30. Planting Corn in rows and squares (an excellent variety of early Corn will be used.)

Material for either number twenty-five or number twenty-six experiments will be sent by express, and for the others it will be forwarded by mail.

Each person in Ontario who wishes to conduct an experiment and is willing to use great care and accuracy in the work and report the results of the test as soon as possible after harvest, should select the exact experiment desired and apply for the same at an early date. The material will be forwarded in the order in which the applications are received until the limited supply is exhausted. It might be well for each applicant to make a second choice for fear the first could not be granted.

A woman cries ten times wounded vanity where she cries out of really wounded feeling each one of the ten times doing good. Let your wounded vanity smart all that it will, for vanity is a kind of "proud flesh" of the soul that has to be treated with caustic every little while to prevent from becoming an excrescence which will disfigure the whole character.
