say how much we appreciate this.

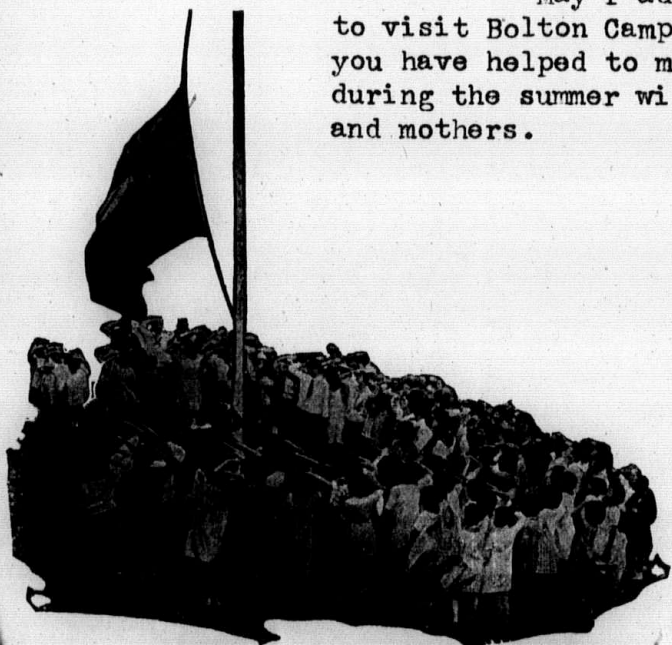

In acknowledging your contribution of \$50.00 we do so not in any formal way, but with a very real sense of appreciation. We know that you are using us as a vehicle in your desire to help the unfortunate. Your gift will help put in our hands the physical tools with which we can do better and more effective work.

May I add to this word of thanks a cordial invitation to visit Bolton Camp this summer, and see personally the work that you have helped to make possible. The Camp opens June 20th, and during the summer will give a twelve day outing to 4000 children and mothers.

Sincerely yours,

General Secretary.

Raising the Flag at Bolton Camp.
