

- Ovarian cysts, simple, resembling myoma, 497
 simulated by myoma, 111, 119, 495
 veins, thrombosed, after hysteromyomec-
 tomy, 222
 vessels, tearing of, during abdominal hystero-
 myomectomy, 621
- Ovary, abscess of, with myoma, 344, 637, 396,
 639
 adenocarcinoma of, with myoma, 348
 adenocystoma of, with uterine myoma, 346,
 396, 417
 alterations in location of, with myoma, 352
 carcinoma of, carcinoma of cervix with, 271
 of stomach with, 396
 primary, with myoma, 396
 condition of, with myoma, 337, 343, 395
 with myosarcoma of, uterus, 177
 corpus luteum cyst of, with myoma, 346
 cysts of, with myoma, 344
 dermoid cyst of, 349, 396
 effect of removal of, on myoma, 504, 505
 fibroma of, 351, 493
 gangrene of, following hysteromyomectomy,
 222
 Graafian follicle cysts of, with myoma, 344
 large, with myoma, 352
 merging of myoma into, 353
 multilocular cystadenoma of, with myoma,
 346, 396, 417
 operations on, during abdominal myomec-
 tomy, 525
 papillocystoma of, 346, 408, 498
 preservation of, in abdominal hysteromyo-
 mectomy, 594, 603
 removal of, after abdominal myomectomy,
 558
 during abdominal myomectomy, 526
- PAIN, abdominal, after myomectomy, 549
 with myoma, 376, 446, 448
- Pancreas, metastases in, from adenocarcinoma
 of uterus, 408
- Panhysterectomy for myoma, 593, 616
 for suspected myosarcoma, 180
- Papillocystoma of ovary with myoma, 346
 with myoma and adenocarcinoma of
 uterus, 408
- Parasitic myoma, 13
 abdominal walls affording blood-supply
 to, 51
 ascites associated with, 30, 31, 497
 bladder affording blood-supply to, 48, 49, 50
 etiology of, 14
 extruded from uterus and lying free in
 broad ligament, 39, 51
- Parasitic myoma, Fallopian tubes affording
 blood-supply to, 38
 free from uterus, 29, 39
 intestinal vessels affording blood-supply
 to, 41
 lymphatic activity in, 14
 mesenteric vessels, peritoneum, and ap-
 pendiceal adhesions affording blood-
 supply to, 39
 omental adhesions with, 15
 omental changes with, 13
 omentum affording part of blood-supply
 to, 16-30
 opening into bowel, 47
 into cecum, 45
- Parovarian cysts with myoma, 353
- Parovarium, alterations in, with myoma, 355
- Pear-shaped myoma, 4
- Pedunculated myoma, 1, 2, 521
 subperitoneal, abdominal myomectomy
 for, 508
 submucous myoma, 59, 61
 suppurating subperitoneal myoma, 139
- Pelvic abscess, anterior to myoma, 636
 evacuation of, after abdominal myomec-
 tomy, 559
 myoma associated with, 635
 floor, hemorrhage from vessels of, during
 abdominal hysteromyomectomy, 622
 infection after abdominal hysteromyomec-
 tomy, 662, 663, 664
- Pelvic lymph-glands, metastases in, from squa-
 mous-celled carcinoma of cervix, 399
- molds and myoma, 6
- peritonitis after abdominal myomectomy,
 552
 with abscess formation in myoma cases,
 344
- Pelvis, myoma filling, abdominal hysterectomy
 for, 631
 of kidney, dilatation of, with myoma, 397
- Pericardial lymph-glands, metastases in, from
 adenocarcinoma of uterus, 405
- Pericardium, metastases in, from myosarcoma
 of uterus, 176
- Perineum, repair of, during abdominal myo-
 mectomy, 527
- Peripancreatic lymph-glands, secondary sar-
 coma of, 234
- Perirectal abscess with myoma, 391
- Peritoneal cavity, large suppurating interstitial
 myoma opening into, 151
- Peritoneum affording blood-supply to para-
 sitic myoma, 39
 carcinoma of, secondary to adenocarcinoma
 of uterus, 405
